Watch on, as your little ones enjoy every minute of our fun sight word activity book for Kindergarten and upwards. With a little help from the elves, your child will get to practice over 50 essential sight words over 100 practice pages, with many from the Dolch word list. By learning to recognize these keywords on sight, children will be able to understand most sentences much faster and easier, whilst also improving their handwriting skills. For each word, there is a say, trace, write and finish the sentence section, along with a fun activity. We've also included a cut & paste section for each word, because we know how much children love cutting out and gluing. Plus, why not try out our one-sided, cut out flash cards - the ideal tool to help new readers whilst having fun, as they get to know the word through repetition, repeated exposure and practice. Our aim is to introduce these sight words as a support to the reading books your child will be bringing home from school. This book is suitable for children of all ages and learning abilities. What are sight words? Sight words are common words that appear very often in books and written text. As they don't always follow English phonic rules, sight words are designed to be identified at first sight and then memorized. When children learn their sight words, you will find their reading will improve and increase in speed. What you'll find in our activity book All children (and adults!) love that magical time of year - Christmas! So, to add a bit of fun to your child's learning, we've persuaded some elves to present to you this Sight Words Activity Book. We have included over 100 practice pages, covering over 50 sight words, many from the Dolch word list. Say, trace and write: For each word there is a say, trace and write section. Finish the sentence: Using the sight word, finish the sentence and then color the picture. Write your own sentence: We have also included some writing lines where your child can write their own sentence for the chosen sight word. Fun activity: There is a fun activity for each sight word which varies throughout the book to keep little ones interested. Cut out and glue: Get creative with the cut and glue section. At the bottom of each sight word page, we have included cut out letters for your child to cut out and glue into the space provided to finish the sentence. Flash cards: Studies have proven that flash cards can aid children in learning their sight words through repetition. After the practice pages, cut out the single-sided sight words included in this book, and let the fun carry on. Scan the pages before cutting out and they are perfect for playing pairs, or why not try going on a sight word hunt? Children love going on Easter egg hunts or treasure hunts, so why not try out a sight word hunt? After cutting out all the sight words, hide them around the house or garden, and every time your child finds one, read the word together, spell it and read it again. You can even give a little prize for finding all the words. Certificate: Children love to be rewarded for their hard work, and will jump for joy when they find this workbook also includes a personalised certificate! Reproducible pages and flash cards: You can use the book as it is, or scan/photocopy any pages for multiple use (great for schools!) A4: The perfect size! Good luck and enjoy!
