**Engineering and Construction Short Contract** Institution of Civil Engineers Staff 1999 - The Contract - Conditions of Contract

**Develop and Construct** Great Britain. Public Services Agency 1975

**Large Scale Urban Developments** Piotr Lorens 2001

**Engineering and Construction Short Subcontract** 1999 The New Engineering Contract (NEC) is a modern day family of standard contracts that truly embraces the concept of partnership and encourages employers, designers, contractors and project managers to work together to achieve the client's objectives. The First Edition of the Engineering and Construction Short Subcontract has been produced in direct response to industry demand. As a version of the NEC Engineering and Construction Short Contract for its use as a Subcontract it is a simple form using simple English. The contract aims to cut time wasting, avoid disputes on simple subcontracts and will require little management input.

**Greening It** Adrian T. Sobotta 2010 Information Technology is responsible for approximately 2% of the world's emission of greenhouse gases. The IT sector itself contributes to these greenhouse gas emissions, through its massive consumption of energy - and therefore continuously exacerbates the problem. At the same time, however, the IT industry can provide the technological solutions we need to optimise resource use, save energy and reduce greenhouse gas emissions. We call this Greening IT. This book looks into the great potential of greening society with IT - i.e. the potential of IT in transforming our societies into Low-Carbon societies. The book is the result of an internationally collaborative effort by a number of opinion leaders in the field of Greening IT.

**Professional Services Contract** Institution of Civil Engineers (Great Britain) 1998 - Core clauses - Main option clauses - Secondary option clauses - Contract data - Index

Integrated Land Development 1991
