The Oxford Handbook of Children's Musical Cultures Patricia Shehan Campbell 2013-02-14 The Oxford Handbook of Children's Musical Cultures is a compendium of perspectives on children and their musical engagements as singers, dancers, players, and avid listeners. Over the course of 35 chapters, contributors from around the world provide an interdisciplinary enquiry into the musical lives of children in a variety of cultures, and their role as both preservers and innovators of music. Drawing on a wide array of fields from ethnomusicology and folklore to education and developmental psychology, the chapters presented in this handbook provide windows into the musical enculturation, education, and training of children, and the ways in which they learn, express, invent, and preserve music. Offering an understanding of the nature, structures, and styles of music preferred and used by children from toddlerhood through childhood and into adolescence, The Oxford Handbook of Children's Musical Cultures is an important step forward in the study of children and music.

Dancing Feet! Lindsey Craig 2011-02-16 Clickity! Clickity! Long green feet! Who is dancing that clickity beat? Lizard is dancing on clickity feet. Clickity! Clickity! Happy feet! Introducing a get-up-and-dance toddler book-so catchy and rhythmic, you'll almost want to sing it. Lindsey Craig's rollicking text features funny sound words (Tippity! Creepity! Stompity! Thumpity!), dancing animals, a singsong beat, and a guessing element just easy enough for preschoolers to anticipate. Marc Brown's artwork is bright, textured, and joyful, a collage of simple shapes for kids to find and name. So grab a partner and tap your feet to this read-aloud picture-book treat.

Teen Volunteer Services in Libraries Kellie M. Gillespie 2004 Aimed at both experienced and new volunteer managers, this guide offers practical advice about starting and maintaining effective teen volunteer programs in school and

public libraries. With sensitivity for teens' special needs and their lack of experience in the workplace, it covers the basics of interviewing, training, and supervising. Included are profiles of several library volunteer programs with sample forms and promotional materials, lively anecdotes from the library world, and tips from successful managers of teen volunteers.

Experience the Miracles of Giving V. O'C. Davis 2008-03 The stories inside are interesting, emotional, and inspiring. They are both negative and positive surrounding lessons everyone needs about life, death, and grieving. The patients in these stories are children who were diagnosed with life threatening illnesses. Every child referred to us was not expected to live very long. Many of them have died but others have survived their illnesses in spite of their bleak diagnosis. This book was written by parents, siblings, friends, volunteers and even a few stories from the patients themselves. They have shared their deepest feelings and the roller coaster rides that accompany a serious illness. Anyone out there that has been through a health crisis with a loved one can relate to the authors in this book. Reading this book can assist others in understanding that they are not alone, and their unstable emotions and fears are very normal during the worst of times. Keeping a positive attitude is essential for survival. Throughout the book you will read about the importance of the volunteers who gave money, time, and prayers to keep the patients' and their families' attitudes on a positive note and helped them create happy memories. I want to emphasize that volunteering your time to assist others in need can be very important and rewarding to your own lives. When your faith is strong and your heart is in the right place, even if things do not go as planned, God will bless you for your efforts and you will learn another new lesson in life.

Music and Sound Education has been specifically written for pre-service teachers who are studying music education curriculum or pedagogy subjects. It features the voices of leading international academics in the field to illuminate issues of importance in preparing pre-service teacher education students. The engaging examples provided in each chapter are drawn from real-life educational settings, and enable readers to critically explore the perspectives presented by the authors and consider the application of such perspectives in their future practice.

The Lone Missionary Eddie Rainbolt 2020-07-30 The book is about a man serving as a homebound missionary in a rural area. When his colleague is downsized he struggles with bitterness and resentment. But he is challenged to move forward when a new missionary is hired against his wishes.

Back and Forth Forever; a Biography Edward Tarmac 2020-09-23 The book *Back and Forth Forever; A Biography* is an inciteful treatise on the life and experiences of Stephen Clements that portrays the individual in his Bildungsroman and formative development as a worthy cynosure of interest and admiration. He had lived in an unorthodox and Bohemian lifestyle as he progressed into a genuine and complete boulevardier and dilettante. Primordially disadvantaged, he did overcome debilitating and obtrusive obstacles that enabled him an exponentially and compensatory advantage as he dealt with his conflicts and inherit deficits by overachieving. His experiences are for the most part idiopathic as he has a vast knowledge and inner drive to pursue high ideals and a propensity for the unconventional. He strives for recognition and appreciation that he was ill-afforded.

