The Wave Todd Strasser 2013-01-08 This novel dramatizes an incident that took place in a California school in 1969. A teacher creates an experimental movement in his class to help students understand how people could have followed Hitler. The results are astounding. The highly disciplined group, modeled on the principles of the Hitler Youth, has its own salute, chants, and special ways of acting as a unit and sweeps beyond the class and throughout the school, evolving into a society willing to give up freedom for regimentation and blind obedience to their leader. All will learn a lesson that will never be forgotten.

World War 1: A Captivating Guide to the First World War, Including Battle Stories from the Eastern and Western Front and How the Tr Captivating History 2019-01-23 Explore the Captivating History of World War 1 The First World War was one of the most devastating conflicts in our history. The death toll was like nothing experienced before, and it is estimated that over 11 million soldiers were killed, wounded, or went missing, and many of those bodies have never been found. Regardless of how people remember the First World War, and whether or not they romanticize the life of a soldier on the front lines, it is important that the world never forgets this brutal and bloody conflict. The tumult and chaos that remained in the wake of the First World War had far-reaching and devastating consequences, not just for Europe and the survivors of the war, but for the entire world. The ruins of Europe provided a fertile

breeding ground for fierce nationalism, which led to the rise of the Third Reich and allowed the evil of Adolf Hitler to go unchecked for far too long. In *World War 1: A Captivating Guide to the First World War, Including Battle Stories from the Eastern and Western Front and How the Treaty of Versailles in 1919 Impacted the Rise of Nazi Germany*, you will discover topics such as The Fatal Shots That Set the Stage for War The Western Front and the First Battle of Marne War in the Trenches The Eastern Front and the Battle of Tannenberg The Battle of Ypres and the Christmas Truce Second Battle of Ypres and the Introduction of Chemical Warfare Chemical Warfare on the Western Front My Boy Jack, the Very Human Cost of the First World War The Gallipoli Campaign The Battle of Jutland The Decline of the Russian Empire The Battle of Verdun The Battle of the Somme America Joins the War The Final Days of the War and the Treaty of Versailles World Leaders Who Played a Pivotal Role in the First World War And much, much more! Wir Unterdorfkinder Horst Heckendorn 2019-12-17 ...sind Sie auch ein Kind der siebziger-, und Achtzigerjahre? Wenn ja: Herzlichen Glückwunsch! Ein Wunder, dass Sie überlebt haben so ganz ohne Handy, Helmpflicht und Internet. Begleiten Sie mich ein kleines Stück auf meiner ganz persönlichen Zeitreise zurück in eine komplett andere Welt als wir sie heute kennen. Vielleicht erkennen Sie sich sogar an der einen oder anderen Stelle wieder und stellen staunend und mit einem Schmunzeln fest, dass früher nicht unbedingt alles besser aber vieles auf jeden Fall anders war als heute. Ich wünsche Ihnen viel Vergnügen und spannende Unterhaltung mit meinen Geschichten aus einer fast vergessenen Zeit...

Holes Louis Sachar 2011-06-01 #1 NEW YORK TIMES BESTSELLER • NEWBERY MEDAL WINNER • NATIONAL BOOK AWARD WINNER Dig deep in this award-winning, modern classic that will remind readers that adventure is right around the corner--or just under your feet! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment—and redemption. "A smart jigsaw puzzle of a novel." —New York Times *Includes a double bonus: an excerpt from *Small Steps*, the follow-up to *Holes*, as well as an excerpt from the New York Times bestseller *Fuzzy Mud*.

