Rogue Economics Loretta Napoleoni 2011-01-04 What do Eastern Europe's booming sex trade, America's subprime mortgage lending scandal, China's fake goods industry, and celebrity philanthropy in Africa have in common? With biopirates trolling the blood industry, fish-farming bandits ravaging the high seas, pornography developing virtually in Second Life, and games like World of Warcraft spawning online sweatshops, how are rogue industries transmuting into global empires? And will the entire system be transformed by the advent of sharia economics? With the precision of an economist and the narrative deftness of a storyteller, syndicated journalist Loretta Napoleoni examines how the world is being reshaped by dark economic forces, creating victims out of millions of ordinary people whose lives have become trapped inside a fantasy world of consumerism. Napoleoni reveals the architecture of our world, and in doing so provides fresh insight into many of the most insoluble problems of our era.

Intimate Death Marie De Hennezel 2009-06-17 How do we learn to die? Most of us spend our lives avoiding that question, but this luminous book--a major best-seller in France--answers it with a directness and eloquence that are nothing less than transforming. As a psychologist in a hospital for the terminally ill in Paris, Marie de Hennezel has spent seven years tending to people who are relinquishing their hold on life. She tells the stories of her patients and

their families. de Hennezel teaches us how to turn death--our loved ones' or our own--from something lonely and agonizing into a sacred passage. She discusses the importance of an honest reckoning, the value of ritual, the necessity of touch. In imparting these lessons, *Intimate Death* becomes a guide to living more fully, more intensely, than we had thought possible.

"Unique...Of all the books I have read about the endings of our lives, this elegiac testimony has taught me the most."--Sherwin B. Nuland, M.D., author of *How We Die* "The quiet, obvious truths [de Hennezel] discovers in her work-- these things have a kind of cumulative power."--Washington Post Book World From the Trade Paperback edition.

Healing Invisible Wounds Richard F. Mollica 2008-12-29 In these personal reflections on his thirty years of clinical work with victims of genocide, torture, and abuse in the United States, Cambodia, Bosnia, and other parts of the world, Richard Mollica describes the surprising capacity of traumatized people to heal themselves. Here is how Neil Boothby, Director of the Program on Forced Migration and Health at the Mailman School of Public Health, Columbia University, describes the book: "Mollica provides a wealth of ethnographic and clinical evidence that suggests the human capacity to heal is innate--that the 'survival instinct' extends beyond the physical to include the psychological as well. He enables us to see how recovery from 'traumatic life events' needs to be viewed primarily as a 'mystery' to be listened to and explored, rather than solely as a 'problem' to be identified and solved. Healing involves a quest for meaning--with all of its emotional, cultural, religious, spiritual and existential attendants--even when bio-chemical reactions are also operative." *Healing Invisible Wounds* reveals how trauma survivors, through the telling of their stories, teach all of us how to deal with the tragic events of everyday life. Mollica's important discovery that humiliation--an instrument of violence that also leads to anger and despair--can be transformed through his therapeutic project into solace and redemption is a remarkable new contribution to survivors and clinicians. This book reveals how in every society we have to move away from viewing trauma survivors as "broken people" and "outcasts" to seeing them as courageous people actively contributing to larger social goals. When violence occurs, there is damage not only to individuals but to entire societies, and to the world. Through the journey of self-healing that survivors make, they enable the rest of us not only as individuals but as entire communities to recover from injury in a violent world.

Silk (Movie Tie-in Edition) Alessandro Baricco 2008-12-10 The year is 1861. Hervé Joncour is a French merchant of silkworms, who combs the known world for their gemlike eggs. Then circumstances compel him to travel farther, beyond the edge of the known, to a country legendary for the quality of its silk and its hostility to foreigners: Japan. There Joncour meets a woman. They do not touch; they do not even speak. And he cannot read the note she sends him until he has returned to his own country. But in the moment he does, Joncour is possessed.

Ocean Sea Alessandro Baricco 2000-06-27 "Exotic...erotic... *Ocean Sea* is highly romantic and breathtakingly lyrical."--The New York Times Book Review With *Silk*, his first novel to appear in English, Alessandro Baricco immediately proved himself to be a magical storyteller. With *Ocean Sea*, he has been acclaimed as the successor to Italo Calvino, and a major voice in modern literature. In *Ocean Sea*, Alessandro Baricco presents a hypnotizing postmodern fable of human malady--psychological, existential, erotic--and the sea as a means of deliverance. At the Almayer Inn, a remote shoreline hotel, an artist dips his brush in a cup of ocean water to paint a portrait of the sea. A scientist pens love letters to a woman he has yet to meet. An adulteress searches for relief from her proclivity to fall in love. And a sixteen-year-old girl seeks a cure from a mysterious condition which science has failed to remedy. When these people meet, their fates begin to interact as if by design. Enter a mighty tempest and a ghostly mariner with a thirst for vengeance, and the Inn becomes a place where destiny and desire battle for the upper hand. Playful, provocative, and ultimately profound, *Ocean Sea* is a novel of striking originality and wisdom.

