Heart of the Dragon Peter Man 2018-06-09 Victoria, a Canadian teenager adopted from China as a baby, goes through incredible adventures in China and America to discover her mysterious background. Victorias odyssey is interwoven with the amazing story of the first warrior queen of China during the Shang dynasty, circa 1200 BCE. Victoria is also linked to a northeastern barbarian tribe at the beginning of the Han dynasty, circa 200 BCE. These barbarians and their descendants would one day rule China and become a part of China. The famous Mulan was from that barbarian ruled era. Many of the mysteries are encoded in the ancient Chinese Oracle Bone writing. Victoria also learns the origins of the Chinese and other ancient civilizations. They are all related to a mythical paradise planet known as Shangala, which colonized the red giants Betelgeuse of Orion and Antares of Scorpio, the latter also known as the Heart of the Dragon.

A Companion to Victorian Poetry Ciaran Cronin 2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it. Approaches Victorian poetry by way of genre, production and cultural context, rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts. Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter

Victorian Vigilante - Le infernali macchine del dottor Morse (Vol. 2) Vittoria Corella 2015-10-11
1890. L'assetto europeo manifesta già i germi di una guerra mondiale e vede contrapposte due scuole di pensiero scientifiche: i Maniscalchi inglesi seguaci dell'Ergomeccatronica, che sfruttano esoscheletri potenziati per implementare le capacità di lavoratori e soldati, e i Senza Dio fautori della Meccagenetronica, localizzati nell'Europa dell'Est, che hanno sviluppato terrificanti ibridazioni uomo-macchina. A Londra s'innesca una battaglia senza quartiere tra il misterioso vigilante mascherato Spettro di Nebbia, il Sergente Malachy Murphy e la spietata Baba Yaga, una donna meccanica alle dipendenze del Dottor Anton Morse, genio della Meccagenetronica dai loschi fini. Nella lotta verranno coinvolti anche il giovane tagliatore di diamanti ebreo Mordecai Gerolamus, perseguitato da invisibili e inquietanti demoni, la giornalista d'assalto Catherine "Orlando" Swan e suo fratello Percy, direttore del Giornale. In questo secondo episodio molti segreti verranno alla luce e il destino di Spettro di Nebbia si incrocerà inesorabilmente con quello dei suoi nemici, a cominciare da Vassilissa, la Baba Yaga.

Beaudelaire's 'The Victorians' series, now available in one volume! Keeping Katerina: The 1840s is a time of increasing social awareness, particularly for progressive cotton mill owner Adrian Bennett and his son Christopher. But one social issue Christopher has never considered much is violence against women. A chance encounter with Katerina Valentino changes everything, as Christopher becomes entranced by the delicate, dark-haired beauty. But is Christopher's tender affection enough to help Katerina heal her broken spirit? Devin's Dilemma: Brighton, England, 1856. For young solicitor Devin Bennett, building his career is his foremost goal. The last thing he expects is Harry: an intense, intelligent and interesting girl Devin can't stop dreaming about. But Harry is hiding something from him, something that might tear them apart and whisk her off to the far side of the world. From the sea-swept beauty of Brighton to exotic Bombay, the Bennett family saga continues in another tale of love beyond the limits of injustice. Colin's Conundrum: Colin Butler is in deep trouble. Years of hard work and frugal living have finally failed, leaving his estate on the brink of disaster. A last-ditch effort to stay out of prison finds him walking the long road to London. Meanwhile, Daisy Grainger - an innkeeper's daughter in a small town - is looking for a comfortable life away from the man her father has been trying to convince her to marry. When the two meet, instant attraction turns to complications, as a series of misunderstandings leaves the couple married, consummated and trapped. Can Colin and Daisy work together to bring hope in the darkest of situations, or will the unlikely couple meet a rocky end?

