*Without Precedent* Joel Richard Paul 2018 A portrait of the influential chief justice, statesman, and diplomat illuminates his pivotal role in the establishment of the Constitution and Supreme Court and recounts his work as an advisor to multiple presidents.

## Congressional Record United States. Congress 1968

*The Last Founding Father* Harlow Giles Unger 2009-09-29 In this lively and compelling biography Harlow Giles Unger reveals the dominant political figure of a generation. A fierce fighter in four critical Revolutionary War battles and a courageous survivor of Valley Forge and a near-fatal wound at the Battle of Trenton, James Monroe (1751–1831) went on to become America's first full-

time politician, dedicating his life to securing America's national and international durability. Decorated by George Washington for his exploits as a soldier, Monroe became a congressman, a senator, U.S. minister to France and Britain, governor of Virginia, secretary of state, secretary of war, and finally America's fifth president. The country embraced Monroe's dreams of empire and elected him to two terms, the second time unanimously. Mentored by each of America's first four presidents, Monroe was unquestionably the best prepared president in our history. Like David McCullough's John Adams and Jon Meacham's recent book on Andrew Jackson, this new biography of Monroe is both a solid read and stellar scholarship—history in the grand tradition.

The United States Army in China, 1900–1938 Alfred Emile Cornebise 2015-08-07  
A study of U.S.–Chinese relations involving the U.S. Army, this work focuses at the personnel level on the Army's service in China. While studies have been published of the U.S. Marines' and U.S. Navy's involvement in China, little attention has been given the Army's missions in this theater. Operations in China were a key part of the history and traditions of the 9th, 14th, 15th and 31st Regiments, whose coats of arms still feature dragons as symbols of their service there. Many who served in the 15th in China went on to impressive careers as general officers, prompting one soldier to ask "what other infantry regiment of those days can boast of such an alumni list?" Also covered is the 31st Regiments' involvement in Shanghai during the Second Sino-Japanese War, the prelude of the coming of World War II in Asia.

**Glory Days** Wolfgang W. E. Samuel 2008 Glory Days is the untold story of an airplane and its brave flyers who valiantly served our nation in time of war. The two EB-66 equipped combat squadrons flying from bases in Thailand against North Vietnam earned the Presidential Unit Citation for valor in combat, numerous Outstanding Unit Awards with V-device, and equivalent U.S. Navy citations. EB-66 flyers earned Silver Stars and Distinguished Flying Crosses for heroism, Air Medals galore, and too many Purple Hearts - attesting to their courage and sacrifice. This then is their gripping story - untold for far too long.

U.S. History P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events

and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

*American Exodus* Charlotte Brooks 2019-08-27 In the first decades of the 20th century, almost half of the Chinese Americans born in the United States moved to China—a relocation they assumed would be permanent. At a time when people from around the world flocked to the United States, this little-noticed emigration belied America’s image as a magnet for immigrants and a land of upward mobility for all. Fleeing racism, Chinese Americans who sought greater opportunities saw China, a tottering empire and then a struggling republic, as their promised land. *American Exodus* is the first book to explore this extraordinary migration of Chinese Americans. Their exodus shaped Sino-American relations, the development of key economic sectors in China, the character of social life in its coastal cities, debates about the meaning of culture and “modernity” there, and the U.S. government’s approach to citizenship and expatriation in the interwar years. Spanning multiple fields, exploring numerous cities, and crisscrossing the Pacific Ocean, this book will appeal to anyone interested in Chinese history, international relations, immigration history, and Asian American studies.

**African American Religious History** Milton C. Sernett 1999 This is a 2nd edition of the 1985 anthology that examines the religious history of African Americans.

