Agamben and the Signature of Astrology Paul Colilli 2015-10-16 The work of Giorgio Agamben, one of the world's most important living philosophers, has been the object of much scrutiny. Yet, there is one dimension of his thought that remains unexamined by scholars: the presence of the ancient science of astrology in his writings. This book, the first of its kind, identifies the astrological elements and explains the implications of their usage by Agamben. In so doing, this study challenges us to imagine Agamben's thought in a radically new light. A critical account of the presence of astrology and related themes in Agamben's writings, ranging from the earlier works to the more recent publications, illustrates that the astrological signature constitutes a mode of philosophical archaeology that allows for an enhanced understanding of concepts that are central to his works, such as potentiality, the signature, bare life and biopolitics.

**Spatial and Temporal Dimensions for Legal History** Massimo Meccarelli 2016-07-01 <http://dx.doi.org/10.12946/gplh6><http://www.epubli.de/shop/buch/53894>"The spatiotemporal conjunction is a fundamental aspect of the juridical reflection on the historicity of law. Despite the fact that it seems to represent an issue directly connected with the question of where legal history is heading today, it still has not been the object of a focused inquiry. Against this background, the book's proposal consists in rethinking key confluences related to this problem in order to provide coordinates for a collective understanding and dialogue. The aim of this volume, however, is not to offer abstract methodological considerations, but rather to rely both on concrete studies, out of which a reflection on this conjunction emerges, as well as on the reconstruction of certain research lines featuring a spatiotemporal component. This analytical approach makes a contribution by providing some suggestions for the employment of space and time as coordinates for legal history. Indeed, contrary to those historiographical attitudes reflecting a monistic conception of space and time (as well as a Eurocentric approach), the book emphasises the need for a delocalized global perspective. In general terms, the essays collected in this book intend to take into account the multiplicity of the spatiotemporal confines, the flexibility of those instruments that serve to create chronologies and scenarios, as well as certain processes of adaptation of law to different times and into different spaces. The spatiotemporal dynamism enables historians not only to detect new perspectives and dimensions in foregone themes, but also to achieve new and compelling interpretations of legal history. As far as the relationship between space and law is concerned, the book analyses experiences in which space operates as a determining factor of law, e.g. in terms of a field of action for law. Moreover, it outlines the attempted scales of spatiality in order to develop legal historical research. With reference to the connection between time and law, the volume sketches the possibility of considering the factor of time, not just as a descriptive tool, but as an ascriptive moment (quasi an inner feature) of a legal problem, thus making it possible to appreciate the synchronic aspects of the 'juridical experience'. As a whole, the volume aims to present spatiotemporality as a challenge for legal history. Indeed, reassessing the value of the spatiotemporal coordinates for legal history implies thinking through both the thematic and methodological boundaries of the discipline."

**The Complete Danteworlds** Guy P. Raffa 2009-08-01 Dante Alighieri's *Divine Comedy* has, despite its enormous popularity and importance, often stymied readers with its multitudinous characters, references, and themes. But until the publication in 2007 of Guy Raffa's guide to the *Inferno*, students lacked a suitable resource to help them navigate Dante's underworld. With this new guide to the entire *Divine Comedy*, Raffa provides readers—experts in the Middle Ages and Renaissance, Dante neophytes, and everyone in between—with a map of the entire poem, from the lowest circle of Hell to the highest sphere of Paradise. Based on Raffa's original research and his many years of teaching the poem to undergraduates, *The Complete Danteworlds* charts a simultaneously geographical and textual journey, canto by canto, region by region, adhering closely to the path taken by Dante himself through Hell,

Purgatory, and Paradise. This invaluable reference also features study questions, illustrations of the realms, and regional summaries. Interpreting Dante's poem and his sources, Raffa fashions detailed entries on each character encountered as well as on many significant historical, religious, and cultural allusions.

*The Renewal of Pagan Antiquity* Aby Warburg 1999 A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

*Dosso's Fate* Dosso Dossi 1998 Dosso Dossi has long been considered one of Renaissance Italy's most intriguing artists. Although a wealth of documents chronicles his life, he remains, in many ways, an enigma, and his art continues to be as elusive as it is compelling. In *Dosso's Fate*, leading scholars from a wide range of disciplines examine the social, intellectual, and historical contexts of his art, focusing on the development of new genres of painting, questions of style and chronology, the influence of courtly culture, and the work of his collaborators, as well as his visual and literary sources and his painting technique. The result is an important and original contribution not only to literature on Dosso Dossi but also to the study of cultural history in early modern Italy.