Giants of the Seas Aaron Saunders 2013-10-01 The cruise ship market is a 30 billion-dollar industry, and in 2013 it is estimated that it will carry more than 20 million passengers; nor is there any sign of a slow down in the seven percent annual growth. What keeps the passengers coming in such huge numbers isn't the food, the ports or the entertainment. They come for the magnificent floating palaces themselves, the giants of the sea. In this new book, the author showcases the most influential cruise ships of the last three decades beginning with Royal Caribbean's ground-breaking Sovereign of the Seas. When she was launched in 1988 she was the largest passenger ship constructed since Cunard's Queen Mary entered service some 48 years earlier, and her entry into service sparked a fiercely competitive building boom that continues to this day. The reader is taken aboard thirty of the most spectacular ships to reveal how their innovative designs changed the landscape of modern cruising. By employing original and archival photographs, deck plans, cruise programmes, as well as the author's intimate knowledge of many of these vessels, a unique picture is built up of these great ships and it becomes clear that the true Golden Age of Cruising is not in some distant past but exists right now, and that its origins can be traced back to one ship, launched in 1988. A truly sumptuous and fascinating book for all those drawn to the world of the modern cruise ship. As seen in Ships Monthly Magazine

A Companion to V. J. Kerry Grant 2011-03-15 To the uninitiated, Thomas Pynchon's V. seems to defy comprehension with its open-ended and fragmented narrative, huge cast of characters (some 150 of them), and wide range of often obscure references. J. Kerry Grant's Companion to "V." takes us through the novel chapter by chapter, breaking through its daunting surface by summarizing events and clarifying Pynchon's many allusions. The Companion draws extensively from existing critical and explicative work on V. to suggest the range of interpretations that the novel can support. The hundreds of notes that comprise the Companion are keyed to the three most widely cited editions of V. Most notes are interpretive, but some also provide historical and cultural contexts or help to resurrect other nuances of meaning. Because it does not constitute a particular "reading" of, or "take" on, the novel, the Companion will appeal to a wide range of users. Rather than attempting to make final sense of the novel, the Companion exposes and demystifies Pynchon's intent to play with our conventional attitudes about fiction.

Clan Novel Ventrue Gherbod Fleming 2019-03-05 The Vampire the Masquerade Clan Novel Saga is a thirteen-volume masterpiece, presenting the war between the established Camarilla leadership and the growing power of the brutal Sabbat on the East Coast of the United States. Each novel is told from the perspective of one of the thirteen clans, intertwining with the others, and filling in missing pieces artfully as we follow battle after battle, intrigue after intrigue—and the appearance of a strange artifact that falls into the hands of a solitary Toreador sculptor. Clan Novel Ventrue is the fifth in the series. War rages among the children of the night. The monstrous vampires of the Sabbat ravage the East Coast from Savannah to Washington, D.C. Camarilla princes who ruled for centuries are ashes on the wind, burning cities the only witnesses to their passing. Elders of the Camarilla call on Jan Pieterzoon, Ventrue child of privilege, to turn the tide of battle. To succeed in his task, he must navigate a minefield of shifting alliances, where tonight's co-conspirator is tomorrow's enemy. If Jan can survive his friends, he might just have a chance against the Sabbat. This series is a monumental, 13-novel exploration of the forbidden world of the Kindred. What began in Clan Novel: Toreador continues here, and its ending will determine the fate of every human—and inhuman—being in the world.

