Soumchi Amos Oz 2012-08-21 A tale of “dazzling brilliance . . . a simple story which conveys boundless meanings both modest and diverse, set in Jerusalem directly after WWII” (Historical Novel Society). When Soumchi, an eleven-year-old boy growing up in British-occupied Jerusalem just after World War II, receives a bicycle as a gift from his Uncle Zemach, he is overjoyed—even if it is a girl’s bicycle. Ignoring the taunts of other boys in his neighborhood, he dreams of riding far away from them, out of the city and across the desert, toward the heart of Africa. But first he wants to show his new prize to his friend Aldo. In the tradition of such memorable characters as Huckleberry Finn and Holden Caulfield, Amos Oz’s Soumchi is fresh, funny, and always engaging. “What a difference spirit and talent make! . . . told . . . with zest and buoyant humor, from the dual viewpoint of the alternately crushed and elated Soumchi and the amused author who delights in his boyhood excesses.” —Kirkus Reviews “Oz shows a remarkable ability to stay true to his character and expand him fully into a multi-faceted jewel. Soumchi is a concise read which enhances each person’s view on life, possessions, and how tender life and far-reaching imagination can be at such a sensitive age.” —Historical Novel Society

Dinner with Edward Isabel Vincent 2016-05-24 A memoir of food and friendship “combining the warm-heartedness of Tuesdays with Morrie with the sensual splendor of Julie and Julia” (Booklist, starred review). Isabel Vincent first arrives at Edward’s New York apartment to check on him as a favor to his daughter. She has no idea that the nonagenarian baking a sublime roast chicken and a light-as-air apricot soufflé will end up changing her life. But their meeting comes at a moment of transition for each of them: Edward wants nothing more than to follow his late wife to the grave, while Isabel is watching her marriage unravel. As Edward and Isabel meet weekly for the glorious dinners that Edward prepares, he shares so much more than his recipes for apple galette or the perfect martini, or even his tips for deboning poultry. Edward teaches Isabel the art of slowing down, taking the time to think through her own life—cutting it back to the bone and examining the guts, no matter how messy that proves to be. Dinner with Edward is a book about love and nourishment, and

about how dinner with a friend can, in the words of M. F. K. Fisher, “sustain us against the hungers of the world.” “A rare, beautifully crafted memoir that leaves you exhilarated.” —Rosemary Sullivan, author of *Stalin’s Daughter* “This is a memoir to treasure.” —Booklist (starred review)

Benediction Kent Haruf 2013-02-26 From the beloved and best-selling author of *Plainsong* and *Eventide* comes a story of life and death, and the ties that bind, once again set out on the High Plains in Holt, Colorado. When Dad Lewis is diagnosed with terminal cancer, he and his wife, Mary, must work together to make his final days as comfortable as possible. Their daughter, Lorraine, hastens back from Denver to help look after him; her devotion softens the bitter absence of their estranged son, Frank, but this cannot be willed away and remains a palpable presence for all three of them. Next door, a young girl named Alice moves in with her grandmother and contends with the painful memories that Dad's condition stirs up of her own mother's death. Meanwhile, the town's newly arrived preacher attempts to mend his strained relationships with his wife and teenaged son, a task that proves all the more challenging when he faces the disdain of his congregation after offering more than they are accustomed to getting on a Sunday morning. And throughout, an elderly widow and her middle-aged daughter do everything they can to ease the pain of their friends and neighbors. Despite the travails that each of these families faces, together they form bonds strong enough to carry them through the most difficult of times. Bracing, sad and deeply illuminating, *Benediction* captures the fullness of life by representing every stage of it, including its extinction, as well as the hopes and dreams that sustain us along the way. Here Kent Haruf gives us his most indelible portrait yet of this small town and reveals, with grace and insight, the compassion, the suffering and, above all, the humanity of its inhabitants.

Bezoar Guadalupe Nettel 2020-08-11 One of the most important and watched writers of today. Intricately woven masterpieces of craft, mournful for their human cries in defiance of our sometimes less than human surroundings, Nettel's stories and novels are dazzlingly enjoyable to read for their deep interest in human foibles. Following on the critical successes of her previous books, here are six stories that capture her unsettling, obsessive universe. "Ptosis" is told from the point of view of the son of a photographer whose work involves before and after pictures of patients undergoing cosmetic eye surgeries. In "Through Shades," a woman studies a man interacting with a woman through the windows of the apartment across the street. In one of the longer stories, "Bonsai," a man visits a garden, and comes to know a gardener, during the period of dissolution of his marriage. "The Other Side of the Dock" describes a young girl in search of what she terms "True Solitude," who finds a fellow soul mate only to see the thing they share lose its meaning. In "Petals," a woman's odor drives a man to search for her, and even to find her, without quenching the thirst that is his undoing. And the title story, "Bezoar," is an intimate journal of a patient writing to a doctor. Each narrative veers towards unknown and dark corridors, and the pleasures of these accounts lie partly in the great surprise of the familiarity together with the strangeness.