A Fortune-Teller Told Me Tiziano Terzani 2010-02-17 Warned by a Hong Kong fortune-teller not to risk flying for a whole year, Tiziano Terzani — a vastly experienced Asia correspondent — took what he called “the first step into an unknown world. . . . It turned out to be one of the most extraordinary years I have ever spent: I was marked for death, and instead I was reborn.” Traveling by foot, boat, bus, car, and train, he visited Burma, Thailand, Laos, Cambodia, Vietnam, China, Mongolia, Japan, Indonesia, Singapore, and Malaysia. Geography expanded under his feet. He consulted soothsayers, sorcerers, and shamans and received much advice — some wise, some otherwise — about his future. With time to think, he learned to understand, respect, and fear for older ways of life and beliefs now threatened by the crasser forms of Western modernity. He rediscovered a place he had been reporting on for decades. And it reinvigorated him. The result is an immensely engaging, insightful, and idiosyncratic journey, filled with unexpected delights and strange encounters. A bestseller and major prizewinner in Italy, *A Fortune-Teller Told Me* is a powerful warning against the new missionaries of materialism.

**India Notes** Raghu Rai 2007 Raghu Rai is one of the greatest Indian photographers. Impressed by an exhibition of his work, Cartier-Bresson nominated him to join Magnum in 1977. In *India Notes*, Rai shares his vision of India, documenting its excesses and contrasts. These striking images are supported by Terzani's text - lyrical odes to a beloved country, which he has learnt to know intimately. Terzani was the Asia correspondent for *Der Spiegel*

for 30 years. He is also the author of numerous books, including *A Fortune-Teller Told Me: Earthbound travels in the Far East*, published by Flamingo in the UK.

*White as Silence, Red as Song* Alessandro D'Avenia 2018-09-04 Hailed as Italy's *The Fault in Our Stars*, this Italian bestseller is now available for the first time in English. "I was born on the first day of school, and I grew up and old in just two hundred days . . ." Sixteen-year-old Leo has a way with words, but he doesn't know it yet. And so Leo is inspired to win over the red-haired beauty Beatrice. She doesn't know Leo exists, but he's convinced that his dream will come true. When Leo lands in the hospital and learns that Beatrice has been admitted too, his mission to be there for her will send him on a thrilling but heartbreaking journey. He wants to help her but doesn't know how—and his dream of love will force him to grow up fast. Having already sold over a million copies, Alessandro D'Avenia's debut novel is considered Italy's *The Fault in Our Stars*. Now available in English for the first time, this rich, funny, and heartwarming coming-of-age tale asks us to explore the meaning—and the cost—of friendship, and shows us what happens when suffering bursts into the world of teenagers and renders the world of adults speechless.

**The Diary of a Submissive** Sophie Morgan 2012 Sophie Morgan is an independent woman in her thirties with a successful journalism career. Intelligent, witty and sarcastic, she could be the girl next door. Except that Sophie is a submissive; in the bedroom she likes to relinquish her power and personal freedom to a dominant man for their mutual pleasure. In the wake of *Fifty Shades of Grey*, here is a memoir that offers the real story of what it means to be a submissive, following Sophie's story as she progresses from her early erotic experiences through to experimenting with her newfound, awakened sexuality. From the endorphin rush of her first spanking right through to punishments the likes of which she couldn't begin to imagine, she explains in frank and explicit fashion the road she travels. But it isn't until she meets James that her boundaries are really pushed. As her relationship with him travels into darker and darker places the question becomes- where will it end? Can she reconcile her sexuality with the rest of her life and is it possible for the perfect man to also be perfectly cruel? Racy, controversial, but always warm, fun and astoundingly honest this is a fascinating and thought provoking look at a seemingly paradoxical side to human nature and sexuality that no man or woman will be able to put down.

*King Solomon's Ring* Konrad Lorenz 2003-08-27 Solomon, the legend goes, had a magic ring which enabled him to speak to the animals in their own language. Konrad Lorenz was gifted with a similar power of understanding the animal world. He was that rare beast, a brilliant scientist who could write (and indeed draw) beautifully. He did more than any other person to establish and popularize the study of how animals behave, receiving a Nobel Prize for his work. *King Solomon's Ring*, the book which brought him worldwide recognition, is a delightful treasury of observations and insights into the lives of all sorts of creatures, from jackdaws and water-shrews to dogs, cats and even wolves. Charmingly illustrated by Lorenz himself, this book is a wonderfully written introduction to the world of our furred and feathered friends, a world which often provides an uncanny resemblance to our own. A must for any animal-lover!