Clan Novel Nosferatu Gherbod Fleming 2019-05-17 The Vampire the Masquerade Clan Novel Saga is a thirteen-volume masterpiece, presenting the war between the established Camarilla leadership and the growing power of the brutal Sabbat on the East Coast of the United States. Each novel is told from the perspective of one of the thirteen clans, intertwining with the others, and filling in missing pieces artfully as we follow battle after battle, intrigue after intrigue—and the appearance of a strange artifact that falls into the hands of a solitary Toreador sculptor. Clan Novel Nosferatu is the thirteenth novel in the series. Lowliest and most scorned of vampires, the Kindred of Clan Nosferatu know better than most the horrors that lie far beneath the streets. Little did Calebros, among the foremost of the brethren, suspect that his clan's suggestion to Victoria Ash of a celebration in Atlanta would be a new beginning for a complex spiral of interlocking events that is completely changing the face of the Kindred world. Calebros must comprehend all this while pursuing his clan's course of vengeance against a desperate and deadly enemy. Meanwhile, a great war between the Camarilla and the Sabbat seems to be coming to another cessation. What is Calebros to make of the fact that it is concluding in New York City, where also resides the Eye of Hazimel, an empowered neonate named Leopold, the sorcerous enemy his clan has sought, and SOMETHING that is lurking beneath the streets? This series is a monumental 13-novel exploration of the forbidden world of the Kindred. What began in Clan Novel: Toreador continues here, and its ending will determine the fate of every human—and inhuman—being in the world.

Winter Solstice Rosamunde Pilcher 2011-04-01 In Winter Solstice Rosamunde Pilcher brings her readers into the lives of five very different people.... Elfrida Phipps, once of London's stage, moved to the English village of Dibton in hopes of making a new life for herself. Gradually she settled into the comfortable familiarity of village life -- shopkeepers knowing her tastes, neighbors calling her by name -- still she finds herself lonely. Oscar Blundell gave up his life as a musician in order to marry Gloria. They have a beautiful daughter, Francesca, and it is only because of their little girl that Oscar views his sacrificed career as worthwhile. Carrie returns from Austria at the end of an ill-fated affair with a married man to find her mother and aunt sharing a home and squabbling endlessly. With Christmas approaching, Carrie

agrees to look after her aunt's awkward and quiet teenage daughter, Lucy, so that her mother might enjoy a romantic fling in America. Sam Howard is trying to pull his life back together after his wife has left him for another. He is without home and without roots, all he has is his job. Business takes him to northern Scotland, where he falls in love with the lush, craggy landscape and sets his sights on a house. It is the strange rippling effects of a tragedy that will bring these five characters together in a large, neglected estate house near the Scottish fishing town of Creagan. It is in this house, on the shortest day of the year, that the lives of five people will come together and be forever changed. Rosamunde Pilcher's long-awaited return to the page will warm the hearts of readers both old and new. *Winter Solstice* is a novel of love, loyalty and rebirth.

The Victorian Christmas Anna Selby 2008-11-24 The author of *Food Through the Ages* presents a festive overview of Dickens-era Christmas traditions—from decorations and songs to games and recipes. Anna Selby discusses how the Victorians invented many of the Christmas traditions we enjoy today from Christmas trees and cards to carols and Father Christmas himself. Dickens and Prince Albert shaped how many people view the British Christmas, an idea explored in the opening chapter. There is an emphasis on Victorian food, including authentic wassailing recipes and an easy introduction to planning traditional Christmas foods and traditional decorations. It offers readers a chance to enjoy a traditional Christmas, one centered around the home, family, and simple decorations made from nature, a far cry from the materialistic Christmases we have today. This lovely book reminds us all just how enjoyable Christmas really is and shows us how to recreate our favorite traditions and recapture the magic of Christmas.

Capitals, Aristocrats, and Cougars Alan Livingstone MacLeod 2021-10-05 A fascinating and in-depth look at Victoria's largely unknown professional hockey players in the early twentieth century, and the historical context in which they played. For most hockey fans hailing from Canada's westernmost province, the sport's most coveted prize, the Stanley Cup, has remained frustratingly elusive for nearly a century. But what many people do not know is that the west coast, and in particular the city of Victoria, was once a hockey mecca, where superstars flourished, Hall of Famers were made, and big victories—yes, even the Stanley Cup of 1925—were won. *Capitals, Aristocrats, and Cougars* is a deep dive into the world of professional hockey in Victoria from 1911 to 1925, an era that saw forty-nine men take their turns in one of the city's newly minted teams. It was also an era of unprecedented social, economic, and political change, a period that spanned the First World War and redefined Canada's national identity. With meticulous research and encyclopedic knowledge, author, historian, and consummate hockey fan Alan Livingstone MacLeod chronicles the key players, coaches, arena builders, and team visionaries who contributed to this long-forgotten chapter of hockey history, and puts them all in the context of what was going on in the world at the time. This in-depth account is sure to delight history buffs and hockey fans alike.

