Tuesdays with Morrie Mitch Albom 2007-06-29 #1 NEW YORK TIMES BESTSELLER • A special 25th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author “A wonderful book, a story of the heart told by a writer with soul.”—Los Angeles Times Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final “class”: lessons in how to live. *Tuesdays with Morrie* is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

Cleopatra Stacy Schiff 2010-11-01 The Pulitzer Prize-winning biographer brings to life the most intriguing woman in the history of the world: Cleopatra, the last queen of Egypt. Her palace shimmered with onyx, garnets, and gold, but was richer still in political and sexual intrigue. Above all else, Cleopatra was a shrewd strategist and an ingenious negotiator. Though her life spanned fewer than forty years, it reshaped the contours of the ancient world. She was married twice, each time to a brother. She waged a brutal civil war against the first when both were teenagers. She poisoned the second. Ultimately she dispensed with an ambitious sister as well; incest and assassination were family specialties. Cleopatra appears to have had sex with only two men. They happen, however, to have been Julius Caesar and Mark Antony, among the most prominent Romans of the day. Both were married to other women. Cleopatra had a child with Caesar and -- after his murder -- three more with his protégé. Already she was the wealthiest ruler in the Mediterranean; the relationship

with Antony confirmed her status as the most influential woman of the age. The two would together attempt to forge a new empire, in an alliance that spelled their ends. Cleopatra has lodged herself in our imaginations ever since. Famous long before she was notorious, Cleopatra has gone down in history for all the wrong reasons. Shakespeare and Shaw put words in her mouth. Michelangelo, Tiepolo, and Elizabeth Taylor put a face to her name. Along the way, Cleopatra's supple personality and the drama of her circumstances have been lost. In a masterly return to the classical sources, Stacy Schiff here boldly separates fact from fiction to rescue the magnetic queen whose death ushered in a new world order. Rich in detail, epic in scope, Schiff's is a luminous, deeply original reconstruction of a dazzling life.

5 Kinds of Nonfiction Melissa Stewart 2020 Once upon a time, nonfiction books for children routinely included concise, stodgy writing. Most of the books were

text heavy, with just a few scattered images decorating, rather than enhancing, the content and meaning. But nonfiction has changed dramatically over the last two decades, evolving into a new breed of visually dynamic, engaging texts that delight as well as inform. The timing of these groundbreaking changes couldn't be better, as English Language Arts standards now put an increased focus on nonfiction reading and writing. For decades, we've classified fiction as a way to study, understand, and, ultimately, teach it better. However, up to now, nonfiction hasn't received this same level of intention. In *5 Kinds of Nonfiction: Enriching Reading and Writing Instruction with Children's Books*, Melissa Stewart and Marlene Correia present a new way to sort nonfiction into five major categories and show how doing so can help teachers and librarians build stronger readers and writers. Along the way, they: introduce the 5 kinds of nonfiction--active, browseable, traditional, expository literature, and narrative--and explore each category through discussions, classroom examples, and insights from leading children's book authors; offer tips for building strong, diverse classroom and library collections; provide more than 20 activities to enhance literacy instruction; and include innovative strategies for sharing and celebrating nonfiction with students. With more than 150 exemplary nonfiction book recommendations and Stewart and Correia's extensive knowledge of literacy instruction, *5 Kinds of Nonfiction* will elevate your understanding of nonfiction in ways that speak specifically to the info-kids in your classrooms, but will inspire all readers and writers.

Writers' Handbook 2021 J. Paul Dyson 2021-04-12 The 2021 edition of firstwriter.com's bestselling directory for writers returns in a new, larger format, with more than twice as many listings of literary agents, literary agencies, book publishers, and magazines. It now contains over 3,000 listings, including revised and updated listings from the 2020 edition, and over 2,000 brand new entries. Finding the information you need is now quicker and easier than ever before, with new tables and an expanded index, and unique paragraph numbers to help you get to the listings you're looking for. A variety of new tables help you navigate the listings in different ways, including a new Table of Authors, which lists over 3,000 authors and tells you who represents them, or who publishes them, or both. The number of genres in the index has exploded from under 100 in the last edition to over 500 in this one. So, for example, while there was only one option for "Romance" in the previous edition, you can now narrow this down to Historical Romance, Fantasy Romance, Supernatural / Paranormal Romance, Contemporary Romance, Diverse Romance, Erotic Romance, Feminist Romance, Christian Romance, or even Amish Romance. The new edition includes:

- 128 pages of literary agent and literary agency listings – that's more than the *Writer's Market* (75 pages) and the *Writers' & Artists' Yearbook* (39 pages) combined!
- 82 pages of book publisher listings, compared to 91 pages in the *Writers' & Artists' Yearbook* – but with a page size more than 70% larger this is like getting an extra 50 pages.
- 64 pages of magazine listings compared to 63 pages in the *Writers' & Artists' Yearbook*. Thanks to the difference in page size, this is the equivalent of 40 extra pages.

All in a book that is 30% cheaper than the *Writer's Market* (\$29.99 RRP), and 50% cheaper than the *Writers' & Artists' Yearbook* (£25.00 RRP). International markets

become more accessible than ever, with listings that cover both the main publishing centres of New York and London, as well as markets in other English speaking countries. With more and more agents, publishers, and magazines accepting submissions online, this international outlook is now more important than ever. There are no adverts, no advertorials, and no obscure listings padding out hundreds of pages. By including only what's important to writers – contact details for literary agents, publishers, and magazines – this directory is able to provide more listings than its competitors, at a substantially lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2022. This means you can get free access to the firstwriter.com website, where you can find even more listings, and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions listings, searchable personal notes, and more. “I know firsthand how lonely and dispiriting trying to find an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts, advice and encouragement to aspiring writers. I've been recommending it for years now!” ~ Robin Wade; literary agent at the Wade & Doherty Literary Agency Ltd, and long-term firstwriter.com subscriber

Navigating Nonfiction Alice Boynton 2007-04 As students progress through the grades, more and more of their reading is done in nonfiction, or expository, materials--content area textbooks, reference books, periodicals, and informative articles on the Internet, for example. Because the main purpose for reading these texts is to acquire information, the reasons for teaching our students efficient and effective strategies for tackling this type of text are compelling. Students need explicit instruction in identifying and best utilizing the text features and text structures they encounter. If students learn to read the signposts that are guides to the organization of a particular piece of nonfiction, they will be better equipped to navigate their way through and comprehend the material. As a complete nonfiction reading worktext program, *Navigating Nonfiction* will help students get the most out of this genre. Teacher's Guide: - targets critical nonfiction reading skills essential for academic reading success. - contains simple, easy-to-follow instructional routines. - provides explicit teaching models and think-alouds. - highlights key research that supports the program's approach. - includes a full-color poster that features a visual snapshot of the five nonfiction structures. For use with Grade 5.
