the mid-day meals, and return to resume work till evening. One day, a group of monkey arrived at the site of the building and watched the workers leaving for their mid-day meals. One of the carpenters was sawing a huge log of wood. Since, it was only half-done; he placed a wedge in between to prevent the log from closing up. He then went off along with the other workers for his meal. When all the workers were gone, the monkeys came down from the trees and started jumping around the site, and playing with the instruments.