Early U.S. Navy Carrier Raids, February-April 1942 David Lee Russell 2019-09-19 After the Japanese attack on Pearl Harbor, America's fast carrier task forces, with their aircraft squadrons and powerful support warships, went on the offensive. Under orders from Fleet Admiral Ernest J. King, the newly appointed Admiral Chester W. Nimitz, as the Commander-in-Chief of the Pacific Fleet, took the fight to the Japanese, using island raids to slow their advance in the Pacific. Beginning in February 1942, a series of task force raids led by the carriers USS Enterprise, USS Yorktown, USS Lexington and USS Hornet were launched, beginning in the Marshall Islands and Gilbert Islands. An attempted raid on Rabaul was followed by successful attacks on Wake Island and Marcus Island. The Lae-Salamaua Raid countered Japanese invasions on New Guinea. The most dramatic was the unorthodox Tokyo (Doolittle) Raid, where 16 carrier-launched B-25 medium bombers demonstrated that the Japanese mainland was open to U.S. air attacks. The raids had a limited effect on halting the Japanese advance but kept the enemy away from Hawaii, the U.S. West coast and the Panama Canal, and kept open lines of communications to Australia.

### **A Line in the Sand: The Anglo-French Struggle for the Middle East, 1914-1948**

James Barr 2012-01-09 Uses recently declassified French and British government documents to describe how the two countries secretly divided the Middle East during World War I and the effect these mandates had on local Arabs and Jews.

### **America's History** James A. Henretta 2018-02-12

**The Federalist Papers** Alexander Hamilton 2009-04-28 This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

**Aftershocks** Jeff Kinley 2021-04-13 In a time of global upheaval and uncertainty, uncover God's prophetic plan for the ages—and your place in it. Living in this era of pandemics, economic chaos, natural disasters, and political strife, you may feel tempted to question whether God is in control. Yet when you look to the Bible, you'll find these events actually signal that His promises will soon be fulfilled. In *Aftershocks*, bestselling author Jeff Kinley reveals how current societal and global trends foreshadow the nearness of the end times—and how the prophecies about what is to come should renew your passion to lovingly proclaim Christ to a suffering world. This book will supply you with critical intel concerning how your life will likely change in the years ahead provide you with biblical wisdom that enables you to respond to current events with confidence and grace reveal how recent cultural convulsions on this restless planet play into heaven's plan for earth *Aftershocks* unveils the raw reality of these last days while inspiring you to live with hope—a hope that vaccinates you against the ignorance, naivety, and anxiety that plague our world today.

**America's Dirty Wars** Russell Crandall 2014-04-28 This book examines the long, complex experience of American involvement in irregular warfare. It begins with

the American Revolution in 1776 and chronicles big and small irregular wars for the next two and a half centuries. What is readily apparent in dirty wars is that failure is painfully tangible while success is often amorphous. Successfully fighting these wars often entails striking a critical balance between military victory and politics. America's status as a democracy only serves to make fighting - and, to a greater degree, winning - these irregular wars even harder. Rather than futilely insisting that Americans should not or cannot fight this kind of irregular war, Russell Crandall argues that we would be better served by considering how we can do so as cleanly and effectively as possible.

Model Rules of Professional Conduct American Bar Association. House of Delegates 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

**The American Yawp** Joseph L. Locke 2019-01-22 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a

starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Give Me Liberty! An American History Foner, Eric 2013-10-15 Clear, concise, integrated, and up-to-date, Give Me Liberty! is a proven success with teachers and students. Eric Foner pulls the pieces of the past together into a cohesive picture, using the theme of freedom throughout. The Fourth Edition features stronger coverage of American religion and a reinforced pedagogical program aimed at fostering effective reading and study skills. The Seagull Edition includes the full text of the regular edition in a compact volume, for an affordable price.

**Encyclopedia of United States Army Insignia and Uniforms** William K. Emerson 1996 army branches - infantry, artillery, cavalry, and engineers - as well as the service and support branches comprising doctors and nurses, chaplains, musicians, quartermasters, military police, and the many others who have made up the U.S. Army. Insignia worn by all soldiers, such as eagles, devices with the letters US, and other letters and numbers, are also described and illustrated. Historians, military collectors, military reenactors, antique dealers and collectors,

American Sports and the Great War Peter C. Stewart 2021-02-26 Drawing on newspaper accounts, college yearbooks and the recollections of veterans, this book examines the impact of World War I on sports in the U.S. As young men entered the military in large numbers, many colleges initially considered suspending athletics but soon turned to the idea of using sports to build morale and physical readiness. Recruits, mostly in their twenties, ended up playing more baseball and football than they would have in peacetime. Though most college athletes volunteered for military duty, others replaced them so that the reduction of competition was not severe. Pugilism gained participants as several million men learned how to box.

creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume II opens in the Gilded Age, before moving through the twentieth century as the country reckoned with economic crises, world wars, and social, cultural, and political upheaval at home. Bringing the narrative up to the present, *The American Yawp* enables students to ask their own questions about how the past informs the problems and opportunities we confront today.