Charline's Solstice S Bolanos 2021-12-02 All Charline wanted was happily ever after. Instead, werewolf politics might tear her and David apart forever. Knight in almost shining armor ✓ A perfectly quaint small town ✓ Best sex ever ✓✓ Charline Montgomery has Southern charm in spades. What she doesn't have is any understanding of werewolf politics. But that's not about to stop her from accepting her new beau's offer to spend the summer together at the pack's House. Not only is David Bringer sexy-as-hell and quite possibly the most incredible man she's ever met, he also saved her best friend's life. A force to be reckoned with, Charline leverages her culinary skills with the goal of winning over his entire extended family. Considering she didn't even know werewolves existed a year ago, she thinks she's doing a pretty good job fitting in. That is...until a blast from David's past sends everything to hell in a handbasket. Faster than butter can melt on a hot pan, a lifetime of doubts and insecurities cloud Charline's sunny disposition. Determined to prove her mama didn't raise no quitter, she pours on the honey. It might have worked too, except an insurrection seems to be brewing within the pack, turning her furry friendlies into ferocious hostiles. Forget saving her relationship. Charline might not make it out with her life. This is not the fairytale she signed up for... *Charline's Solstice* can be read as a stand alone, but for maximum enjoyment should be read after *Sara's Moon*. Charline's story is full of Southern sass, life-lessons from Mama, baking to make your mouth water, a delicious werewolf boyfriend, and a hard-won HEA sure to melt any heart. CW: bullying, gaslighting, miscarriage, consent by duplicity, extreme violence, death.

Sunless Solstice Library British 2021-10 Another festive edition to the Tales of the Weird series, following on from Spirits of the Season and Chill Tidings. A unique selection ranging from the spooky haunted houses of Victorian Christmastime to experimental twentieth-century horrors. It offers a truly international scope of stories, from the pine forests of Canada to the peaks of the Alps. Like any other boy I expected ghost stories at Christmas, that was the time for them. What I had not expected, and now feared, was that such things should actually become real. Strange things happen on the dark wintry nights of December. Welcome to a new collection of haunting Christmas tales, ranging from traditional Victorian chillers to weird and uncanny episodes by twentieth-century horror masters including Daphne du Maurier and Robert Aickman. Lurking in the blizzard are menacing cat spirits, vengeful trees, malignant forces on the mountainside and a skater skirting the line between the mortal and spiritual realms. Wrap up warm - and prepare for the longest nights of all.

Quarterly Review 1863

Lynn and Joe Lynn Sugayan 2012-11-01 Joe Sugayan--a sculptor and drummer meets Lynn Danielle-a dancer, a poet, an artist, a lifelong student of existentialism, a single mother grieving for displaced sons, at a time in her life when she is attempting to revive her whimsically invented heroine, Pollyanna Pangloss, (think optimism on steroids) by dancing on Bokonon's highway of "Peculiar travel suggestions." In reality Lynn takes up the time-honored tradition of renewing her virginity in the sea, a nearly forgotten ritual established by Aphrodite. When she meets the drummer his beats take possession of her feet and her heart; he is an artist who sculpts life as well as wood. Joe is real, the quintessential Ares, a disciple of experience. Lynn is real. Her daughter Marika is more capricious than Puck. The poets are real. For their own amusement the classic cast of the Pantheon have, unbeknownst to anyone, possessed a group of San Francisco Bay Area poets and their interventions further the plot. Lynn's world turns upside down. What kind of feet does she land on? Are they His or are they Hers? This book is a fictitiously honest exploration of real life magic and a totally honest journal of Victorian home restoration. Existentialism? Garden-variety madness? Who is in control?