Wireless Automation as an Enabler for the Next Industrial Revolution Muhammad Ali Imran 2020-02-25 Presents the components, challenges, and solutions of wireless automation as enablers for industry 4.0 This timely book introduces the state of the art in industrial automation techniques, concentrating on wireless methods for a variety of applications, ranging from simple smart homes to heavy-duty complex industrial setting with robotics accessibility. It covers a wide range of topics including the industrial revolution enablers, applications, challenges, their possible solutions, and future directions. Wireless Automation as an Enabler for the Next Industrial Revolution opens with an introduction to wireless sensor networks and their applications in various domains, emphasizing industrial wireless networks and their future uses. It then takes a look at life-span extension for sensor networks in the industry, followed by a chapter on multiple access and resource sharing for low latency critical industrial networks. Industrial automation is covered next, as is the subject of ultra reliable low latency communications. Other topics include: self healing in wireless networks; cost efficiency optimization for industrial automation; a non event-based approach for non-intrusive load monitoring; wireless networked control; and caching at the edge in low latency wireless networks. The book finishes with a chapter on the application of terahertz sensing at nano-scale for precision agriculture. Introduces the future evolving dimension in industrial automation and discusses the enablers of the industrial revolution Places particular emphasis on wireless communication techniques which make industrial automation reliable, efficient, and cost-effective Covers many of the associated topics and concepts like robotics, AI, internet-of-things, telesurgery, and remote manufacturing Of great interest to researchers from academia and industry who are looking at the industrial development from various perspectives Wireless Automation as an Enabler for the Next Industrial Revolution is an excellent book for telecom engineers, IoT experts, and industry professionals. It would also greatly benefit researchers, professors, and doctorate and postgraduate students involved in automation and industry 4.0.

World Art and the Legacies of Colonial Violence DanielJ. Rycroft 2017-07-05 How have imperialism and its after-effects impacted patterns of cultural exchange, artistic creativity and historical/curatorial interpretation? *World Art and the Legacies of Colonial Violence* - comprised of ten essays by an international roster of art historians, curators, and anthropologists - forges innovative approaches to post-colonial studies, Indigenous studies, critical heritage studies, and the new museology. This volume probes the degree to which global histories of conflict, coercion and occupation have shaped art historical approaches to intercultural knowledge and representation. These debates are relevant to contemporary artists and scholars of visual, material and museological culture in their attempts to negotiate imperial and colonial legacies. Confronting the aesthetics of Abolition, Fascism and Filipino independence, and re-thinking relationships between colonised and coloniser in Cameroon, North America and East Timor, the collection brings together new readings of Primitivism and Aboriginal art as well. It features discussions of touring exhibitions, popular media, modernist paintings and sculptures, historic photographs, human remains and art installations. In addition to the critical application of phenomenology in a fresh and contemporary manner, the volume's 'world art' perspective nurtures the possibility that intercultural ethics are relevant to the study of art, power and modernity.

Within the Rim (1918) Henry James 2012-12 This early work by Henry James was originally published in 1918 and we are now republishing it with a brand new introductory biography. Henry James was born in New York City in 1843. One of thirteen children, James had an unorthodox early education, switching between schools, private tutors and private reading.. James published his first story, 'A Tragedy of Error', in the Continental Monthly in 1864, when he was twenty years old. In 1876, he emigrated to London, where he remained for the vast majority of the rest of his life, becoming a British citizen in 1915. From this point on, he was a hugely prolific author, eventually producing twenty novels and more than a hundred short stories and novellas, as well as literary criticism, plays and travelogues. Amongst James's most famous works are The Europeans (1878), Daisy Miller (1878), Washington Square (1880), The Bostonians (1886), and one of the most famous ghost stories of all time, The Turn of the Screw (1898). We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

With Eagles to Glory John H Gill 2011-03-28 When Napoleon's Grand Arme'e went to war against the might of the Habsburg empire in 1809, its forces included more than 100,000 allied German troops. From his earliest imperial campaigns, these troops provided played a key role as Napoleon swept from victory to victory and in 1809 their fighting abilities were crucial to the campaign. With Napoleon's French troops depleted and debilitated after the long struggle in the Spanish War, the German troops for the first time played a major combat role in the centre of the battle line. Aiming at a union of German states under French protection to replace the decrepit Holy Roman Empire, Napoleon sought to expand French influence in central Germany at the expense of the Austrian and Prussian monarchies, ensuring France's own security. The campaign Napoleon waged in 1809 was his career watershed. He suffered his first reverse at Aspern. Victory was achieved at Wagram was not the knock-out blow he had envisaged. In this epic work, John Gill presents an unprecedented and comprehensive study of this year of glory for the German soldiers fighting for Napoleon, When combat opened they were in the thick of the action, fighting within French divisions and often without any French support at all. They demonstrated tremendous skill, courage and loyalty.

