Solsticio José Carlos Llop 2014-02-06 Todos los veranos, a principios de los 60, un Simca color cereza recogía a la familia y se iniciaba el viaje ritual hacia el paraíso. El destino: una batería militar situada en una zona alejada y solitaria de la costa mallorquina. Así arranca Solsticio, con una escritura solar como el mismo verano, que atraviesa la infancia y la convierte en una meditación mediterránea de gran belleza. Las pequeñas historias y las liturgias cotidianas de entonces adquieren aquí una intensidad mágica: el baño en calas vírgenes; los paseos por la montaña; la presencia bíblica de las cabras; las lecturas; la fortificación militar; la observación de las estrellas... Y detrás de todo eso, una manera de entender la isla y una forma de vida ya desaparecidas.

*Las tribulaciones de una familia decente* Mariano Azuela 1966 "A fascinating if imperfect portrait of an aristocratic conservative family during the Mexican Revolution, written by a former revolutionary soldier. The first part, detailing the family's evacuation in the face of revolutionary forces by the youngest son, a weak-willed milksop, is a little too mean, and the second part, about the patriarch learning the value of hard work, is a little too nice. Still, there's a lot of good stuff here, Azuela combines an understandable political enthusiasm with impressive structural and narrative complexity."--Introduction

*The Library of Babel* Jorge Luis Borges 2000 "Not many living artists would be sufficiently brave or inspired to attempt reflecting in art what Borges constructs in words. But the detailed, evocative etchings by Erik Desmazieres provide a perfect counterpoint to the visionary prose. Like Borges, Desmazieres has created his own universe, his own definition of the meaning, topography and geography of the Library of Babel. Printed together, with the etchings reproduced in fine-line duotone, text and art unite to present an artist's book that belongs in the circle of Borges's sacrosanct Crimson Hexagon - "books smaller than natural books, books omnipotent, illustrated, and magical."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. **Borrowed Words** Elisa Martí-López 2002 The book contends that the acceptance of translation and imitation in the literary life of a country does not imply denying the specific conditions created by political borders in the constitution of a national literature, that is, the existence of national borders framing literary life. What it does is recognize new and different frontiers that destabilize the national confines (as well as the nationalistic values) of literary history. In translation and imitation, borders are experienced not as the demarcation of

otherness, but rather as crossroads in the quest for identity."--Jacket.

Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on every continent over the span of three centuries. **Re-Centring the City** Michal Murawski 2020-10-09 What is the role of monumentality, verticality and centrality in the twenty-first century? Are palaces, skyscrapers and grand urban ensembles obsolete relics of twentieth-century modernity, inexorably giving way to a more humble and sustainable de-centred urban age? Or do the aesthetics and politics of pomp and grandiosity rather linger and even prosper in the cities of today and tomorrow? *Re-Centring the City* zooms in on these questions, taking as its point of departure the experience of Eurasian socialist cities, where twentieth-century high modernity arguably saw its most radical and furthest-reaching realisation. It frames the experience of global high modernity (and its unravelling) through the eyes of the socialist city, rather than the other way around: instead of explaining Warsaw or Moscow through the prism of Paris or New York, it refracts London, Mexico City and Chennai through the lens of Kyiv, Simferopol and the former Polish shtetls. This transdisciplinary volume re-centres the experiences of the 'Global East', and thereby our understanding of world urbanism, by shedding light on some of the still-extant (and often disavowed) forms of 'zombie' centrality, hierarchy and violence that pervade and shape our contemporary urban experience. *A Comparative History of Literatures in the Iberian Peninsula* Fernando Cabo Aseguinolaza 2010-05-26 *A Comparative History of Literatures in the Iberian Peninsula* is the second comparative history of a new subseries with a regional focus, published by the Coordinating Committee of the International Comparative Literature Association. As its predecessor for East-Central Europe, this two-volume history distances itself from traditional histories built around periods and movements, and explores, from a comparative viewpoint, a space considered to be a powerful symbol of inter-literary relations. Both the geographical pertinence and its symbolic condition are obviously discussed, when not even contested. Written by an

international team of researchers who are specialists in the field, this history is the first attempt at applying a comparative approach to the plurilingual and multicultural literatures in the Iberian Peninsula. The aim of comprehensiveness is abandoned in favor of a diverse and extensive array of key issues for a comparative agenda. A Comparative History of Literatures in the Iberian Peninsula undermines the primacy claimed for national and linguistic boundaries, and provides a geo-cultural account of literary inter-systems which cannot otherwise be explained.

