**Leading Arbitrators' Guide to International Arbitration - Third Edition** Lawrence W. Newman 2014-04-01 The Leading Arbitrators' Guide to International Arbitration Third Edition offers thoughtful advice and insights into the world of international arbitration from some of the most prominent and experienced international arbitrators in the world. The contributors are arbitrators from Australia, Belgium, Canada, Chile, Denmark, England, France, Germany, Italy, The Netherlands, Italy, Spain, Sweden, Switzerland and the USA. The contributors offer insights and advice on the way in which international arbitrations are carried out from the point of view of arbitrators reading pleadings and memorials and listening to witnesses and hearing arguments. The authors' discussions are intended to be thoughtful, insightful and useful - and perhaps, occasionally, iconoclastic. As a result, there may be instances in which the authors disagree with one another on certain points. This is to be expected for there are often many routes that can be taken to achieve a result. The book will be useful not only to persons who may serve as arbitrators in internatinoal arbitral proceedings but also to those who may, in their position as advocates, wish to persuade persons -- including, perhaps, the authors.

**The British Union** Paul J. McGinnis 2017-03-02 De Unione Insulae Britannicae (The British Union) is a unique seventeenth-century tract that urged the fusion of the Scottish and English kingdoms into a new British commonwealth with a radically new British identity. Its author, David Hume of Godscroft (1558-c.1630) was a major intellectual figure in Jacobean Scotland and the leading Scottish critic of the anglicizing policies of James VI. The tract was written in two parts. Published in London in 1605, the first part provides a general outline of the imperative of union. The second consists of political and constitutional proposals whereby such a union might be achieved. Its publication was suppressed and it exists only in manuscript. This is the first translation of the tract. Hume's work is breathtakingly contemporary in some of the proposals that it makes; regional assemblies combined with a national parliament, and a call for efforts to inspire the Scottish and English people into a sense of common purpose. The language and ideas of the tract display characteristics of the Renaissance combined with elements that visibly anticipate the Enlightenment. The De Unione offers extraordinary insight into the European intellectual world prior to the rise of romantic nationalism in the early nineteenth century.

Dare to Lead Brené Brown 2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown's new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

**A Sociological Approach to Poetry Translation** Jacob S. D. Blakesley 2018-10-31 This volume provides an in-depth comparative study of translation practices and the role of the poet-translator across different countries and in so doing, demonstrates the need for poetry translation to be extended beyond close reading and situated in context. Drawing on a corpus composed of data from national library catalogues and Worldcat, the book examines translation practices of English-language, French-language, and Italian-language poet-translators through the lens of a broad sociological approach. Chapters 2 through 5 look at national poetic movements, literary markets, and the historical and socio-political contexts of translations, with Chapter 6 offering case studies of prominent and representative poet-translators from each tradition. A comprehensive set of appendices offers readers an opportunity to explore this data in greater detail. Taken together, the volume advocates for the need to study translation data against broader aesthetic, historical, and political trends and will be of particular interest to students and scholars in translation studies and comparative literature.

*Learning to Lead, Leading to Learn* Katie Anderson 2020-07-14 SPECIAL INTRODUCTORY PRICING: Enjoy first-week pricing of \$18.95 on paperback books! Regular retail pricing of \$23.95 becomes effective on July 22nd. It all began with the initial chance meeting of this book's author, Katie Anderson, and the book's subject, Isao Yoshino. She was an American leadership coach and consultant in her mid-career, with a newfound love of Japanese culture. He was an accomplished Japanese people-centered leader at the end of his corporate career, with a lifelong love for American culture and 40 years of inside experience with the Toyota Way. During the next five years, Anderson and Yoshino spent countless hours learning from each other, reflecting on the past, and envisioning the future. The resulting book - written by Anderson and focused on the profound lessons offered by her mentor Yoshino -- is a beautiful, one-of-a-kind tapestry. Much like the weaving of fabric -- where the beginning work is but a glimpse of the final pattern -- this book was created from many layers of intertwined conversations and reflections. If you've ever been mentored -- in business or in life -- by someone whose words, experiences, and perspectives changed you for the better, you know that an entire book of such selfless generosity and deep wisdom could change the world. For today's business professionals -- dedicated to continuous learning and people-centered leadership -- this is that book. *Learning to Lead, Leading to Learn* is a leadership book that defies generational or cultural divides, offering a refreshing, proven perspective for all those who dare to lead. *The Best Leaders Never Lose the Humility for Learning* *Learning to Lead, Leading to Learn* is much more than a collection of Isao Yoshino's personal stories and insights. It's a memorable, entertaining, and poignant way to highlight important leadership lessons, to record pivotal moments in Toyota's history, and to create something to help veteran and aspiring leaders reflect and learn about themselves. Yoshino's experiences help us understand how Toyota intentionally developed the culture of excellence for which it is renowned today, and how one person "learned to lead" so that he could lead with an intention to learn ... every day and in every way. "The only secret to Toyota is its attitude toward learning." -- Isao Yoshino *Let the Past Inform the Future: The Role of Reflection in Leadership* By looking back at the past, we can learn and therefore shape our future. Through each story in this unique and inspiring book, Anderson shares Yoshino's experiences with leadership and learning, and his efforts at self-improvement while empowering others. Through those stories, you'll hear his reflections on what he learned then ... and what he is re-learning now with a different perspective as he looks back at the totality of his career. A must-read for those

