Our Dogs, Ourselves Alexandra Horowitz 2019-09-03 From Alexandra Horowitz, #1 New York Times bestselling author of *Inside of a Dog*, an eye-opening, informative, and wholly entertaining examination and celebration of the human-canine relationship for the curious dog owner and science-lover alike. We keep dogs and are kept by them. We love dogs and (we assume) we are loved by them. We buy them sweaters, toys, shoes; we are concerned with their social lives, their food, and their health. The story of humans and dogs is thousands of years old but is far from understood. In *Our Dogs, Ourselves*, Alexandra Horowitz explores all aspects of this unique and complex interspecies pairing. As Horowitz considers the current culture of dogdom, she reveals the odd, surprising, and contradictory ways we live with dogs. We celebrate their individuality but breed them for sameness. Despite our deep emotional relationships with dogs, legally they are property to be bought, sold, abandoned, or euthanized as we wish. Even the way we speak to our dogs is at once perplexing and delightful. In thirteen thoughtful and charming chapters, *Our Dogs, Ourselves* affirms our profound affection for this most charismatic of animals—and opens our eyes to the companions at our sides as never before.

Lost and Found Geneen Roth 2011-03-22 The #1 New York Times bestselling author of *Women Food and God* maps a path to meeting one of our greatest challenges-how we deal with money. When Geneen Roth and her husband lost their life savings in the Bernard Madoff debacle, Roth joined the millions of Americans dealing with financial turbulence, uncertainty, and abrupt reversals in their expectations. The resulting shock was the catalyst for her to explore how women's habits and behaviors around money-as with food-can lead to exactly the situations they most want to avoid. Roth identified her own unconscious choices: binge shopping followed by periods of budgetary self-deprivation, "treating" herself in ways that ultimately failed to sustain, and using money as a substitute for love, among others. As she examined the deep sources of these habits, she faced the hard truth about where her "self-protective" financial decisions had led. With irreverent humor and hard-won wisdom, she offers provocative and radical strategies for transforming how we feel and behave about the resources that should, and can, sustain and support our lives.

Hooked Michael Moss 2021-03-02 NEW YORK TIMES BESTSELLER • From the author of *Salt Sugar Fat* comes a “gripping” (The Wall Street Journal) exposé of how the processed food industry exploits our evolutionary instincts, the emotions we associate with food, and legal loopholes in their pursuit of profit over public health. “The processed food industry has managed to avoid being lumped in with Big Tobacco—which is why Michael Moss’s new book is so important.”—Charles Duhigg, author of *The Power of Habit* Everyone knows how hard it can be to maintain a healthy diet. But what if some of the decisions we make about what to eat are beyond our control? Is it possible that food is addictive, like drugs or alcohol? And to what extent does the food industry know, or care, about these vulnerabilities? In *Hooked*, Pulitzer Prize–winning investigative reporter Michael Moss sets out to answer these questions—and to find the true peril in our food. Moss uses the latest research on addiction to uncover what the scientific and medical communities—as well as food manufacturers—already know: that food, in some cases, is even more addictive than alcohol, cigarettes, and drugs. Our bodies are hardwired for sweets, so food giants have developed fifty-six types of sugar to add to their products, creating in us the expectation that everything should be cloying; we’ve evolved to prefer fast, convenient meals, hence our modern-day preference for ready-to-eat foods. Moss goes on to show how the processed food industry—including major companies like Nestlé, Mars, and Kellogg’s—has tried not only to evade this troubling discovery about the addictiveness of food but to actually exploit it. For instance, in response to recent dieting trends, food manufacturers have simply turned junk food into junk diets, filling grocery stores with “diet” foods that are hardly distinguishable from the products that got us into trouble in the first place. As obesity rates continue to climb, manufacturers are now claiming to add ingredients that can effortlessly cure our compulsive eating habits. A gripping account of the legal battles, insidious marketing campaigns, and cutting-edge food science that have brought us to our current public health crisis, *Hooked* lays out all that the food industry is doing to exploit and deepen our addictions, and shows us why what we eat has never mattered more.

In the Early Times Tad Friend 2022-05-10 In this “dazzling” (John Irving) memoir, acclaimed New Yorker staff writer Tad Friend reflects on the pressures of middle age, exploring his relationship with his dying father as he raises two children of his own. “How often does a memoir build to a stomach-churning, I-can’t-breathe climax in its final pages? . . . Brilliant, intensely moving.”—William Finnegan, Pulitzer Prize-winning author of *Barbarian Days* Almost everyone yearns to know their parents more thoroughly before they die, to solve some of those lifelong mysteries. Maybe, just maybe, those answers will help you live your own life. But life doesn't stop to wait. In his fifties, New Yorker writer Tad Friend is grappling with being a husband and a father as he tries to grasp who he is as a son. Torn between two families, he careens between two stages in life. On some days he feels vigorous, on the brink of greatness when he plays tournament squash. On others, he feels distinctly weary, troubled by his distance from millennial sensibilities or by his own face in the mirror, by a grimace that's so like his father's. His father, an erudite historian and the former president of Swarthmore College, has long been gregarious and charming with strangers yet cerebral with his children. Tad writes that “trying to reach him always felt like ice fishing.” Yet now Tad's father, known to his family as Day, seems concerned chiefly with the flavor of ice cream in his bowl and, when pushed, interested only in reconsidering his view of Franklin Roosevelt. Then Tad finds his father's journal, a trove of passionate confessions that reveals a man entirely different from the exasperatingly logical father Day was so determined to be. It turns out that Tad has been self-destructing in the same way Day has—a secret each has kept from everyone, even themselves. These discoveries make Tad reconsider his own role, as a father, as a husband, and as a son. But is it too late for both of them? Witty, searching, and profound, *In the Early Times* is an enduring meditation on the shifting tides of memory and the unsteady pillars on which every family rests.