*The Things That Matter* Nate Berkus 2012-10-16 Does your home tell the story of who you are? In *The Things That Matter*, Nate Berkus shares intimate stories from his life, introduces us to people who influenced him and helped him forge his sense of style, and opens up about the remarkable experiences that have left him forever changed, all of which find expression in how he lives today. From his most cherished flea market finds, to his beloved books and photos, to the many extraordinary mementos he's collected in his travels, every piece defines who he's become and what endures in his world. Berkus invites readers into his own home as well as into twelve others, including a sleek steel-and-glass high-rise that soars above Chicago, a rustic cottage in the Hudson Valley, an ultra-chic atelier that maximizes every inch of space, a Greenwich Village townhouse that holds multiple art collections, and a study in meaningful minimalism in Marfa, Texas. The distinctive interiors beautifully displayed in this book offer revealing portraits of their owners' lives and the inspiring choices that have made them who they are today. *The Things That Matter* convincingly lays out Nate Berkus's philosophy that things do matter. Our homes tell our stories, they reflect the places we've been and the people we've loved along the way—and there can be no more beautiful design for living than that. **The Invention of Solitude** Paul Auster 2010-11-25 'One day there is life . . . And then, suddenly, it happens there is death.' So begins Paul Auster's moving and personal meditation on fatherhood, *The Invention of Solitude*. The first section, 'Portrait of an Invisible Man', reveals Auster's memories and feelings after the death of his father. In 'The Book of Memory' the perspective shifts to Auster's role as a father. The narrator, 'A.', contemplates his separation from his son, his dying grandfather and the solitary nature of writing and story-telling. With all the keen literary intelligence familiar from *The New York Trilogy* or *Sunset Park*, Paul Auster crafts an intensely intimate work from a ground-breaking combination of introspection, meditation and biography.

Emigrant Dreams, Immigrant Borders Raquel Vega-Durán 2016-09-30 *Emigrant Dreams, Immigrant Borders: Migrants, Transnational Encounters, and Identity in Spain* offers a new approach to the cultural history of contemporary Spain, examining the ways in which Spain's own self-conceptions are changing and multiplying in response to migrants from Latin America and Africa. In the last twenty-five years, Spain has gone from being a country of net emigration to one in which immigrants make up nearly 12 percent of the population. This rapid growth has made migrants increasingly visible in both mass media and in Spanish visual and literary culture. This book examines the origins of media discourses on immigration and takes

the analysis of contemporary Spanish culture as its primary framework, while also drawing insights from sociology and history. *Emigrant Dreams, Immigrant Borders* introduces readers to a wide range of recent films, journals, novels, photography, paintings, and music to reconsider contemporary Spain through its varied encounters with migrants. It follows the stages of the migrant's own journey, beginning outside Spanish territory, continuing across the border (either at the barbed-wire fences of Ceuta and Melilla or the waters of the Atlantic or the Strait of Gibraltar), and then considers what happens to migrants after they arrive and settle in Spain. Each chapter analyzes one of these stages in order to illustrate the complexity of contemporary Spanish identity. This examination of Spanish culture shows how Spain is evolving into a new space of imagination, one that can no longer be defined without the migrant—a space in which there is no unified identity but rather a new self-understanding is being born. Vega-Durán both places Spain in a larger European context and draws attention to some of the features that, from a comparative perspective, make the Spanish case interesting and often unique. She argues that Spain cannot be understood today outside the Transatlantic and Mediterranean spaces (both real and imaginary) where Spaniards and migrants meet. *Emigrant Dreams, Immigrant Borders* offers a timely study of present-day Spain, and makes an original contribution to the vibrant debates about multiculturalism and nation-formation that are taking

