Because of Mr. Terupt Rob Buyea 2011-10-11 Seven students are about to have their lives changed by one amazing teacher in this school story sequel filled with unique characters every reader can relate to. It's the start of a new year at Snow Hill School, and seven students find themselves thrown together in Mr. Terupt's fifth grade class. There's . . . Jessica, the new girl, smart and perceptive, who's having a hard time fitting in; Alexia, a bully, your friend one second, your enemy the next; Peter, class prankster and troublemaker; Luke, the brain; Danielle, who never stands up for herself; shy Anna, whose home situation makes her an outcast; and Jeffrey, who hates school. They don't have much in common, and they've never gotten along. Not until a certain new teacher arrives and helps them to find strength inside themselves—and in each other. But when Mr. Terupt suffers a terrible accident, will his students be able to remember the lessons he taught them? Or will their lives go back to the way they were before—before fifth grade and before Mr. Terupt? Find out what happens in sixth and seventh grades in Mr. Terupt Falls Again and Saving Mr. Terupt. And don't miss the conclusion to the series, Goodbye, Mr. Terupt, coming soon! "The characters are authentic and the short chapters are skillfully arranged to keep readers moving headlong toward the satisfying conclusion."--School Library Journal, Starred

Follow the Money Bob DeGeorge 2011-03-22 It appears to be just another case in a pile of hundreds for seasoned San Jose police detectives Rex Johnson and Kat Sanchez. But when the two detectives open a seemingly standard investigation into credit card fraud, they are soon pulled into the murky underworld of Asian organized crime. Rex and Kit center their investigation on San Jose's card clubs and soon uncover evidence of counterfeiting, loan sharking, extortion, and human trafficking. Led straight to a shadowy Vietnamese underworld figure who views himself as a modern day Al Capone, Rex and Kat find themselves not only immersed in a deadly game with the criminals, but also their own police administration. With the chief of police more focused on his political ambitions than the outcome of their investigation, Rex and Kat have no choice but to follow their gut instincts as they work their way deeper into the case. In a final twist that leads to an explosive life or death confrontation, Rex and Kat come face-to-face with international terrorists who are intent on retaliation regardless of the personal cost to two detectives sworn to serve and protect the citizens of San Jose.

Introduction to Information Retrieval Christopher D. Manning 2008-07-07 Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.
