**The Letters of Henry James** Henry James 2021-04-10 His recollections of childhood began, surprisingly enough, when he was little more than a year old. In the summer of 1844 the parents carried their two infants, William and Henry, for a visit to Europe, an adventure not altogether lost upon the younger; for he actually retained an impression of Paris, a glimpse of the Place Vendôme, to be the foundation of all his European experience. His earliest American memories were of Albany; but the family were soon established in Fourteenth Street, New York, which was their home for some ten years, a settlement only broken by family visits and summer weeks by the sea. The children's extraordinarily haphazard and promiscuous education went forward under various teachers, their father's erratic rule having apparently but one principle, that they should stay nowhere long enough to receive any formal imprint. To Henry at least their schooling meant nothing whatever but the opportunity of conducting his own education in his own way, and he made the utmost of the easy freedom they enjoyed. He was able to stare and brood to his heart's content, and thus to feed his imagination on the only pasturage it required. In 1855 the whole household migrated to Europe for a visit of three years. This, the grand event of Henry's childhood, was really the determination of his whole career; for he then absorbed, once for all, what he afterwards called the 'European Virus'-the nostalgia for the old world which made it impossible for him to rest in peace elsewhere. All this time was one long draught of romance; though indeed as an initiation into the ways of French and English life it could hardly have been a more incoherent enterprise. True to his law, the head of the household planted the young family in one place only to sweep them away as soon as they might begin to form associations there. The summer of 1855 was spent at Geneva, then the classic spot for the acquisition of the 'languages, ' according to the point of view of New York.

The Storyteller Antonia Michaelis 2012-01-16 The award-winning YA author weaves “an unsettling tapestry of ugly secrets, violence, suspense, twisted motives and love’s unfathomable ways” (Kirkus). Anna and Abel couldn't be more different. They are both seventeen and in their last year of school, but while Anna lives in a nice old town house and comes from a well-to-do family, Abel, the school drug dealer, lives in a grim tower block at the edge of town. Anna naturally keeps her distance from Abel. But when she discovers that he is the only one caring for his six-year-old sister, her fear turns to fascination.

Anna follows the two, listening as Abel tells little Micha the story of a tiny queen assailed by dark forces. It's a beautiful fairy tale that lets Anna see Abel's reality. Unable to make ends meet, he's in danger of losing Micha to their abusive father. Anna gradually falls in love with Abel, but when his "enemies" begin to turn up dead, she fears she has fallen for a murderer. Antonia Michaelis, the Batchelder Honor Award-winning author of *Tiger Moon*, moves in a bold new direction with her latest novel: a dark, haunting, contemporary story that is part mystery, part melodrama, and part dark romance.
