Natasha: I'm a girl who believes in science and facts. Not fate. Not destiny. Or dreams that will never come true. **The Ditch** Herman Koch 2019-06-11 The bracing and inventive new novel of suspicions and secrecy from Herman Koch, the New York Times bestselling author of *The Dinner* When Robert Walter, popular mayor of Amsterdam, sees his wife toss her head back with laughter while chatting to one of his aldermen at a New Year's reception, he immediately suspects the worst. Despite their long and happy marriage, Robert is convinced that Sylvia is cheating on him—with the respectable alderman who is dedicated to the environment, no less. The man who wants to spoil the capital's skyline with wind turbines. The New Year's reception marks the end of the "happy family" era that the mayor has enjoyed for so long. His wife and their daughter, Diana, however, are not aware of his suspicions and carry on as usual. Robert starts spending a lot of time and energy "behaving normally." Naturally, his normal behavior is far more suspicious. Normally Robert's not really present when he's at home--he's preoccupied with his phone, the newspapers, and his own thoughts. But now Robert is so sure he'll miss the clues if he doesn't pay attention that he starts to be almost alarmingly attentive and interested--ultimately losing himself in increasingly panicked and paranoid trains of thought. Written with Herman Koch's trademark originality, playfulness, and edge, *The Ditch* is a wildly clever—and guttingly familiar—story of a man whose sadistic skill for undermining himself and his marriage comes to cost him nearly everything. Praise for *The Ditch* "Provocation, life in the spotlight and tasty cuisine are also present and accounted for in Koch's spiky new book, *The Ditch*. . . . Koch again seeks to show the fault lines beneath the surface of ostensibly civilized society."—The New York Times Book Review "Clever, rollicking, and intense . . . an unreliable tale for the ages."—Vanity Fair "Koch has crafted a pitch-perfect tone for a man consumed by jealousy. . . . A shadowy tale of the power of projection."—Kirkus Reviews "A compelling exploration by a master stylist of what jealousy and distrust can do even to a solid relationship."—Booklist

Verloren zonsondergangen Guido Goossens 2004 Along with Fassbinder and Wenders, Hans Jürgen Syberberg (1935-), has been a figurehead of the New German Cinema. A filmmaker, theatre director and video artist, Syberberg soon found international resonance, even outside the circle of film critics. In the 1990s, he openly declared his political leanings and since then he has been seen as a pioneer of the New Right in Germany. Lost Sunsets explores the roots of Syberberg's politics and the artistic evolution of his art. Goossens traces his intellectual and artistic origins to his childhood in the Pomeranian village and

later in the Stalinist East Germany. Did the James Joyce of the New German Cinema indeed turn sharply to the right in the 1990s? Or were the German critics right all along when they suggested that his work in the 70s was a symptom of a swing to the right? This book is not only an intellectual biography of an artist and a New Right publicist, but also an outline of the cultural history of the German Left, from the Expressionist debate before the Second World War to the 'What's right, what's left?' debate of the 90's.

The Book of Strange New Things is a wildly original tale of adventure, faith and the ties that might hold two people together when they are worlds apart. This momentous novel from the author of *The Crimson Petal* and *the White* sees Faber at his expectation-defying best.
