Botanical Style Selina Lake 2023-05-09 In Botanical Style, popular stylist and bestselling author Selina Lake shows how to tap into the current trend for bringing nature, plants, and florals into the heart of the home. The first chapter, Botanical Inspirations, sets out the ingredients of the look—antique botanical prints and artworks, flower stalls, potting sheds, and houseplants—as sources of fresh ideas to transform your home. Moving on, Selina explores five different facets of the style. Vintage Botanicals celebrates the gentle palette of floral watercolors and pressed flowers, while Boho Botanicals has a free-spirited 1970s vibe, with jungly potted plants and flower garlands. The varied textures and contemporary appeal of Industrial Botanicals give it a modern edge, combining polished concrete, rusted metal, and laboratory glass with peeling paint and vintage science posters. Next, Natural Botanicals is based around antique prints and museum specimen cases for a nostalgic feel while Tropical Botanicals features bold leafy motifs, cacti, and palm trees for a glamorous retro flavor. Throughout the book, Selina's DIY Makes and Style Tips provide a wealth of suggestions for how to recreate the textures, tones, and ambience of botanical style at home.

The Adventure of the Blue Carbuncle Sir Arthur Conan Doyle 2016-08-31 Sherlock Holmes, the world's "only unofficial consulting detective", was first introduced to readers in A Study in Scarlet published by Sir Arthur Conan Doyle in 1887. It was with the publication of The Adventures of Sherlock Holmes, however, that the master sleuth grew tremendously in popularity, later to become one of the most beloved literary characters of all time. In this book series, the short stories comprising The Adventures of Sherlock Holmes have been amusingly illustrated using only Lego® brand minifigures and bricks. The illustrations recreate, through custom designed Lego models, the composition of the black and white drawings by Sidney Paget that accompanied the original publication of these adventures appearing in The Strand Magazine from July 1891 to June 1892. Paget's iconic illustrations are largely responsible for the popular image of Sherlock Holmes, including his deerstalker cap and Inverness cape, details never mentioned in the writings of Conan Doyle. This uniquely illustrated collection, which features some of the most famous and enjoyable cases investigated by Sherlock Holmes and his devoted friend and biographer Dr. John H. Watson, including A Sandal in Bohemia and The Red-Headed League, is sure to delight Lego enthusiasts, as well as fans of the Great Detective, both old and new. In this story Sherlock Holmes and Dr. Watson investigate the curious discovery of a blue carbuncle in the crop of a Christmas goose abandoned by a man during a scuffle with some street ruffians. Holmes makes a series of deductions concerning the owner of a tattered old hat recovered along with the goose and thus sets out on the trail of the audacious thief who stole the precious stone five days previously.

Sewing Secrets 2017 "Sewing secrets is a limited edition artists' book that explores personal sewing-related experiences. Sewing is part of our heritage and throughout history there has been an expectation that every girl should be taught the necessary sewing skills to enable her to run a successful home. These skills would either be passed down from mother or grandmother, or taught at school as part of home economics or needlecraft classes. This publication offers memories of sewing traditions, guilty

pleasures and the odd act of rebellion, all of which highlight our relationship with needle and thread. The book is formed of 12 dress pattern envelopes that are zig-zagged stitched together; within each 'envelope' is an individually typed story illustrated using collage and letterpress" - from the-case.co.uk website.

Treasure Basket Explorations Laura Wilhelm 2017 For the littlest learners, everything is an activity--feeling a rock, trying to lick a bubble, smelling a flower, or poking sand. In *Treasure-Basket Explorations: Heuristic Learning for Infants and Toddlers*, teachers and caregivers of infants and toddlers will learn how these simple explorations support cognitive and vocabulary development. Grounded in the theory of early education pioneer Elinor Goldschmied, the book explains heuristic learning--discovery by trial and error--and how to encourage this type of learning to boost development. Teachers will learn how to set up treasure baskets that encourage heuristic play: containers filled with easy-to-find items that support explorations in emergent language, math, and science skills. Encourage children to discover the sounds that a metal cup makes when banged on the floor. Invite them to feel the velvety texture of soft fabric or the bumpiness of a loofah sponge. Let them explore what a wooden ring and a cotton handkerchief can do together. Through his explorations, the child is answering some fundamental questions: What is this and what can I do with it? Later, he will add to his knowledge: What else can this do and what can this become? This is cognitive development in action!

Going to the Mountain Ndaba Mandela 2018-06-26 The first-ever book to tell Nelson Mandela's life through the eyes of the grandson who was raised by him, chronicling Ndaba Mandela's life living with, and learning from, one of the greatest leaders and humanitarians the world has ever known. To the rest of the world, Nelson Mandela was a giant: an anti-apartheid revolutionary, a world-renowned humanitarian, and South Africa's first black president. To Ndaba Mandela, he was simply "Granddad." In *Going to the Mountain*, Ndaba tells how he came to live with Mandela shortly after he turned eleven--having met each other only once, years before, when Mandela was imprisoned at Victor Verster Prison--and how the two of them slowly, cautiously built a relationship that would affect both their lives in extraordinary ways. It wasn't an easy transition. Mandela had high expectations for those around him, especially his family, and Ndaba chafed at the strict rules and exacting guidelines in his grandfather's home. But at the same time--through overheard calls from foreign dignitaries as well as the Xhosa folk wisdom that his grandfather shared with him at every opportunity--Ndaba was learning how to be a man. On a scale both personal and epic, Ndaba's extraordinary journey mirrors that of South Africa's coming of age--from the segregated Soweto ghettos into which he was born to the privileged life in which he grew up and the turbulent yet exciting times in which he carries on his grandfather's legacy. *Going to the Mountain* is, in the end, a story about unlocking the power within each of us. It's a cautionary tale about how a child's life can go one way or the other, depending upon the intervention of a caring soul--and about the awesome power of love to serve as a catalyst for change.