*Travelling Concepts in the Humanities* Mieke Bal 2002-11-02 Attempting to bridge the gap between specialised scholarship in the humanistic disciplines and an interdisciplinary project of cultural analysis, Mieke Bal has written an intellectual travel guide that charts the course 'beyond' cultural studies. As with any guide, it can be used in a number of ways and the reader can follow or willfully ignore any of the paths it maps or signposts. Bal's focus for this book is the idea that interdisciplinarity in the humanities - necessary, exciting, serious - must seek its heuristic and methodological basis in concepts rather than its methods. Concepts are not grids to put over an object. The counterpart of any given concept is the cultural text or work or 'thing' that constitutes the object of analysis. No concept is meaningful for cultural analysis unless it helps us to understand the object better on its own terms. Bal offers the reader a sustained theoretical reflection on how to 'do' cultural analysis through a tentative practice of doing just that. This offers a concrete practice to theoretical constructs, and allows the proposed method more accessibility. **El año del mono / The Year of the Monkey** Patti Smith 2020-09-22 Un nuevo libro de memorias de la autora de *Éramos unos niños*, ganadora del National Book Award: «El año del Mono es la obra que más se parece a mí». «Milagroso. [...] Una obra maestra. [...] Smith resplandece; se mueve por el mundo como un viajero en el tiempo, un espía, un vagabundo en la tierra de la literatura y la vida. Es un espejo humano.»- Maria Popova, *Brain Pickings* Al contemplar mi imagen en la superficie gris mercurio de la tostadora, me fijé en que parecía joven y vieja al mismo tiempo. Son las dos de la madrugada de la Nochevieja de 2015 cuando Patti Smith llega al Dream Motel, junto a la playa de Santa Cruz, tras dar un concierto en la legendaria sala Fillmore de San Francisco. Acaba de cumplir setenta años. En la primera mañana del año sale a dar un paseo y toma su primera polaroid del rótulo del hotel, con el que mantiene una lúcida conversación, como una Alicia moderna en su particular País de las

Maravillas. La charla le inspira unos versos y decide volver a su habitación, desde cuya terraza escucha las olas y piensa en su amigo Sandy Pearlman, el famoso productor musical, que lleva dos días en coma. Él fue la persona que le sugirió en su juventud que montara una banda de rock. Así comienza un viaje por lugares como la Costa Oeste, el desierto de Arizona, Manhattan o Kentucky, pero también por parajes recordados o imaginados, del mundo exterior y del interior, en el que Patti Smith nos permite deambular a su lado como sus acompañantes más íntimos. ENGLISH DESCRIPTION New York Times Best Seller From the National Book Award-winning author of Just Kids and M Train, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs--including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith--inveterately curious, always exploring, tracking thoughts, writing--the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world.

**Cities in Ruins** Cecilia Enjuto Rangel 2010 The presence of urban ruins in modern poetry awakens readers to the real-life remains of violence and destruction in our cities. The attacks in New York on September 11.2001. and in Madrid on March 11.2004. provoked diverse political reactions, but the imminence of the ruins triggered a collective historical awakening. An awakening can take the shape of bombs in Kabul and Baghdad. or political change in government policies, but it is also palpable when poetry voices a critique of the technological warfare and its versions of progress. Contemporary events and modern ruins are reminiscent

of the political impact that the Spanish Civil War and two World Wars had on poetry. In *Cities in Ruins: The Politics of Modern Poetics*. Cecilia Enjuto Rangel argues that the portrayal in poetry of the modern city as a disintegrated, ruined space is part of a critique of progress and modernization that developed during the nineteenth century and the first half of the twentieth century. Enjuto Rangel analyzes how Charles Baudelaire, Luis Cernuda, T. S. Eliot, Octavio Paz and Pablo Neruda poetized ruins as the cornerstones of cultural and political memory, and used the imagery of ruins to reinterpret their historical and literary traditions. As a literary commonplace, the topos of ruins has been thoroughly examined in Baroque and Romantic literary studies, but Enjuto Rangel's study investigates the virtually unexplored map of modern ruins in modern poetry. For Enjuto Rangel, images of ruins empower text and reader with political and historical agency. This triggers a conscious re-evaluation of the past, as exemplified by the Transatlantic poetics of the Spanish Civil War and the current politics of memory. Enjuto Rangel's book offers an original interpretation of how modern poems historicize ruins and avoid narcissistic readings of destruction. "This work is a brilliant composite of Modernity's major poetic quests for meaning, The notion of ruins brings the literary, historical, and political issues to the fore with a scholarly depth that is matched by the breadth and urgency of the poetic statements examined."---Ronald Puppo, University of Vic

