*Wild Planet* The Natural History Museum 2013-09-01 A collection of arresting images from past years of the Wildlife Photographer of the Year competition—the international showcase for the very best photography featuring natural subjects This beautiful book includes 80 specially selected photographs with extended captions that explain where and how each image was taken. The images include previous winning entries and other highly commended photographs and they feature a wide range of natural subjects—from vivid scenes of animal behavior to breathtaking landscapes—that show just how wonderful, dramatic, and awe-inspiring wildlife on Earth is. The book ties in with a major touring photography exhibition, Wild Planet. A panel from the Wildlife Photographer of the Year competition judge and select the most innovative and imaginative photographic images. The chosen images form an exhibition at the Natural History Museum that tours worldwide throughout the year. The competition is owned by two UK institutions that pride themselves on revealing and championing the diversity of life on Earth: the Natural History Museum and BBC Worldwide.

**Principles of Accounting Volume 1 - Financial Accounting** Mitchell Franklin 2019-04-11 The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well

as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

*A Unique Life at Sea* Captain Peter Skog 2019-09-05 It was a hot fine day in the middle of November 2003 in the very upper part of the mighty Amazon River in Iquitos Peru where I ended up living for 15 years, when I started to write on this autobiography, realizing that my life at sea had been extremely special in every aspect ever since I started at sea 1963 as a barely 16-year young teenager facing some weird events that would shape me for the rest of my future life at sea, and I was longing to see the real world before I die. Though I was not a writer the idea of writing this book emerged in a moment of great sadness in February 2002 In Antarctica when I started to think about how it could be, that I was commanding the 2398-ton The World's First Expedition Cruise Ship MS Explorer [Lindblad Explorer] the "Ship in The Wilderness" and my destination was the Prince Gustav Sound in the Weddell Sea east of the Antarctic Peninsula in the Antarctic wilderness, when one of my passengers standing behind my back suddenly said: "This is really going to make the boys back at the golf club jealous". To write about my own experiences feels kind of strange and from the start I knew that I was incapable of producing a strict biography of all the stunning account of adventures I have had and discoveries we made in those years onboard the Lindblad Explorer in the early 70's as well as on the Explorer.

### **A Wild Life: A Visual Biography of Photographer Michael Nichols (Signed Edition)**

Melissa Harris 2017-06-06 Michael 'Nick' Nichols has for decades created powerful and eloquent images of iconic wildlife species. His vision is to stir the emotions of viewers leading to empathy and conservation. Melissa Harris has provided a sparkling text not just of Nick and his colleagues at work in the field, but one which provides many fascinating insights into the conservation issues related to his photographic quests. Among these are the survival of mountain gorillas during nearly six decades of civil war in their realm, the horrendous elephant slaughter for ivory, and the ethics of trophy hunting, of killing lions for pleasure. This is an illuminating and honest book about some of the world's greatest natural treasures and those who strive to protect them.--George B. Schaller, author of *The Serengeti Lion* and *The Year of the Gorilla* *A Wild Life* is Nichols's story, told with passion and insight by author and photo-editor Melissa Harris. Nichols' story combines a life of adventure, with a conviction about how we can redeem the human race by protecting our wildlife. The book's two central characters are the photographer--who journeys from the American South, via the photographers' co-operative Magnum, to becoming lead wildlife photographer of National Geographic magazine--and the author, who travels with the photographer on assignment in Africa, to gain intimate and deep insight into her subject. Harris's story also draws on meetings with some of the world's leading eco-scientists--including legendary primatologist, Jane Goodall.

**The Photo Ark** Joel Sartore 2017 This lush book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals-especially those that are endangered. His powerful message, conveyed with humor, compassion, and art- to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits- from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the eloquent prose of veteran wildlife writer Douglas Chadwick, this book presents a thought-provoking argument for saving all the species of our planet.

Wildlife Photographer of the Year: Portfolio 29 Rosamund Kidman Cox 2019-10-16 Each year the Wildlife Photographer of the Year exhibition is seen by millions through a global tour and international media coverage. Portfolio 29 displays the full collection of 100 images awarded in the 2019 competition. Selected by an international jury for their artistic merit and originality from over 45,000 entries, they represent the work of over 100 nationalities. Displaying different styles, techniques and ways of seeing, the collection is both a showcase for photographers who specialise in documenting the natural world and a celebration of nature. Each picture is accompanied by the story of how it was taken and what it reveals. The divisions are by subject - whether plants or animals, environment or landscape - and photographic genre, including portraiture, black and white and underwater. There are also special awards for young and up-and-coming photographers and, most important, for environmental and conservation stories, reminding us of our dependence on and conflicting attitudes towards nature.

[Dishonesty is the Second-Best Policy](#) David Mitchell 2019-11-05 \*\* THE NEW BOOK FROM THE AWARD-WINNING COMEDIAN AND WRITER\*\* 'Mitchell is an exceptionally clever, eloquent and spot-on commentator. We should be grateful for him.' Daily Mail David Mitchell's 2014 bestseller *Thinking About It Only Makes It Worse* must really have made people think - because everything's got worse. We've gone from UKIP surge to Brexit shambles, from horsemeat in lasagne to Donald Trump in the White House, from Woolworths going under to all the other shops going under. It's probably socially irresponsible even to try to cheer up. But if you're determined to give it a go, you might enjoy this eclectic collection (or eclection) of David Mitchell's attempts to make light of all that darkness. Scampi, politics, the Olympics, terrorism, exercise, rude street names, inheritance tax, salad cream, proportional representation and farts are all touched upon by Mitchell's unremitting laser of chit-chat, as he negotiates a path between the commercialisation of Christmas and the true spirit of Halloween. Read this book and slightly change your life! 'Mitchell combines breathtaking general knowledge with withering wit.' Guardian