Night of Knives Ian C. Esslemont 2009-05-12 Drawing on events touched on in the prologue of Steven Erikson's landmark fantasy *Gardens of the Moon: A Malazan Book of the Fallen*, *Night of Knives* is the first in Ian C. Esslemont's *Novels of the Malazan Empire* series--a momentous chapter in the unfolding story of the extraordinarily imagined world of Malaz. The small island of Malaz and its city gave the great empire its name, but now it is little more than a sleepy, backwater port. Tonight, however, things are different. Tonight the city is on edge, a hive of hurried, sometimes violent activity; its citizens bustle about, barring doors, shuttering windows, avoiding any stranger's stare. Because tonight there is to be a convergence, the once-in-a-generation appearance of a Shadow Moon--an occasion that threatens the good people of Malaz with demon hounds and other, darker things... It was also prophesied that this night would witness the return of Emperor Kellanved, and there are those prepared to do anything to prevent this happening. As factions within the greater Empire draw up battle lines over the imperial throne, the Shadow Moon summons a far more ancient and potent presence for an all-out assault upon the island. Witnessing these cataclysmic events are Kiska, a young girl who yearns to flee the constraints of the city, and Temper, a grizzled, battle-weary veteran who seeks simply to escape his past. Each is to play a part in a conflict that will not only determine the fate of Malaz City, but also of the world beyond... The Tie That Binds Kent Haruf 2010-05-12 From the bestselling author of *Eventide*, *The Tie That Binds* is a powerfully eloquent tribute to the arduous demands of rural America, and of the tenacity of the human spirit. Colorado, January 1977. Eighty-year-old Edith Goodnough lies in a hospital bed, IV taped to the back of her hand, police officer at her door. She is charged with murder. The clues: a sack of chicken feed slit with a knife, a milky-eyed dog tied outdoors one cold afternoon. The motives: the brutal business of farming and a family code of ethics as unforgiving as the winter prairie itself. Here, Kent Haruf delivers the sweeping tale of a woman of the American High Plains, as told by her neighbor, Sanders Roscoe. As Roscoe shares what he

knows, Edith's tragedies unfold: a childhood of pre-dawn chores, a mother's death, a violence that leaves a father dependent on his children, forever enraged. Here is the story of a woman who sacrifices her happiness in the name of family--and then, in one gesture, reclaims her freedom.

Mind and Places Anna Anzani 2020-05-12 This book explores the contributions of psychological, neuroscientific and philosophical perspectives to the design of contemporary cities. Pursuing an innovative and multidisciplinary approach, it addresses the need to re-launch knowledge and creativity as major cultural and institutional bases of human communities. Dwelling is a form of knowledge and re-invention of reality that involves both the tangible dimension of physical places and their mental representation. Findings in the neuroscientific field are increasingly opening stimulating perspectives on the design of spaces, and highlight how our ability to understand other people is strongly related to our corporeity. The first part of the book focuses on the contributions of various disciplines that deal with the spatial dimension, and explores the dovetailing roles that science and art can play from a multidisciplinary perspective. In turn, the second part formulates proposals on how to promote greater integration between the aesthetic and cultural dimension in spatial design. Given its scope, the book will benefit all scholars, academics and practitioners who are involved in the process of planning, designing and building places, and will foster an international exchange of research, case studies, and theoretical reflections to confront the challenges of designing conscious places and enable the development of communities.

Moshi Moshi Banana Yoshimoto 2016-12-01 "A beautiful translation...Yoshimoto deploys a magically Japanese light touch to emotionally and existentially tough subject matter: domestic disarray, loneliness, identity issues, lovesickness...[a] nimble narrative." —ELLE In *Moshi Moshi*, Yoshie's much-loved musician father has died in a suicide pact with an unknown woman. It is only when Yoshie and her mother move to Shimokitazawa, a traditional Tokyo neighborhood of narrow streets, quirky shops, and friendly residents that they can finally start to put their painful past behind them. However, despite their attempts to move forward, Yoshie is haunted by nightmares in which her father is looking for the phone he left behind on the day he died, or on which she is trying—unsuccessfully—to call him. Is her dead father trying to communicate a message to her through these dreams? With the lightness of touch and surreal detachment that are the hallmarks of her writing, *Banana Yoshimoto* turns a potential tragedy into a poignant coming-of-age ghost story and a life-affirming homage to the healing powers of community, food, and family.