Mama Africa! Kathryn Erskine 2017-10-10 Miriam Makeba, a Grammy Award-winning South African singer, rose to fame in the hearts of her people at the pinnacle of apartheid—a brutal system of segregation similar to American Jim Crow laws. Mama Africa, as they called her, raised her voice to help combat these injustices at jazz clubs in Johannesburg; in exile, at a rally beside Dr. Martin Luther King, Jr.; and before the United Nations. Set defiantly in the present tense, this biography offers readers an intimate view of Makeba's fight for equality. Kathryn Erskine's call-and-response style text and Charly Palmer's bold illustrations come together in a raw, riveting duet of protest song and praise poem. A testament to how a single voice helped to shake up the world—and can continue to do so.

Kids Can Listen! Kids Can Move! Lynn Kleiner 2003 Lynn Kleiner presents her creative ideas and stories for movement and percussion-playing as she delights preschool through primary-age children with orchestral favorites. There are selections for marching, dancing, trotting, skipping, jumping, hiding, sleeping, playing instruments, entering class, and saying goodbye. Lots of fun, this book will allow teachers to capture children's interest in orchestral music for a lifetime. The CD contains 25 tracks including selections from Bizet's *Carmen*, Saint-Saëns' *Carnival of the Animals*, Dvorák's *New World Symphony*, Haydn's *Surprise Symphony*, and many more.

Wind Driven Wendy Kinney-Kendall 2013-12-16 Inspiring story of how a New Zealand woman, four-time Olympic windsurfing champion got to the top - and stayed there. Barbara Kendall is one of New Zealand's most successful Olympians and also one of its best-loved athletes. In 2008 she went to her fifth Olympics, having previously won gold at the Barcelona Olympics, silver at Atlanta and bronze at Sydney. Barbara won her first world championship title at the age of 20 and dominated the world windsurfing rankings for the past 21 years. A role model for all New Zealanders, she now has two children as well as being a professional athlete and working for her sponsors. In addition, she travels New Zealand giving motivational speaking presentations, or works overseas in her role with the Athletes' Commission of the International Olympic Committee. Windsurfing is an exciting but challenging sport, and Barbara's years of experience in racing and tactics, and her knowledge of weather conditions and windsurfing equipment play a big part in her success. But the most important factor of all is her desire and drive to win, and managing the psychology of winning has been her biggest challenge.

The Juggling Act Peggy Edwards 2011-05-18 After Peggy Edwards, Miroslava Lhotsky, and Judy Turner published their highly successful first book, *The Healthy Boomer: A No-Nonsense Guide to Midlife Health for Women and Men*, they embarked on a series of workshops with health professionals and men and women in midlife. Like them, the participants often found it almost impossible to juggle the responsibilities of midlife and still find time and energy for themselves. Translating the principles of balance and good health into daily action is difficult, and the authors knew from their seminars that participants were always pleased to hear stories of struggle and success from others. It made sense, they concluded, to ask Boomers themselves the best ways to manage midlife. To get a sense of common issues in midlife and possible coping strategies, they sent out a questionnaire and conducted telephone interviews to draw out more in-depth ideas. The results are found in this book, a collection of anecdotes, quotes, and wisdom from Boomers themselves. In midlife, we start to get in touch with the fact that our time on earth will not last forever and is precious. This book provides a variety of ways of looking at this fact and of thinking about the choices ahead. There are motivating stories from Boomers (some, such as Pamela Wallin, known to many), brief updates from the scientific world, and interesting tidbits of information from the survey.

Top Dog Jeroen Schipper 2015-03-31 TOP DOG is a collection of bright new songs for children, which will invite and encourage them to delight in singing, wherever they are: at home or travelling, at camp or in the classroom. Children love the way these songs appeal to their own close concerns, both the everyday and the imaginative ones. This book is also an engaging source for everyone concerned with the musical development of children. Part of this development involves being able to listen to one another and to oneself. The TOP DOG songs encourage this, with alternating parts, solos, echo responses and more. The melodies and rhythms bear the influence of various cultures, and so enhance the children's appreciation of the richness and diversity of world music. All the songs as well as the instrumental versions can be downloaded from www.topdogsongs.nl

of Oz (1900) has served as the basis for some of the most popular musicals on stage and screen. In this book, musical theater scholar Ryan Bunch draws on his personal experience as an Oz fan to explore how a story that has been hailed as "the American fairy tale" serves as a guide for thinking about the art form of the American musical and how both reveal American identity to be a utopian performance. Show by show, Bunch highlights the forms and conventions of each musical work as practiced in its time and context—such as the turn-of-the-century extravaganza, the classical Hollywood film musical, the Black Broadway musical of the 1970s, and the twenty-first-century mega-musical. He then shows how the journey of each show teaches participants and audiences something about how to act American within contested frameworks of race, gender, sexuality, age, and embodiment. Bunch also explores home theatricals, make-believe play, school musicals, Oz-themed environments, and community events as sites where the performance of the American fairy tale brings home and utopia into contact through the conventions of the musical. Using close readings of the various Oz shows, personal reflections, and interviews with fans, audiences, and performers, Bunch demonstrates how adapted Oz musicals imply both inclusions and exclusions in the performance of an American utopia.