**American Jesuits and the World** John T. McGreevy 2016-05-24 How American Jesuits helped forge modern Catholicism around the world At the start of the nineteenth century, the Jesuits seemed fated for oblivion. Dissolved as a religious order in 1773 by one pope, they were restored in 1814 by another, but with only six hundred aged members. Yet a century later, the Jesuits numbered seventeen thousand men and were at the vanguard of the Catholic Church's expansion around the world. In the United States especially, foreign-born Jesuits built universities and schools, aided Catholic immigrants, and served as missionaries. This book traces this nineteenth-century resurgence, showing how Jesuits nurtured a Catholic modernity through a disciplined counterculture of parishes, schools, and associations. Drawing on archival materials from three continents, *American Jesuits and the World* tracks Jesuits who left Europe for America and Jesuits who left the United States for missionary ventures across the Pacific. Each chapter tells the story of a revealing or controversial event, including the tarring and feathering of an exiled Swiss Jesuit in Maine, the efforts of French Jesuits in Louisiana to obtain Vatican approval of a miraculous healing, and the educational efforts of American Jesuits in Manila. These stories place the Jesuits at the center of the worldwide clash between Catholics and liberal nationalists, and reveal how the Jesuits not only revived their own order but made modern Catholicism more global. The result is a major contribution to modern global history and an invaluable examination of the meaning of religious liberty in a pluralistic age.

### **Illustrative Notes** 1893

**Line in the Sand** Rachel St. John 2012-11-25 *Line in the Sand* details the dramatic transformation of the western U.S.-Mexico border from its creation at the end of the Mexican-American War in 1848 to the emergence of the modern boundary line in the first decades of the twentieth century. In this sweeping narrative, Rachel St. John explores how this boundary changed from a mere line on a map to a clearly marked and heavily regulated divide between the United States and Mexico. Focusing on the desert border to the west of the Rio Grande, this book explains the origins of the modern border and places the line at the center of a transnational history of expanding capitalism and state power in the late nineteenth and early twentieth centuries. Moving across local, regional, and national scales, St. John shows how government officials, Native American raiders, ranchers, railroad builders, miners, investors, immigrants, and smugglers contributed to the rise of state power on the border and

developed strategies to navigate the increasingly regulated landscape. Over the border's history, the U.S. and Mexican states gradually developed an expanding array of official laws, ad hoc arrangements, government agents, and physical barriers that did not close the line, but made it a flexible barrier that restricted the movement of some people, goods, and animals without impeding others. By the 1930s, their efforts had created the foundations of the modern border control apparatus. Drawing on extensive research in U.S. and Mexican archives, *Line in the Sand* weaves together a transnational history of how an undistinguished strip of land became the significant and symbolic space of state power and national definition that we know today.

**The State and the Stork** Derek S. Hoff 2012-09-24 From the colonial era to the present, the ever-shifting debate about America's prodigious population growth has exerted a profound influence on the evolution of politics, public policy, and economic thinking in the United States. In a remarkable shift since the late 1960s, Americans of all political stripes have come to celebrate the economic virtues of population growth. As one of the only wealthy countries experiencing significant population growth in the twenty-first century, the United States now finds itself at a demographic crossroads, but policymakers seem unwilling or unable to address the myriad economic and environmental questions surrounding this growth. From the founders' fears that crowded cities would produce corruption, luxury, and vice to the zero population growth movement of the late 1960s to today's widespread fears of an aging crisis as the Baby Boomers retire, the American population debate has always concerned much more than racial composition or resource exhaustion, the aspects of the debate usually emphasized by historians. In *The State and the Stork*, Derek Hoff draws on his extraordinary knowledge of the intersections between population and economic debates throughout American history to explain the many surprising ways that population anxieties have provoked unexpected policies and political developments—including the recent conservative revival. At once a fascinating history and a revelatory look at the deep origins of a crucial national conversation, *The State and the Stork* could not be timelier.
