Festival show, but there is a big problem for the competition entrants of the West Wallaby area; hoards of hungry bunnies are roaming the gardens after dark, consuming the precious vegetables. Luckily, Wallace and Gromit (aka Anti-Pesto) have invented the Bunvac', a machine that sucks up the rabbits and stores them in hutches in their basement. But, one night, a strange creature starts to prowl the gardens at night time, terrorizing local people and consuming even more vegetables. Is it just a coincidence, or have Wallace and Gromit managed to create some kind of wererabbit? One thing's for sure, only Wallace and Gromit can save the day (and the vegetables). *Aardman Animations* Annabelle Honess Roe 2020-02-06 The Bristol-based animation company Aardman is best known for its most famous creations Wallace and Gromit and Shaun the Sheep. But despite the quintessentially British aesthetic and tone of its movies, this very British studio continues to enjoy international box office success with movies such as Shaun the Sheep Movie, Flushed Away and Wallace and Gromit: Curse of the Were-Rabbit. Aardman has always been closely linked with one of its key animators, Nick Park, and its stop motion, Plasticine-modelled family films, but it has more recently begun to experiment with modern digital filmmaking effects that either emulate 'Claymation' methods or form a hybrid animation style. This unique volume brings together leading film and animation scholars with children's media/animation professionals to explore the production practices behind Aardman's creativity, its history from its early shorts to contemporary hits, how its films fit within traditions of British animation, social realism and fantasy cinema, the key personalities who have formed its ethos, its representations of 'British-ness' on screen and the implications of traditional animation methods in a digital era.

Steve's burning desire to educate the users of methamphetamines to its dangers, both physical and spiritual, comes from the nightmare experiences of many years of sustained drug use ..."-- Cover by Phillip McClendon.

But how did two teenagers experimenting with animation on an old kitchen table go on to create a world-class studio that conquered Hollywood? This is an intimate, revealing and funny behind-the-scenes story of Aardman, told in their own words by co-founders Peter Lord and David Sproxton and featuring Nick Park. The colourful account follows Peter and David's extraordinary journey from their humble beginnings as penniless students, teaching themselves the craft of animation, and recounts the key moments that defined their

Dazzled by the swan-lined curtains and tennis courts of 'The Lovely Emma', and frankly, by Cutlass Liz's lovely face, the Pirate Captain makes a rash decision and finds himself with a debt of six thousand doubloons, and very little time in which to pay it before the sands of Liz's hourglass run out and he and his crew are gutted like fish.

**From Dry Bones to Living Hope** Missy Buchanan 2021-10-01 Though the shadow side of aging is a reality, author Missy Buchanan brings spiritual light and nourishment to people in the later years of life. Older adults struggle with chronic pain and diminished physical abilities. They contend with losses that pile up like the dry bones in the prophet Ezekiel's vision—the loss of loved ones and friends, the loss of their home and belongings, the loss of independence, and the loss of purpose. In a culture that values youth more than age, older adults often feel forgotten and without purpose. Each chapter of *From Dry Bones to Living Hope* opens with an intimate, prayerful lament to God from the perspective of the older adult who longs for spiritual renewal and purpose. The authentic voice of lament establishes credibility with older readers who yearn for others to empathize with their struggles. The second part of each chapter, "Cultivating Hope," guides them to God's perspective on aging and specific actions they can take that lead to hope and joy.