Religious Orthodoxy and Popular Faith in European Society Ellen Badone 2021-02-09 By examining the ongoing tension between popular and official religion in Europe, this collection of essays contributes significantly to the continuing effort to understand the religious experience of ordinary people. Ranging from the Mediterranean to northern Europe and including both Roman Catholic and Eastern Orthodox traditions, the ethnographic contexts evoked in these essays enable us to see people actively and creatively shaping their religious domain, sometimes in collaboration with official ritual specialists, often in open rebellion against them. The use of folklore texts and extensive narrative quotations, combined with an approach highlighting key symbols such as pilgrimages and festas, provides a common theoretical orientation throughout the bookone that considers how religious discourses are formed by social disciplines and relationships of power and subordination. This volume includes "Spirits and the Spirit of Capitalism" by Jane Schneider, "The Priest and His People: The Contractual Basis for Religious Practice in Rural Portugal" by Caroline B. Brettell, "The Struggle for the Church: Popular Anticlericalism and Religiosity in Post-Franco Spain" by Ruth Behar, "Pilgrimage and Popular Religion at a Greek Holy Shrine" by Jill Dubisch, "Breton Folklore of Anticlericalism" by Ellen Badone, "Stories of Power, Powerful Stories: The Drunken Priest in Donegal" by Lawrence J. The Aquarian Gospel of Jesus Christ Levi H. Dowling 2022-05-17 The Aquarian Gospel of Jesus the Christ is a book by Levi H. Dowling who claimed that he had transcribed the text of the book from the kashic records, a purported compendium of mystical knowledge supposedly encoded in a non-physical plane of existence. In the later 20th century, it was adopted by New Age spiritual groups. The title is derived from the practice in astrology of naming time periods in terms of constellations and their dominant positions in the sky, according to the earth's axial precession. In that system, the Age of Aquarius is approaching.

Get Us Out of Here!! Nicky Eltz 2002-12-01 Dear Reader, What you are now holding is a most interesting book. The world beyond is speaking. It is offering advice, asking for help and giving answers. It exists and speaks about life -- our life here on earth and of possible consequences of our behaviour. It tells us that it is not the same to be humble, loving, good, merciful, loyal and honest as it is to be proud, loveless, bad, merciless, betraying and dishonest. At death this is not forgotten but rather remembered in total clarity. Not only is the punishment, or better yet the cleansing, spoken about; but also the length of this cleansing is so very much more. Then you ask yourself, is it possible? In the Catholic church one speaks about a transitory state which for a very long time has been referred to as Purgatory. Despite there being different theories, this state is always taken seriously. One needs it because one can only come

before God cleansed and pure.

Max Bill's View of Things Claude Lichtenstein 2014-09 The international touring exhibition "Die gute Form" was conceived by Max Bill on behalf of the Swiss Werkbund and was shown for the first time in 1949 at the Basel Mustermesse trade fair. The exhibition consisted of 80 display panels, designed by Bill, presenting a selection of consumer goods from all over the world, chosen by Bill as examples of good design. The show caused some upset in Switzerland and fuelled heated debates abroad. But it also exerted a wide-reaching influence - for example, upon the way in which consumer goods were perceived. This publication documents Bill's initiative in reproductions of the original display panels and layout plans for the venues visited by the exhibition, and places Die gute Form in a theoretical context that considers its reception and impact within the history of design.

Jesuit Kaddish James Bernauer, S.J. 2020-03-30 While much has been written about the Catholic Church and the Holocaust, little has been published about the hostile role of priests, in particular Jesuits, toward Jews and Judaism. *Jesuit Kaddish* is a long overdue study that examines Jesuit hostility toward Judaism before the Shoah and the development of a new understanding of the Catholic Church's relation to Judaism that culminated with Vatican II's landmark decree *Nostra aetate*. James Bernauer undertakes a self-examination as a member of the Jesuit order and writes this story in the hopes that it will contribute to interreligious reconciliation. *Jesuit Kaddish* demonstrates the way Jesuit hostility operated, examining Jesuit moral theology's dualistic approach to sexuality and, in the case of Nazi Germany, the articulation of an unholy alliance between a sexualizing and a Judaizing of German culture. Bernauer then identifies an influential group of Jesuits whose thought and action contributed to the developments in Catholic teaching about Judaism that eventually led to the watershed moment of *Nostra aetate*. This book concludes with a proposed statement of repentance from the Jesuits and an appendix presenting the fifteen Jesuits who have been honored as "Righteous Among the Nations" by Israel's Yad Vashem Holocaust Center. *Jesuit Kaddish* offers a crucial contribution to the fields of Catholicism and Nazism, Catholic-Jewish relations, Jesuit history, and the history of anti-Semitism in Europe.
