Parliamo italiano! Suzanne Branciforte 2016-11-30 This text is an unbound, three hole punched version. Access to WileyPLUS sold separately. Parliamo italiano!, Binder Ready Version, Edition 5 continues to offer a communicative, culture based approach for beginning students of Italian. Not only does Parliamo Italiano provide students learning Italian with a strong ground in the four ACTFL skills: reading, writing, speaking, and listening, but it also emphasizes cultural fluency. The text follows a more visual approach by integrating maps, photos, regalia, and cultural notes that offer a vibrant image of Italy. The chapters are organized around functions and activities. Cultural information has been updated to make the material more relevant. In addition, discussions on functional communications give readers early success in the language and encourage them to use it in practical situations.

Forgotten Battles Charles T. O'Reilly 2001 Italy's War of Liberation takes issue with the apparently prevalent attitude among Allied commanders during World War II that the Italian military was ineffective. O'Reilly recounts the little-known story of the significant contribution made by the Italian military during the Italian Campaign, including the contribution of relatively unacknowledged Italian Partisan formations that fought in Italy, France, Yugoslavia, and Greece. Despite the fact that Italians fought on the front lines with the British and American soldiers, and despite the service of the Italian Navy and Air Force, the Allies refused repeated Italian pleas for more involvement in combat. This book not only attempts to correct the record of military history by illustrating the ways in which the Italians were underutilized by the Allies, but it also serves to paint a fair portrait of the Italian military's substantial efforts to defeat Hitler and eradicate Fascism.

Urban Space and Urban History in the Roman World Miko Flohr 2020-05-25 This volume investigates how urban growth and prosperity transformed the cities of the Roman Mediterranean in the last centuries BCE and the first centuries CE, integrating debates about Roman urban space with discourse on Roman urban history. The contributions explore how these cities developed landscapes full of civic memory and ritual, saw commercial priorities transforming the urban environment, and began to expand significantly beyond their wall circuits. These interrelated developments not only changed how cities looked and could be experienced, but they also affected the functioning of the urban community and together contributed to keeping increasingly complex urban communities socially cohesive. By focusing on the transformation of urban landscapes in the Late Republican and Imperial periods, the volume adds a new, explicitly historical angle to current debates about urban space in Roman studies. Confronting archaeological and historical approaches, the volume presents developments in Italy, Africa, Greece, and Asia Minor, thus significantly broadening the geographical scope of the discussion and offering novel theoretical perspectives alongside well-documented, thematic case studies. *Urban Space and Urban History in the Roman World* will be of interest to anyone working on Roman urbanism or Roman history in the Late Republic and early Empire.

Prisoner of the Vatican David I. Kertzer 2006-02-20 A Pulitzer Prize winner's "fascinating" account of the political battles that led to the end of the Papal States (Entertainment Weekly). From a National Book Award-nominated author, this absorbing history chronicles the birth of modern Italy and the clandestine politics behind the Vatican's last stand in the battle between the church and the newly created Italian state. When Italy's armies seized the Holy City and claimed it for the Italian capital, Pope Pius IX, outraged, retreated to the Vatican and declared himself a prisoner, calling on foreign powers to

force the Italians out of Rome. The action set in motion decades of political intrigue that hinged on such fascinating characters as Garibaldi, King Viktor Emmanuel, Napoleon III, and Chancellor Bismarck. Drawing on a wealth of secret documents long buried in the Vatican archives, David I. Kertzer reveals a fascinating story of outrageous accusations, mutual denunciations, and secret dealings that will leave readers hard-pressed to ever think of Italy, or the Vatican, in the same way again. "A rousing tale of clerical skullduggery and topsy-turvy politics, laced with plenty of cross-border intrigue." —Kirkus Reviews, starred review