Broadcast Announcing Worktext Alan Stephenson 2013-02-11 The Broadcast Announcing Worktext provides you with the skills, techniques, and procedures necessary to enter this highly competitive field of broadcast performance. In addition to the principles of good performance, this book addresses the importance of audience and how to communicate effectively to various groups. Television and radio studio environments, announcer specializations and responsibilities, and developing a broadcast delivery style are just a few of the many topics covered. Factual information is presented in brief, easy-to-digest modules and is enhanced with self-study questions and projects. The self-study provides an immediate check on what you learn, and the projects allow for a practical hands-on application of key concepts in the material. The worktext format, with many real-life examples, combines both traditional teaching and practical experience. A companion CD illustrates techniques and concepts in each chapter with audio and visual examples. This third edition will give you knowledge of other non-traditional forms of announcing, such as online radio announcing, podcast announcing, and other forms of online announcing, such as online shows, clips, and news.

Family Engagement in the Digital Age Chip Donohue 2016-08-12 Family Engagement in the Digital Age: Early Childhood Educators as Media Mentors explores how technology can empower and engage parents, caregivers and families, and the emerging role of media mentors who guide young children and their families in the 21st century. This thought-provoking guide to innovative approaches to family engagement includes Spotlight on Engagement case studies, success stories, best practices, helpful hints for media mentors, and "learn more" resources woven into each chapter to connect the dots between child development, early learning, developmentally appropriate practice, family engagement, media mentorship and digital age technology. In addition, the book is driven by a set of best practices for teaching with technology in early

childhood education that are based on the National Association for the Education of Young Children (NAEYC) and Fred Rogers Center joint position statement on Technology and Interactive Media. Please visit the Companion Website at <http://teccenter.erikson.edu/family-engagement-in-the-digital-age>

Parking Lot Rules & 75 Other Ideas for Raising Amazing Children Tom Sturges 2009-05-19 When Tom Sturges became a father, he wanted to be the greatest father who ever walked the earth. So Sturges asked a lot of questions. He picked up ideas, advice, and tips from parents, grandparents, even rock stars and sports legends—anyone who had unique insights to share. The result is this practical, inspiring rule book for raising healthy, happy, safe, and cherished children. Philosophical, sensible, and empowering, these 76 ideas include such gems as: • Teach your children that they have to follow the “Parking Lot Rules” whenever they are in (you guessed it) a parking lot. They must stay close. There is to be no trailing behind. No racing ahead. No exceptions. • Let your child feel welcome and loved from the instant he or she walks into a room. “Smile When You See Them,” and leave no doubt that, at that moment, your child is the most important person in your world. • Since parents who yell intimidate, and those who use a calm tone inspire, “When You Get Upset, Whisper”—and make sure your message is heard. • Follow “The Bill Walton Rule”: If you can’t be on time, be early. • When your children accomplish something great in sports, use “The ESPN Rule” by telling the story in intimate detail and filling them with the belief that they can do it again and again. Parking Lot Rules puts a fresh new spin on parenting, in an inspiring handbook full of heart and kindness that will resonate with joy and meaning for parents and children everywhere.

Iranian Diaspora Identities Ziba Shirazi 2020-06-15 Iranian Diaspora Identities: Stories and Songs combines oral history, storytelling, theories of communication, and performance studies into a unique study of an immigrant community. This book is the result of collaborative work between two Iranian-American immigrants, one a musician and artist and the other a professor. Using ethnographic, dramatistic, and oral history approaches, Ziba Shirazi gathered these stories of diaspora journeys of Iranians living in California and Toronto in the aftermath of the Islamic Revolution of 1979. The editors transcribed these stories and developed them into short performance pieces that include lyrics and songs and were performed in the United States and Canada to thousands of people in theater venues and libraries. These stories constitute a unique archive of the history of contemporary Iranian diaspora experiences. They are autobiographic vignettes that have helped constitute an artistic vision of Iranian exiles' own sense of community and their migratory experiences that inform the transformations they experienced in family, gender, and spiritual beliefs. In addition to providing an archive of experiences, the book uses social drama and storytelling to advocate for a new methodology for documenting Iranian diaspora accounts. It constitutes a new contribution to the existing literature on Iranian diaspora and furthers an exciting contribution to scholarship in qualitative research in communication studies.
