A Friend to Nature Laura Knowles 2021-05-04 'This is my pledge, my promise, my vow, Lasting forever, starting now: I'll be a friend to nature.' An illustrated book celebrating the natural world and ways to appreciate it, filled with practical activities and ideas to help wildlife and the environment on your doorstep and worldwide. Starting with a pledge in poetic form, this book is a call to arms for the next generation of peaceful eco warriors. Broken down into sections of activities, each lyrically relates back to the metaphor of being a friend to nature. The activities themselves are short, easy, and fun, with a few more extensive projects mixed in. These are interspersed with nature quotes, poetry, and other thought-provoking musings, as well as pieces of simple non-fiction information, such as the life cycle of a frog, a butterfly, a cross section of a flowering plant, and why you should always wish on a dandelion clock. The final section explores what nature can give back to us in turn; that if we look after the natural world, we will always have a friend in nature - a space to be calm, to pause and think, to recharge, to bring us joy, amusement, and health.

Overground Railroad Candacy A. Taylor 2020-01-07 This historical exploration of the Green Book offers "a fascinating [and] sweeping story of black travel within Jim Crow America across four decades" (The New York Times Book Review). Published from 1936 to 1966, the Green Book was hailed as the "black travel guide to America." At that time, it was very dangerous and difficult for African-Americans to travel because they couldn't eat, sleep, or buy gas at most white-owned businesses. The Green Book listed hotels, restaurants, gas stations, and other businesses that were safe for black travelers. It was a resourceful and innovative solution to a horrific problem. It took courage to be listed in the Green Book, and Overground Railroad celebrates the stories of those who put their names in the book and stood up against segregation. Author Candacy A. Taylor shows the history of the Green Book, how we arrived at our present historical moment, and how far we still have to go when it comes to race relations in America. The Art of Travel Alain De Botton 2008-11-19 Any Baedeker will tell us where we ought to travel, but only Alain de Botton will tell us how and why. With the same intelligence and insouciant charm he brought to *How Proust Can Save Your Life*, de Botton considers the pleasures of anticipation; the allure of the exotic, and the value of noticing everything from a seascape in Barbados to the takeoffs at Heathrow. Even as de Botton takes the reader along on his own peregrinations, he also cites such distinguished fellow-travelers as Baudelaire, Wordsworth, Van Gogh, the biologist Alexander von Humboldt, and the 18th-century eccentric Xavier de Maistre, who catalogued the wonders of his

bedroom. *The Art of Travel* is a wise and utterly original book. Don't leave home without it.

The Jodi Picoult Collection #2 Jodi Picoult 2012-10-23 Perfect Match In the course of her everyday work, career-driven assistant district attorney Nina

Frost prosecutes child molesters and works determinedly to ensure that a legal system with too many loopholes keeps these criminals behind bars. But when her own five-year-old son, Nathaniel, is traumatized by a sexual assault, Nina and her husband, Caleb, a quiet and methodical stone mason, are shattered, ripped apart by an enraging sense of helplessness in the face of a futile justice system that Nina knows all too well. In a heartbeat, Nina's absolute truths and convictions are turned upside down, and she hurtles toward a plan to exact her own justice for her son—no matter the consequence, whatever the sacrifice. *Second Glance* *Second Glance*, an eerie and engrossing work, delves into a virtually unknown chapter of American history—Vermont's eugenics project of the 1920s and 30s—to provide a compelling study of the things that come back to haunt us—literally and figuratively. Do we love across time, or in spite of it? *My Sister's Keeper* *My Sister's Keeper* examines what it means to be a good parent, a good sister, a good person. Is it morally correct to do whatever it takes to save a child's life, even if that means infringing upon the rights of another? Is it worth trying to discover who you really are, if that quest makes you like yourself less? Should you follow your own heart, or let others lead you? Once again, Jodi Picoult tackles a controversial real-life subject with grace, wisdom, and sensitivity.

Far and Away Andrew Solomon 2017-05-23 From the winner of the National Book Award and the National Books Critics' Circle Award—and one of the most original thinkers of our time—“Andrew Solomon's magisterial *Far and Away* collects a quarter-century of soul-shaking essays” (*Vanity Fair*). *Far and Away* chronicles Andrew Solomon's writings about places undergoing seismic shifts—political, cultural, and spiritual. From his stint on the barricades in Moscow in 1991,

when he joined artists in resisting the coup whose failure ended the Soviet Union, his 2002 account of the rebirth of culture in Afghanistan following the fall of the Taliban, his insightful appraisal of a Myanmar seeped in contradictions as it slowly, fitfully pushes toward freedom, and many other stories of profound upheaval, this book provides a unique window onto the very idea of social change. With his signature brilliance and compassion, Solomon demonstrates both how history is altered by individuals, and how personal identities are altered when governments alter. A journalist and essayist of remarkable perception and prescience, Solomon captures the essence of these cultures. Ranging across seven continents and twenty-five years, these “meaty dispatches...are brilliant geopolitical travelogues that also comprise a very personal and reflective resume of the National Book Award winner’s globe-trotting adventures” (Elle). Far and Away takes a magnificent journey into the heart of extraordinarily diverse experiences: “You will not only know the world better after having seen it through Solomon’s eyes, you will also care about it more” (Elizabeth Gilbert).