*The Object of the Atlantic* Rachel Price 2014-11-30  
The Object of the Atlantic is a wide-ranging study of the transition from a concern with sovereignty to a concern with things in Iberian Atlantic literature and art produced between 1868 and 1968. Rachel Price uncovers the surprising ways that concrete aesthetics from Cuba, Brazil, and Spain drew not only on global forms of constructivism but also on a history of empire, slavery, and media technologies from the Atlantic world. Analyzing Jose Marti's notebooks, Joaquim de Sousa Andrade's poetry, Ramiro de Maeztu's essays on things and on slavery, 1920s Cuban literature on economic restructuring, Ferreira Gullar's theory of the "non-object," and neoconcrete art, Price shows that the turn to objects—and from these to new media networks—was rooted in the very philosophies of history that helped form the Atlantic world itself.

*The Melancholy Art* Michael Ann Holly 2013-02-24  
Why the art historian's craft is a uniquely melancholy art Melancholy is not only about sadness, despair, and loss. As Renaissance artists and philosophers acknowledged long ago, it can engender a certain kind of creativity born from a deep awareness of the mutability of life and the inevitable cycle of birth and death. Drawing on psychoanalysis, philosophy, and the intellectual history of the history of art, *The Melancholy Art* explores the unique connections between melancholy and the art historian's

craft. Though the objects art historians study are materially present in our world, the worlds from which they come are forever lost to time. In this eloquent and inspiring book, Michael Ann Holly traces how this disjunction courses through the history of art and shows how it can give rise to melancholic sentiments in historians who write about art. She confronts pivotal and vexing questions in her discipline: Why do art historians write in the first place? What kinds of psychic exchanges occur between art objects and those who write about them? What institutional and personal needs does art history serve? What is lost in historical writing about art? *The Melancholy Art* looks at how melancholy suffuses the work of some of the twentieth century's most powerful and poetic writers on the history of art, including Alois Riegl, Franz Wickhoff, Adrian Stokes, Michael Baxandall, Meyer Schapiro, and Jacques Derrida. A disarmingly personal meditation by one of our most distinguished art historians, this book explains why to write about art is to share in a kind of intertwined pleasure and loss that is the very essence of melancholy.

*Teaching Translation from Spanish to English* Allison Beeby Lonsdale 1996 While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to the question of directionality and to the specific strategies of translating are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates one or more of the basic translation principles through 29 teaching units, which are

prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.

*Nada* Carmen Laforet 2020-08-11 Renowned as Spain's *The Catcher in the Rye*, this passionate coming-of-age novel follows a rebellious college-age girl as she uncovers her family's secrets in chaotic, polarized, post-Civil War Barcelona. Andrea, an eighteen-year-old orphan, moves in with her volatile Barcelona relatives to attend the local University. Living in genteel squalor in a mysterious house on Calle de Aribau, Andrea relies on her wealthy, beautiful, bohemian friend Ena to prove that normal life exists beyond the gothic dwelling she calls home. In one year, as her innocence melts away, Andrea learns the truth about her overbearing and religious Aunt Angustias, her cruelly sensual, musically gifted uncle Román and his violent brother Juan, and her lovely Aunt Gloria, who provides the family's bread with furtive gambling expeditions. She also learns the truth about Ena—and why her friendship goes hand in hand with her interest in Andrea's family. Peppered with dark humor, energy, and hope, Carmen Laforet's stunning classic is the story of a young woman who endures the harsh realities of post-Civil War Barcelona, emerging wiser and stronger, and with a bright future ahead of her.