When Food Is Love Geneen Roth 1992-07-01 #1 New York Times bestselling author of *Women Food and God* “A life-changing book.”—Oprah In this moving and intimate book, Geneen Roth, bestselling author of *Feeding the Hungry Heart* and *Breaking Free from Compulsive Eating*, shows how dieting and emotional eating often become a substitute for intimacy. Drawing on her own painful personal experiences, as well as the candid stories of those she has helped in her seminars, Roth examines the crucial issues that surround emotional eating: need for control, dependency on melodrama, desire for what is forbidden, and the belief that one wrong

move can mean catastrophe. She shows why many people overeat in an attempt to satisfy their emotional hunger, and why weight loss frequently just uncovers a new set of problems. But her welcome message is that change is possible. This book will help readers break destructive, self-perpetuating patterns and learn to satisfy all the hungers—physical and emotional—that make us human.

Crying in H Mart Michelle Zauner 2021-04-20 NEW YORK TIMES BEST SELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—"in losing her mother and cooking to bring her back to life, Zauner became herself" (NPR) • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BEST SELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations

of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

The Food Of Love Anthony Capella 2011-11-24 Laura Patterson is an American exchange student in Rome who, fed up with being inexpertly groped by her young Italian beaux, decides there's only one sure-fire way to find a sensual man: date a chef. Then she meets Tomasso, who's handsome, young -- and cooks in the exclusive Templi restaurant. Perfect. Except, unbeknownst to Laura, Tomasso is in fact only a waiter at Templi -- it's his shy friend Bruno who is the chef. But Tomasso is the one who knows how to get the girls, and when Laura comes to dinner he persuades Bruno to help him with the charade. It works: the meal is a sensual feast, Laura is utterly seduced and Tomasso falls in lust. But it is Bruno, the real chef who has secretly

prepared every dish Laura has eaten, who falls deeply and unrequitedly in love. A delicious tale of Cyrano de Bergerac-style culinary seduction, but with sensual recipes instead of love poems.

The Prophets Robert Jones, Jr. 2022-02-08 Best Book of the Year NPR • The Washington Post • Boston Globe • TIME • USA Today • Entertainment Weekly • Real Simple • Parade • Buzzfeed • Electric Literature • LitHub • BookRiot • PopSugar • Goop • Library Journal • BookBub • KCRW • Finalist for the National Book Award • One of the New York Times Notable Books of the Year • One of the New York Times Best Historical Fiction of the Year • Instant New York Times Bestseller A singular and stunning debut novel about the forbidden union between two enslaved young men on a Deep South plantation, the refuge they find in each other, and a betrayal that threatens their existence. Isaiah was Samuel's and Samuel was Isaiah's. That was the way it was since the beginning, and the way it was to be until the end. In the barn they tended to the animals, but also to each other, transforming the hollowed-out shed into a place of human refuge, a source of intimacy and hope in a world ruled by vicious masters. But when an older man—a fellow slave—seeks to gain favor by preaching the master's gospel on the plantation, the enslaved begin to turn on their own. Isaiah and Samuel's love, which was once so simple, is seen as sinful and a clear danger to the plantation's harmony. With a lyricism reminiscent of Toni Morrison, Robert Jones, Jr., fiercely summons the voices of slaver and enslaved alike, from Isaiah and Samuel to the calculating slave master to the long line of women that surround them, women who have carried the soul of the plantation on their shoulders. As tensions build and the weight of centuries—of ancestors and future generations to come—culminates in a climactic reckoning, *The Prophets* fearlessly reveals the pain and suffering of inheritance, but is also shot through with hope, beauty, and truth, portraying the enormous, heroic power of love.

In Love Amy Bloom 2022-03-08 NEW YORK TIMES BESTSELLER • A powerful memoir of a love that

leads two people to find a courageous way to part—and a woman’s struggle to go forward in the face of loss—that “enriches the reader’s life with urgency and gratitude” (The Washington Post) “A pleasure to read . . . Rarely has a memoir about death been so full of life. . . . Bloom has a talent for mixing the prosaic and profound, the slapstick and the serious.”—USA Today ONE OF THE BEST BOOKS OF THE YEAR: NPR

Amy Bloom began to notice changes in her husband, Brian: He retired early from a new job he loved; he withdrew from close friendships; he talked mostly about the past. Suddenly, it seemed there was a glass wall between them, and their long walks and talks stopped. Their world was altered forever when an MRI confirmed what they could no longer ignore: Brian had Alzheimer’s disease. Forced to confront the truth of the diagnosis and its impact on the future he had envisioned, Brian was determined to die on his feet, not live on his knees. Supporting each other in their last journey together, Brian and Amy made the unimaginably difficult and painful decision to go to Dignitas, an organization based in Switzerland that empowers a person to end their own life with dignity and peace. In this heartbreaking and surprising memoir, Bloom sheds light on a part of life we so often shy away from discussing—its ending. Written in Bloom’s captivating, insightful voice and with her trademark wit and candor, *In Love* is an unforgettable portrait of a beautiful marriage, and a boundary-defying love.