*The Feedback Imperative* Anna Carroll 2014-07-08 See faster results through everyday feedback. *The Feedback Imperative: How to Give Everyday Feedback to Speed Up Your Team's Success* reveals the hidden reasons why giving feedback to employees can be so difficult and yet so urgently needed in today's workplace, and provides the definitive steps for overcoming feedback avoidance and taking great leaps forward with employee engagement, retention, and performance. Anna Carroll applies her extensive research and expertise in business consulting and psychology to illustrate how brain science, generational trends, our information economy, limiting beliefs, and organizational culture collide in the new workplace, creating a huge gap between the supply and demand of helpful professional feedback. In her "Seven Steps to Everyday Feedback" and sixteen tools for self-assessment and planning, Carroll provides detailed instructions for leaders to execute a feedback turnaround that will quench their team members' thirst for helpful feedback and build a culture in which employee-to-leader and peer-to-peer feedback are welcome as well.

*How to Lead When You Don't Know Where You're Going* Susan Beaumont 2019-09-17 *How to Lead When You Don't Know Where You're Going* is a book of hope for weary leaders in danger of defining ministry in terms of failure or loss. This book does not attempt to describe where the church is headed; rather, it helps leaders stand firm in a disoriented state, learning from their mistakes and leading despite the confusion.

**Psychological and Transcendental Phenomenology and the Confrontation with Heidegger (1927-1931)** Edmund Husserl 1997-10-31 Thomas Sheehan and Richard E. Palmer The materials translated in the body of this volume date from 1927 through 1931. The Encyclopaedia Britannica Article and the Amsterdam Lectures were written by Edmund Husserl (with a short contribution by Martin Heidegger) between September 1927 and April 1928, and Husserl's marginal notes to *Sein und Zeit* and *Kant und das Problem der Metaphysik* were made between 1927 and 1929. The appendices to this volume contain texts from both Husserl and Heidegger, and date from 1929 through 1931. As a whole these materials not only document Husserl's thinking as he approached retirement and emeritus status (March 31, 1928) but also shed light on the philosophical chasm that was widening at that time between Husserl and his then colleague and protege, Martin Heidegger. 1. The Encyclopaedia Britannica Article Between September and early December 1927, Husserl, under contract, composed an introduction to phenomenology that was to be published in the fourteenth edition of the Encyclopaedia Britannica (1929). Husserl's text went through four versions (which we call Drafts A, B, C, and D) and two editorial condensations by other hands (which we call Drafts E and F). Throughout this volume those five texts as a whole are referred to as "the EB Article" or simply "the Article." Husserl's own final version of the Article, Draft D, was never published of it appeared only in 1962.

**The Leading Facts of New Mexican History** Ralph Emerson Twitchell 1911 Historians have long admired Ralph Emerson Twitchell's "The Leading Facts of New Mexican History," considered the first major history of the state. Put succinctly by former State Historian Robert J. Torrez, Twitchell's work (of which this is one of the first two volumes Sunstone Press is reprinting in its Southwest Heritage Series) has "become the standard by which all subsequent books on New Mexico history are measured." As Twitchell wrote in the preface of his first volume, his goal in writing "The Leading Facts" was to respond to the "pressing need" for a history of New Mexico with a commitment to "accuracy of

statement, simplicity of style, and impartiality of treatment." Ralph Emerson Twitchell was born in Ann Arbor, Michigan, on November 29, 1859. Arriving in New Mexico when he was twenty-three, he immediately became involved in political and civic activities. In 1885 he helped organize a new territorial militia in Santa Fe and saw active duty in western New Mexico. Later appointed judge advocate of the Territorial Militia, he attained the rank of colonel, a title he was proud to use for the rest of his life. By 1893 he was elected the mayor of Santa Fe and, thereafter, district attorney of Santa Fe County. Twitchell probably promoted New Mexico as much as any single New Mexican of his generation. An avid supporter of New Mexico statehood, he argued the territory's case for elevated political status, celebrated its final victory in 1912, and even designed New Mexico's first state flag in 1915. Just as Twitchell's first edition in 1911 helped celebrate New Mexico's entry into statehood in 1912, the newest edition of the text and illustrations, including the "Subscriber's Edition" page of Number 1,156 of 1,500, serves as a tribute to the state's centennial celebration of 2012. In the apt words of an editorial in the "Santa Fe New Mexican" at the time of Twitchell's death in 1925: "As press agent for the best things of New Mexico, her traditions, history, beauty, glamour, scenery, archaeology, and material resources, he was indefatigable and efficient."

Reception Studies and Audiovisual Translation Elena Di Giovanni 2018-06-15 The coming of age of audiovisual translation studies has brought about a much-needed surge of studies focusing on the audience, their comprehension, appreciation or rejection of what reaches them through the medium of translation. Although complex to perform, studies on the reception of translated audiovisual texts offer a uniquely thorough picture of the life and afterlife of these texts. This volume provides a detailed and comprehensive overview of reception studies related to audiovisual translation and accessibility, from a diachronic and synchronic perspective. Focusing on all audiovisual translation techniques and encompassing theoretical and methodological approaches from translation, media and film studies, it aims to become a reference for students and scholars across these fields.

**Start with Why** Simon Sinek 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