The Origin of Israelite Zion Theology Antti Laato 2018-08-23 In this examination of Zion theology and how it arises in the book of Psalms Antti Laato's starting-point is that the Hebrew Bible is the product of the exilic and postexilic times, which nonetheless contains older traditions that have played a significant role in the development of the text. Laato seeks out these older mythical traditions related to Zion using a comparative methodology and looking at Biblical traditions alongside Ugaritic texts and other ancient Near Eastern material. As such Laato provides a historical background for Zion theology which he can apply more broadly to the Psalms. In addition, Laato argues that Zion-related theology in the Psalms is closely related to two events recounted in the Hebrew Bible. First, the architectural details of the Temple of Solomon (1 Kings 6-7), which can be compared with older mythical Zion-related traditions. Second, the religious traditions related to the reigns of David and Solomon such as the Ark Narrative, which ends with David's transfer of the Ark to Jerusalem (2 Sam 6). From this Laato builds an argument for a possible setting in Jerusalem at the time of David and Solomon for the Zion theology that emerges in the Psalms.

I Filtrati Dolci Giuseppe De-Astis 1907

The Suicidal State in Somalia Mohamed Haji Ingiriis 2016-04-01 This book is a critical reposition of the study of military regimes in Africa. Documenting and delving deep into the reign and rule of General Mohamed Siad Barre regime in Somalia from 1969 up to 1991, the book puts emphasis on African agencies—ostensibly shaped by external beneficiaries and patrons—over what went wrong with Africa after the much-awaited post-colonial period. It does so by critically engaging with the wider theoretical and conceptual frameworks in African Studies which more often than not tend to attribute the post-colonial African State raptures to colonialism. The main thesis of the book is that colonialism left Africa on its own space wherein African leaders could have made a difference. By putting discrete perspectives into historical context, the book circumnavigates through comparative and comprehensive holistic approach to the Siad Barre regime to reveal how colonialism did not produce less than what criminalisation of the State resulted in Somalia. This empirical analysis is crucial to understanding the contemporary conundrum facing the Somali world today. The argument is that the contemporary conflicts are not only attributable to—but also because of—the past plunders of the post-colonial leaders trained by the departed colonial authorities. Employing nuanced analytic concepts and categories, the aim of the book is to refine the past to recapture the present and envision the future. Framing new ways of analyzing military regimes in Africa begins with (re)assessment of how the Siad Barre regime was previously approached. Marshalling extensive and extraordinary amount of sources, the book unveils

the intricacies and contradictions of the dictatorship and its impact on the Somali psyche. The book locates the evolution of the regime within the wider context of the Cold War political contestation between the East and the West. Unparalleled in-depth and analysis, this book is the first full-length scholarly study of the Siad Barre regime systematically explaining the politics and process of the dictatorial rule. The historicity of exploring Somali State trajectory entails employing a Braudelian *longue durée* approach. Thus, three interrelated sets of contexts/questions inform the study: how Siad Barre himself came into power, how he ruled and maintained his authoritarian reign over the Somalis and who had assisted him from inside and outside the Somali world.

Historical Seismology Julien Fréchet 2008-08-22 Modern seismology has faced new challenges in the study of earthquakes and their physical characteristics. This volume is dedicated to the use of new approaches and presents a state-of-the-art in historical seismology. Selected historical and recent earthquakes are chosen to document and constrain related seismic parameters using updated methodologies in the macroseismic analysis, field observations of damage distribution and tectonic effects, and modelling of seismic waveforms.

Comparing Greek Colonies Camilla Colombi 2022-08-22 The need for a "new" book on Greek colonization arose to analyse this phenomenon as a long-term process in a wide geographic area. The events related to individual cities and regions, although geographically very distant from each other, are linked through an articulated network of material and immaterial relations and have to be considered as part of a broader mobility process in a Mediterranean perspective. The intention of "Comparing Greek Colonies" is to bring geographically and culturally distant regions such as Southern Italy/Sicily and the Black Sea, closer together, not merely to find "similarities and differences", but to broaden the scholars' perspective and overcome existing, generalizing, and biased models, that are often rooted in local scientific traditions. The proceedings of the international conference "Comparing Greek Colonies. Mobility and Settlement Consolidation from Southern Italy to the Black Sea (8th - 6th century BC)", 7.-9.11.2018 in Rome, are structured around three core topics (economic system; relationships with the indigenous populations; social and territorial systems) that constitute the cornerstones of the political formation of the polis in the Archaic period and for its development during the Classical and Hellenistic Ages.