Women Who Launch Marlene Wagman-Geller 2018-04-15 Finalist Pacific Book Awards 2018: "Find motivation in your career and life with the amazing history of women entrepreneurship, activism, and leadership." –Stylish Southern Mama Women Who Launch is filled with inspiring true stories of women activists, artists, and entrepreneurs who launched some of the most famous companies, brands, and

organizations today and changed the world. It is at once a collection of biographies and a testament of female empowerment. Juliette Gordon Low showed what's good for the goose is good for the gander when she created the Girl Scouts of America. Sarah Josepha Hale—authoress of Mary Had a Little Lamb—convinced Lincoln to launch a national day of thanks, while Anna Jarvis persuaded President Wilson to initiate a day in tribute of mothers. Estée Lauder revolutionized the cosmetics industry. The tradition of these Mothers of Invention continued when, compliments of knitter Krista Suh, the heads of millions were adorned with pink pussy-cat ears in the largest women's march in history. These women who launched prove—in the words of Rosie the Riveter—"We can do it!" In *Women Who Launch*, readers will find: The stories behind renowned companies, brands, and organizations and the diverse women who launched them. Empowering quotes from strong women and those who refused to be kept down. Motivation to all women who want to succeed in their careers, launch companies, and change the world. "These soaring stories will inspire you to live your dreams!" —Becca Anderson, author of *The Book of Awesome Women*

The Design of Material, Organism, and Minds Silke Konsorski-Lang 2010-06-16
Design is eminent throughout different disciplines of science, engineering, humanities, and art. However, within these disciplines, the way in which the term design is understood and applied differs significantly. There still is a profound lack of interdisciplinary research on this issue. The same term is not even guaranteed to carry the same meaning as soon as one crosses over to other disciplines. Therefore, related synergies between disciplines remain largely unexplored and unexploited. This book will address design in the hope of promoting a deeper understanding of it across various disciplines, and to support Design Science as a discipline, which attempts to cover the vast number of currently isolated knowledge sources.

The Spaghetti Detectives Andreas Steinhofel 2011-07-01 1 String of Spaghetti + 2 Friends = A Noodle-Cooking, Crime-Solving Adventure! Sometimes Rico acts a bit odd -- his mom calls him a "proddity" -- but he's GENIUS at noticing little things nobody else does. Like a string of spaghetti stuck to the sidewalk. Or the big buckteeth of that boy in the blue motorcycle helmet. Or the strange behavior of the neighbors in his apartment building. Oscar is a true prodigy, with a high IQ and high anxieties to match. He's the one who wears the blue helmet -- to protect his precious brain! Oscar may have a lot of book smarts, but he needs Rico's help to face his biggest fears. And when other kids mysteriously start going missing, it's up to the two friends to use their noodles, keep track of the clues, and crack the case! Funny, sweet, and just the right amount of scary, THE SPAGHETTI DETECTIVES shows how two opposite, seemingly mismatched kids can put their heads together and be better as a pair.

Global Perspectives on Workers' and Labour Organizations Maurizio Atzeni
2018-04-10 This book broadens the research on the underworld of precarious and not-represented workers, through a selection of original case studies from across the globe written by leading experts. The book unveils the working

conditions affecting this vast labour force that is so important to capital accumulation in the global age. It also helps us to understand the forms and processes of organization that these groups of workers, almost on an everyday basis, put in place to improve their working conditions and lived experiences.
