Join millions of readers of the Source Series who are realizing inner peace and success through the Power of Happy Thoughts. ----- “This book is meant for humanity. If you are a good human being, you should take it, read it, and follow the path. ~ Shahrukh Khan, while releasing The Source “Happy Thoughts are very right words. First create inner peace through Happy Thoughts, which shall then guide the external world.” ~ His Holiness the Dalai Lama, while releasing Sirshree's book

The Ocean of Inquiry Michael S. Allen 2022 "Advaita Vedānta is one of the best-known schools of Indian philosophy, but much of its history—a history closely interwoven with that of medieval and modern Hinduism—remains surprisingly unexplored. This book focuses on a single remarkable work and its place within that history: The Ocean of Inquiry, a vernacular compendium of Advaita Vedānta by the North Indian monk Niāscaldāas (ca. 1791 - 1863). Though not well known today, Niāscaldāas's work was once

referred to by Vivekananda (himself a key figure in the shaping of modern Hinduism) as the most influential book in India. The present book situates *The Ocean of Inquiry* as a representative of both a neglected genre (vernacular Vedānta) and a neglected period (ca. 17th-19th centuries) in the history of Indian philosophy. It argues that the rise of Advaita Vedānta to a position of prestige began well before the period of British rule in India, and that vernacular texts like *The Ocean of Inquiry* played an important role in popularizing Vedāntic teachings. It also offers a new appraisal of the period of late Advaita Vedānta, arguing that it should not be seen as one of barren scholasticism. For thinkers like Nīlscaldāas, intellectual "inquiry" (vicāra) was not an academic exercise but a spiritual practice—indeed, it was the central practice on the path to liberation. The book concludes by arguing that without understanding both vernacular Vedānta and the scholasticism of the period, one cannot fully understand the emergence of modern Hinduism"--

The Practical Handbook of Internet Computing Munindar P. Singh 2004-09-29 *The Practical Handbook of Internet Computing* analyzes a broad array of technologies and concerns related to the Internet, including corporate intranets. Fresh and insightful articles by recognized experts address the key challenges facing Internet users, designers, integrators, and policymakers. In addition to discussing major applications, it also covers the architectures, enabling technologies, software utilities, and engineering techniques that are necessary to conduct distributed computing and take advantage of Web-based services. The Handbook provides practical advice based upon experience, standards, and theory. It examines all aspects of Internet computing in wide-area and enterprise settings, ranging from innovative applications to systems and utilities, enabling technologies, and engineering and management. Content includes articles that explore the components that make Internet computing work, including storage, servers, and other systems and utilities. Additional articles examine the technologies and structures that support the Internet, such as directory services, agents, and policies. The volume also discusses the multidimensional aspects of Internet applications, including mobility, collaboration, and pervasive computing. It concludes with an examination of the Internet as a holistic entity, with considerations of privacy and law combined with technical content.

Labour Economics and Labour Problems Mahesh V. Joshi 1999-01-01 This book is very useful for the students, teachers, researchers and scholars, working in the colleges and universities. The book has been written according to syllabi prescribed for Post-graduate and Under-graduate level in Arts, Commerce, Law and Labour Faculties. It combines labour theories and labour problems. It includes recent labour issues like labour problems of Economic Reforms, Female and Child labour. Lot of reference work has been done for preparing this book, yet the language and style is very simple and lucid. The book seeks to serve as an ideal textbook for the students and a very useful reference book for the teachers, researchers, labour leaders, executives concerned with labour in the Government and private and public sector and the common readers.

RSSDI Textbook of Diabetes Mellitus Shashank R Joshi 2020-02-28 Diabetes mellitus is a group of metabolic diseases in which a person has high blood sugar, either because the body does not produce enough insulin, or because cells do not respond to the insulin that is produced. The fourth edition of Textbook of Diabetes Mellitus has been fully revised to provide clinicians with the latest developments in the field. Divided into 19 sections, the book begins with discussion on the epidemiology, physiology and metabolism of the disease; its diagnosis and classification; and aetiopathogenesis, genetics and hormone action. The following sections cover types of diabetes, including in different segments of the population; clinical features and complications; diabetes with comorbidities; and management of the disease through both pharmacotherapy and non-pharmaceutical methods. Key points Fully revised new edition presenting latest advances in diagnosis and management of diabetes mellitus Covers diabetes in different population groups and with comorbidities Highly illustrated with clinical photographs, diagrams and tables Previous edition (9789351520900) published in 2014

