Bigger Than a Dream Jef Aerts 2020-11-03 People fear death. We don't know how to talk about it, especially to children, and we're afraid to bring it up for fear of making people sadder. Yet children, especially, have questions, and this incredibly gentle and surprisingly light story is full of both comfort and vividly imagined "answers." The first one gives the book its title: A boy hears the voice of his sister calling him one day, a sister he's never met because she died before he was born. The sister in the faded photograph on the wall. So that night he asks his mother what death is like and she tells him, "It's like dreaming, only bigger." That's lovely, but he still has questions, which it turns out his sister can answer! On a dreamy, carefree adventure they ride their bikes together, (not always on the ground), visiting places that were special to her when she was alive. And she talks to him in the older sister, teasing, straightforward, loving way that is exactly what he needs. (It turns out that death is not the only thing that can be Bigger Than a Dream.) Much, much more than bibliotherapy, this is a work of art that speaks with honesty and tenderness about one of life's great mysteries.

**Rock Crystal** Adalbert Stifter 2015-12-15 Seemingly the simplest of stories—a passing anecdote of village life— *Rock Crystal* opens up into a tale of almost unendurable suspense. This jewel-like novella by the writer that Thomas Mann praised as "one of the most extraordinary, the most enigmatic, the most secretly daring and the most strangely gripping narrators in world literature" is among the most unusual, moving, and memorable of Christmas stories. Two children—Conrad and his little sister, Sanna—set out from their village high up in the Alps to visit their grandparents in the neighboring valley. It is the day before Christmas but the weather is mild, though of course night falls early in December and the children are warned not to linger. The grandparents welcome the children with presents and pack them off with kisses. Then snow begins to fall, ever more thickly and steadily. Undaunted, the children press on, only to take a wrong turn. The snow rises higher and higher, time passes: it is deep night when the sky clears and Conrad and Sanna discover themselves out on a glacier, terrifying and beautiful, the heart of the void. Adalbert Stifter's rapt and enigmatic tale, beautifully translated by Elizabeth Mayer and Marianne Moore, explores what can be found between Christmas Eve and Christmas Day—or on any night of the year.

**Mary's Little Donkey** Gunhild Sehlin 2016-09-15 A long time ago in the Holy Land lived a scruffy little donkey who hated hard work. This is a unique version of the traditional nativity story, told from the child-friendly perspective of the little donkey, who grows in confidence and pride as Mary and Joseph place their trust in him. The story ends with the wonder of the birth of Jesus, and the little donkey's promise to keep looking after his new family. Adapted for younger children from Gunhild Sehlin's classic chapter book, this Christmas story is sumptuously illustrated by Hélène Muller, with marvelous details of the Holy Land.

Quality Chess Puzzle Book John Shaw 2009-11-15 When I decided to make a chess puzzle book I had many ideas in mind: The puzzles should be challenging but not so difficult that a chessboard is needed they can be solved on the train, plane or wherever you happen to be when you have a few minutes to spare. The positions should be educational with some instructive point to the solution. I have generally stuck to that, but I also selected many puzzles just because they were fun. The positions are all from fairly recent games, so that the reader will not have seen them before in older puzzle books. John Shaw is a chess grandmaster who has been Scottish Chess Champion three times.
