Let Her Fly Ziauddin Yousafzai 2018-11-13 *Let Her Fly* traces the inspirational journey of Malala Yousafzai's father, Ziauddin, from a boy in Shangla to a man who broke with tradition and proves there are many faces of feminism. With humor and sincerity, Yousafzai describes his life before the Talibanization of Mingora, scenes of his sons Khusal and Atal fighting kites on the roof, his progressive partnership with his wife Toor Pekai, and the challenge of raising children in an unfamiliar country. After Malala was shot by the Taliban, the Yousafzai family was completely uprooted from their home in the Swat Valley and forced to start over in the United Kingdom. Now, Ziauddin expresses the complex pain and joy of his return, six years later, to the site of Malala's attack. *Let Her Fly* is an intimate family portrait by the father of one of the most remarkable leaders in the world today. Ziauddin and Toor Pakai have set a singular example for parents who hope to empower their children to make a difference. *Let Her Fly* will resonate with anyone who has ever cared for a child, as Ziauddin Yousafzai shares what he's learned from his children, and what he hopes to teach the world.

We Are Displaced Malala Yousafzai 2019-01-08 In this powerful book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces the people behind

the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, María escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement — first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys — girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person — often a young person — with hopes and dreams. "A stirring and timely book." —New York Times

Factfulness Hans Rosling 2018-04-03 INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." – Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to

respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

Malala Yousafzai in the British Media Amelia Martha Matera 2018-05-15 Essay from the year 2018 in the subject Communications - Media and Politics, Politic Communications, grade: a, University of Malta, language: English, abstract: This paper is an analyse of the research conducted by Rosie Walters, PhD in Politics at the School of Sociology, Politics and International Studies of Bristol. Walters wants to understand how the case of the Pakistani journalist Malala Yousafzai has been presented in the UK newspapers. By using a discursive analysis, Walter finds out an emancipatory discourse about the young activist. Walters` aim is here to understand if this occidental view can tell us something about the West itself. Outcome of this research is an unequal relationship between the United Kingdom and Pakistan, it is a gendered and orientalist discourse which shows interesting (expected or not) "prejudice" of the British media discourse. Aim of this paper is to analyse the methodologies and theories Walters uses and how these help the author to explain the outcome of the research.

Malala Speaks Out Malala Yousafzai 2023-04-04 Malala Yousafzai was denied education when the Taliban took control of her town in Pakistan. She decided to speak up, despite the danger it put her in. Her story is the story of many girls. When Malala was fifteen years old, she was attacked by the Taliban for defending girls' rights to education. She survived and recovered to become a world leader in education rights. In 2014, at the age of seventeen, she was the youngest person to be awarded the Nobel Peace Prize. This is her acceptance speech, in which Malala tells her story — the story of 66 million girls around the world deprived of education. Malala entreats her fellow children to decide to be the last generation “that sees empty classrooms, lost childhoods and wasted potentials.” Her speech is strikingly illustrated and followed by an analysis written by Clara Fons Duocastella that provides context about Malala's early life in Swat Valley, Pakistan, and examines what makes her call to action so powerful. The Speak Out series publishes the most inspiring speeches of our times, then deconstructs them to give young readers a deeper understanding of global issues and the power of language to influence them.
