**Vocal Warm-ups** Klaus Heizmann 2019-02-08 What choral conductor or soloist has not looked around for new ideas for warming up the voice? Here are 200 suggestions all at once! And these creative exercises do more than just warm up the voice: they help to relax the body, train the ear and develop an awareness of dynamics and rhythm. "Klaus Heizmann's collection is a wonderful new resource of ideas and techniques: practical, varied, challenging, relaxing and stimulating. I am always looking for new ideas, as I like to use a different set of warm-ups at every rehearsal with my choirs, and I tend to choose specific exercises to suit the repertoire for the day. This collection gives us 200 excellent "tools-of-the-trade"; they are clearly labeled, intelligently set out, well-designed and extremely useful." (Simon Carrington, Director of Choral Activities, New England Conservatory since 2001; Director of Choral Activities, The University of Kansas 1994-2001; Founder and co-director of the King's Singers 1968-1993)

experts Hugh Keyte and Andrew Parrott, this anthology of Christmas carols is the most comprehensive collection ever made, spanning seven centuries of caroling in Britain, continental Europe, and North America. Containing music and text of 201 carols, many in more than one setting, the book is organized in two sections: composed carols, ranging from medieval Gregorian chants to modern compositions, and folk carols, including not only traditional Anglo-American songs but Irish, Welsh, German, Czech, Polish, French, Basque, Catalan, Sicilian, and West Indian songs as well. Each carol is set in four-part harmony, with lyrics in both the original language and English. Accompanying each song are detailed scholarly notes on the history of the carol and on performance of the setting presented. The introduction to the volume offers a general history of carols and caroling, and appendices provide scholarly essays on such topics as fifteenth-century pronunciation, English country and United States primitive traditions, and the revival of the English folk carol. The Oxford Book of Carols, published in 1928, is still one of Oxford's best-loved books among scholars, church choristers, and the vast number of people who enjoy singing carols. This volume is not intended to replace this classic but to supplement it. Reflecting significant developments in musicology over the past sixty years, it embodies a radical reappraisal of the repertory and a fresh approach to it. The wealth of information it contains will make it essential for musicologists and other scholars, while the beauty of the carols themselves will enchant general readers and amateur songsters alike.

The Bible in Music Siobhán Dowling Long 2015-09-03 There have been numerous publications in the last decades on the Bible in literature, film, and art. But until now, no reference work has yet appeared on the Bible as it appears in Western music. In The Bible in Music: A Dictionary of Songs, Works, and More, scholars Siobhán Dowling Long and John F. A. Sawyer correct this gap in Biblical reference literature, providing for the first time a convenient guide to musical interpretations of the Bible. Alongside examples of classical music from the Middle Ages through modern times, Dowling Long and Sawyer also bring attention to the Bible's impact on popular culture with numerous entries on hymns, spirituals, musicals, film music, and contemporary popular music. Each entry contains essential information about the original context of the work (date, composer, etc.) and, where relevant, its afterlife in literature, film, politics, and liturgy. It includes an index of biblical references and an index of biblical names, as well as a detailed timeline that brings to the fore key events, works, and publications, placing them in their historical context. There is also a bibliography, a glossary of technical terms, and an index of artists, authors, and composers. The Bible in Music will fascinate anyone familiar with the Bible, but it is also designed to encourage choirs, musicians, musicologists, lecturers, teachers, and students of music and religious education to discover and perform some less well-known pieces, as well as helping them to listen to familiar music with a fresh awareness of what it is about.