**The Imagined Immigrant** Ilaria Serra 2009 Using original sources--such as newspaper articles, silent movies, letters, autobiographies, and interviews--Ilaria Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of *immaginario* with the Latin *imago* that felicitously blends the double English translation of the word as "imagery" and "imaginary." *Imago* is a complex knot of collective representations of the immigrant subject, a mental production that finds concrete expression; impalpable, yet real. The "imagined immigrant" walks alongside the real one in flesh and rags.

**Classical and Christian Ideas of World Harmony** Leo Spitzer 2021-09 This uniquely fascinating volume is not merely a learned treatise in historical semantics; it is itself a stupendous display of world harmony as a creed—a vivid demonstration that "all is all."

**The Man Who Watched the Trains Go By** Georges Simenon 2017-10-17 "One of the greatest writers of the twentieth century . . . Simenon was unequalled at making us look inside, though the ability was masked by his brilliance at absorbing us obsessively in his stories." —The Guardian In this Georges Simenon classic, a Dutch clerk flees to Paris with his crooked boss's money and meets the woman behind the man "A certain furtive, almost shameful emotion . . . disturbed him whenever he saw a train go by, a night train especially, its blinds drawn down on the mystery of its passengers." Kees Poppinga is a respectable Dutch citizen and family man—until the day he discovers his boss has bankrupted the shipping firm he works for, and something snaps. Kees used to watch the trains go by on their way to exciting destinations. Now, on some dark impulse, he boards one at random, and begins a new life of recklessness and violence. *The Man Who Watched the Trains Go By* is a chilling portrayal of a man who breaks from society and goes on the run asks who we are, and what

we are capable of.

*Lecture Notes in Cosmology* Oliver Piattella 2018-07-21 Cosmology has become a very active research field in the last decades thanks to the impressive improvement of our observational techniques which have led to landmark discoveries such as the accelerated expansion of the universe, and have put physicists in front of new mysteries to unveil, such as the quest after the nature of dark matter and dark energy. These notes offer an approach to cosmology, covering fundamental topics in the field: the expansion of the universe, the thermal history, the evolution of small cosmological perturbations and the anisotropies in the cosmic microwave background radiation. Some extra topics are presented in the penultimate chapter and some standard results of physics and mathematics are available in the last chapter in order to provide a self-contained treatment. These notes offer an in-depth account of the above-mentioned topics and are aimed to graduate students who want to build an expertise in cosmology.

**Call the Nurse** Mary J. MacLeod 2013-04-04 Tired of the pace and noise of life near London and longing for a better place to raise their young children, Mary J. MacLeod and her husband encountered their dream while vacationing on a remote island in the Scottish Hebrides. Enthralled by its windswept beauty, they soon were the proud owners of a near-derelict croft house—a farmer’s stone cottage—on “a small acre” of land. Mary assumed duties as the island’s district nurse. Call the Nurse is her account of the enchanted years she and her family spent there, coming to know its folk as both patients and friends. In anecdotes that are by turns funny, sad, moving, and tragic, she recalls them all, the crofters and their laird, the boatmen and tradesmen, young lovers and forbidding churchmen. Against the old-fashioned island culture and the grandeur of mountain and sea unfold indelible stories: a young woman carried through snow for airlift to the hospital; a rescue by boat; the marriage of a gentle giant and the island beauty; a ghostly encounter; the shocking discovery of a woman in chains; the flames of a heather fire at night; an unexploded bomb from World War II; and the joyful, tipsy celebration of a ceilidh. Gaelic fortitude meets a nurse’s compassion in these wonderful true stories from rural Scotland.

**Acoustemologies in Contact** Emily Wilbourne 2021-01-19 In this fascinating collection of essays, an international group of scholars explores the sonic consequences of transcultural contact in the early modern period. They examine how cultural configurations of sound impacted communication, comprehension, and the categorisation of people. Addressing questions of identity, difference, sound, and subjectivity in global early modernity, these authors share the conviction that the body itself is the most intimate of contact zones, and that the culturally contingent systems by which sounds made sense could be foreign to early modern listeners and to present day scholars. Drawing on a global range of archival evidence—from New France and New Spain, to the slave ships of the Middle Passage, to China, Europe, and the Mediterranean court environment—this collection challenges the privileged position of European acoustical practices within the discipline of global-historical musicology. The discussion of Black and non-European experiences demonstrates how the production of ‘the canon’ in the cosmopolitan centres of colonial empires was underpinned by processes of human exploitation and extraction of resources. As such, this text is a timely response to calls within the discipline to decolonise music history and to contextualise the canonical works of the European past. This volume is accessible to a wide and interdisciplinary audience, not only within musicology, but also to those interested in early

modern global history, sound studies, race, and slavery.