The Boundaries of Europe Pietro Rossi 2015-04-24 Europe's boundaries have mainly been shaped by cultural, religious, and political conceptions rather than by geography. This volume of bilingual essays from renowned European scholars outlines the transformation of Europe's boundaries from the fall of the ancient world to the age of decolonization, or the end of the explicit endeavor to "Europeanize" the world. From the decline of the Roman Empire to the polycentrism of today's world, the essays span such aspects as the confrontation of Christian Europe with Islam and the changing role of the Mediterranean from "mare nostrum" to a frontier between nations. Scandinavia, eastern Europe and the Atlantic are also analyzed as boundaries in the context of exploration, migratory movements, cultural exchanges, and war. *The Boundaries of Europe*, edited by Pietro Rossi, is the first installment in the ALLEA book series *Discourses on Intellectual Europe*, which seeks to explore the question of an intrinsic or quintessential European identity in light of the rising skepticism towards Europe as an integrated cultural and intellectual region.

Interaction and Mobility Pentti Haddington 2013-05-28 How do people interact when they are on the move? How do people interact in order to be mobile? How do people coordinate the mobility of others? How does mobility feature in social interaction? 'Multimodal interaction' and 'mobility' are of increasing interest to scholars across disciplines. *Interaction and mobility* is the first book to study these aspects comprehensively. It

provides cutting-edge research by international scholars who use video-recordings of real-life everyday interactions for studying in close detail human social interaction in such diverse multimodal settings as airplanes, cars, traffic control centres, dance schools, museums and other public places, and as part of such activities as instructing, navigating, identifying an enemy on the battlefield, organising a meeting, playing videogames, shopping, performing and dancing. Together, these studies highlight features of social interaction, including language, embodied conduct, and spatial and material orientation, for being mobile, for interacting on the move, so that mobility becomes a ubiquitous feature of our lives. This book is a valuable resource to anyone interested in multimodal interaction and mobility.

Where You Once Belonged Kent Haruf 2011-11-09 In *Where You Once Belonged*, the bestselling and award-winning novelist of *Eventide*, Kent Haruf tells of a small-town hero who is dealt an enviable hand--and cheats with all of the cards. In prose as lean and supple as a spring switch, Haruf describes a high school football star who wins the heart of the loveliest girl in the county and the admiration of men twice his age. Fun-loving, independent, Burdette engages in the occasional prank. But when he turns into a man, his high jinks turn into crimes--with unspeakable consequences. Now, eight years later, Burdette has returned to commit his greatest trespass of all. And the people of Holt may not be able to stop him.

The Philosophy of the Imagination in Vico and Malebranche Paolo Fabiani 2009 This book is a retrospective view of modern philosophical anthropology through the works of two of its greatest exponents. the author demonstrates how mythology, the philosophy of history and language and Vico's concept of man had as a constant referral point Malebranche's psychology with its Cartesian formulation. The idolatrous and mythopoietic imagination that is described in *La Scienza Nuova* (New Science) has much in common with the "pagan" mind (that is to say the mind subjugated to passions, sensitivity and fantasy that is described in *La Recherche* (The Search after Truth). Some of the themes discussed here are myth, the metaphoric nature of thought, idolatry, the formation of mentality, the relationships which bind passions and representations and the association of ideas through iconic images. Also discussed are other themes such as the structure of society and imagination, imitation, persuasion and social relationships, communication within society between illustrious imaginations. Moreover in Malebranche has been found a complex and complete theory of imaginative universals (*universali fantastici*). The philosophy of the imagination in Vico and Malebranche is translated and edited by Giorgio A. Pinton.

Cultural Strategy Douglas Holt 2010-10-28 How do we explain the breakthrough market success of businesses like Nike, Starbucks, Ben & Jerry's, and Jack Daniel's? Conventional models of strategy and innovation simply don't work. The most influential ideas on innovation are shaped by the worldview of engineers and

economists - build a better mousetrap and the world will take notice. Holt and Cameron challenge this conventional wisdom and take an entirely different approach: champion a better ideology and the world will take notice as well. Holt and Cameron build a powerful new theory of cultural innovation. Brands in mature categories get locked into a form of cultural mimicry, what the authors call a cultural orthodoxy. Historical changes in society create demand for new culture - ideological opportunities that upend this orthodoxy. Cultural innovations repurpose cultural content lurking in subcultures to respond to this emerging demand, leapfrogging entrenched incumbents. Cultural Strategy guides managers and entrepreneurs on how to leverage ideological opportunities: - How managers can use culture to out-innovate their competitors - How entrepreneurs can identify new market opportunities that big companies miss - How underfunded challengers can win against category Goliaths - How technology businesses can avoid commoditization - How social entrepreneurs can develop businesses that appeal to more than just fellow activists - How subcultural brands can break out of the 'cultural chasm' to mass market success - How global brands can pursue cross-cultural strategies to succeed in local markets - How organizations can maximize their innovation capabilities by avoiding the brand bureaucracy trap Written by leading authorities on branding in the world today, along with one of the advertising industry's leading visionaries, Cultural Strategy transforms what has always been treated as the "intuitive" side of market innovation into a systematic strategic discipline.