Medical Astrology Raj Kumar 1970 Medical astrology is a specialized branch of Vedic astrology. It is an extraordinary predictive and counseling tool. A horoscope indicates good, bad or indifferent traits and physical, emotional or spiritual characteristics of the native as per the Karmic flow. A chart is only the representation of one's Karmic implications in one's life through planetary influences. The medical astrology helps in understanding well in advance where the human chain is the weakest in the physical body and why. An astute astrologer will be able to diagnose disease and the diseased body part merely by analysis of the horoscope. He should be able to tell the susceptibility or the resistance which a native has for a particular disease. He may be able to tell the period of onset/ recovery from the disease and can also suggest the remedial measures to reduce its severity without any side effect. Once this is known, it will be easier for medicos to quickly arrive at the cause and place of diseased body part and the treatment to which the patient will respond. The diseases are generally indicated by the malefic influences of planets. Houses, signs and Nakshtras wherein the planets are placed indicate tendencies, susceptibility, resistance and potential of various ailments in the body. When these potential will manifest depends upon the dasha periods and transit of planets. The numbers of diseases which a native may have to encounter are numerous. However this book touches upon 112 diseases with the help of 102 illustrative charts. The last (16th) chapter of this book is devoted to common astrological remedies with a new Karmic and practical point of view to propitiate evil planets causing ailments.

Chanakya Neeti Chanakya 2021-11-18 The original Chanakya Neeti was written over two thousand years ago, but its brilliant verses are still applicable today because the basic quests of man remain the same—peace, prosperity and happiness. Imbibe Chanakya's wisdom to break loose from the web of troubles and create the life you desire on your terms. It is a treatise on the ideal way of life and shows Chanakya's deep study of the Indian way of life. Chanakya is regarded as a great thinker and diplomat in India. The book portrays about his ideologies and ideas in diverse situations, which are pertinent even to today's times. The topics discussed in this book are morality, ethics, governance and several others.

The Story of TATA Peter Casey 2021-08-23 In 1868, Jamsetji Tata, a visionary of his time, lit the flame that went on to become Tata and its group of companies. This business grew into an extraordinary one. One that some may even call 'the greatest company in the world'. Over the decades, the business expanded and prospered under the leadership of the various keepers of the flame, such as Sir Dorabji Tata, J.R.D Tata and Ratan Tata, to name a few. But, one day, the headlines boldly declared that the chairman of the board of Tata Sons, Cyrus Mistry, had been fired. What went wrong? In this exclusive and authorized book, insiders of the Tata businesses open up to Peter Casey for the first time to tell the story. From its humble beginnings as a mercantile company to its growth as a successful yet philanthropic organization to its recent brush with Mistry, this is a book that every business-minded individual must read.

Aushadh Darshan Swami Ramdev 2005

Shri Sai Satcharita Govind Raghunath Dabholkar 1999 Translated from original Marathi by Indira Kher, this work is a verse composition containing the known facts about Shri Sai Baba's life at Shirdi, and also his teachings seeks to meet a long-felt need. This is the Bible of Sai devotees in every sense of the term, In its veracity, sanctity, faith and devotion that it inspires and the deep satisfaction, a sense of fulfilment that it brings to the devotee, it has no equal. Its sanctity derives from the fact that its idea was conceived during Baba's lifetime and with his blessings and express permission. For those unaware of Shri Sai Satcharita it is necessary to add that in the original it runs into 53 chapters and contains over 9,000 verses. Every chapter has a judicious mixture of philosophy, stories and anecdotes along with the Baba's teachings.

Light of Truth Swami Dayananda Sarasvati 1915

The Story of Tata: 1868 to 2021 an Authorized Account of the Tata Family and Their Companies with Exclusive Interviews with Ratan Tata No Peter Casey 2022-03 The first and only authorized biography on Tata Group including the Tata-Mistry legal battle, exclusive interviews with Ratan Tata, and never-before-seen photographs of the Tata family. In 1868, Jamsetji Tata, a visionary of his time, lit the flame that went on to become Tata and its group of companies. This business grew into an extraordinary one. One that some may even call 'the greatest company in the world'. Over the decades, the business expanded and prospered under the leadership of the various keepers of the flame, such as Sir Dorabji Tata, J.R.D. Tata and Ratan Tata, to name a few. The Bharatendu: His Life and Times Madan Gopal 1972

[The Slaying of Meghanada](#) Michael Madhusudan Dutt 2004 Datta's deft intermingling of western and eastern literary traditions brought about a sea change in South Asian literature. His masterpiece is now accessible to readers of English in this translation, complete with introduction, notes and a glossary.

The Incredible Father Dr. Murhari Kele 2015-08-14 This book is the biography of biographers gem-like father Sopankaka, an ardent devotee of Lord Vitthal of Pandharpur from Maharashtra and a follower of the Warkari sect. Born in a downtrodden and marginalized community mired in superstition and ignorance, illiterate Sopankaka had to toil a lot to earn his bread and butter. While doing the

backbreaking work, he began his spiritual journey under the guidance of his guru. He began this journey through listening to recitation of scriptures by his guru and memorizing the matter the whole day while working. In this way he attained spiritual scholarship and became a master in his field. After getting acquainted with letters, this philanthropist educated people from his village, deaddicted them and made them get rid of superstitious practices. He showed them the virtuous path of divinity and ensured their well being through his noble guidance in day-to-day affairs. He spread his spiritual wisdom across Maharashtra through bhajans and kirtans. This book is the gripping account of an enlightened sage who not only brought transformation in his peoples lives but also moulded his children through upright values and education.