The Day After Roswell Philip Corso 2012-12-11 Since 1947, the mysterious crash of an unidentified aircraft at Roswell, New Mexico, has fueled a firestorm of speculation and controversy with no conclusive evidence of its extraterrestrial origin -- until now. Colonel Philip J. Corso (Ret.), a member of President Eisenhower's National Security Council and former head of the Foreign Technology Desk at the U.S. Army's Research & Development department, has come forward to tell the whole explosive story. Backed by documents newly declassified through the Freedom of Information Act, Colonel Corso reveals for the first time his personal stewardship of alien artifacts from the crash, and discloses the U.S. government's astonishing role in the Roswell incident: what was found, the cover-up, and how these alien artifacts changed the course of 20th century history.

**The House of Others** Silvio D'Arzo 1995 The illegitimate son of a fortune teller, Ezio Comparoni (1920-52) never knew his father, rarely left his home town, and admitted no one to his home. His deliberate obscurity was compounded by his use of many pseudonyms, including Silvio d'Arzo, under which he wrote the remarkable novella and three stories collected in *The House of Others*. The novella *The House of Others* is among the rare perfect works of twentieth century fiction. In a desolate mountain village an old woman visits the parish priest, ostensibly to ask about dissolving a marriage. Gradually, as she probes for information on "special cases"--cases in which what is obviously wrong can also be irrefutably right--it becomes clear her true question is whether or not she might take her own life. The question is metaphysical, involving not only the woman's life but the priest's; and to it he has no answer.

**Telephone Tales** Gianni Rodari 2020-09-08 Reminiscent of Scheherazade and *One Thousand and One Nights*, Gianni Rodari's *Telephone Tales* is many stories within a story. Every night, a traveling father must finish a bedtime story in the time that a single coin will buy. One

night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th century. Newly re-illustrated by Italian artist Valerio Vidali (*The Forest*), *Telephone Tales* entertains, while questioning and imagining other worlds.

**The Dalai Lama's Cat and the Art of Purring** David Michie 2013-11-28 "What makes you purr? Of all the questions in the world, this is the most important. . . . Because no matter whether you are a playful kitten or sedentary senior, whether you're a scrawny alley Tom, or sleek-coated uptown girl, whatever your circumstances you just want to be happy. Not the kind of happy that comes and goes like a can of flaked tuna, but an enduring happiness. The deep down happiness that makes you purr from the heart." His Holiness's cat is back—older, a bit wiser, and as curious as ever. In this book, the Dalai Lama sets for his lovable feline companion the task of investigating *The Art of Purring*. Whether it's the humorous insights gained from a visiting Ivy League Psychology Professor, the extraordinary research of a world-famous biologist, or the life-changing revelations of a mystical yogi, His Holiness's Cat encounters a wealth of wisdom about happiness. And what she discovers changes the way she sees herself forever. With a much loved—and growing—cast of characters from the local community and His Holiness's residence, as well as encounters with intriguing strangers and celebrities from far and wide, *The Dalai Lama's Cat and the Art of Purring* will transport readers in another unforgettable story. Along the way they will come to understand how elements of contemporary science and Buddhism converge. And, once again, they will feel the warmth of compassion and nonattachment that radiate from the heart of the Dalai Lama's teachings about our quest for enduring happiness.

*Imperial City* Susan Vandiver Nicassio 2009-10-15 In 1798, the armies of the French Revolution tried to transform Rome from the capital of the Papal States to a Jacobin Republic. For the next two decades, Rome was the subject of power struggles between the forces of the Empire and the Papacy, while Romans endured the unsuccessful efforts of Napoleon's best and brightest to pull the ancient city into the modern world. Against this historical backdrop, Nicassio weaves together an absorbing social, cultural, and political history of Rome and its people. Based on primary sources and incorporating two centuries of Italian, French, and international research, her work reveals what life was like for Romans in the age of Napoleon. "A remarkable book that wonderfully vivifies an understudied era in the history of Rome. . . . This book will engage anyone interested in early modern cities, the relationship between religion and daily life, and the history of the city of Rome."—*Journal of Modern History* "An engaging account of Tosca's Rome. . . . Nicassio provides a fluent introduction to

her subject.”—History Today “Meticulously researched, drawing on a host of original manuscripts, memoirs, personal letters, and secondary sources, enabling [Nicassio] to bring her story to life.”—History

**La Secchia Rapita** Alessandro Tassoni 1827

**Science in the Kitchen and the Art of Eating Well** Pellegrino Artusi 2003-12-27 First published in 1891, Pellegrino Artusi's *La scienza in cucina e l'arte di mangiar bene* has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 790. And while this figure has not changed, the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor - humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.
