*Undetected* Dee Henderson 2014-04-29 When asked what he does for a living . . . Commander Mark Bishop is deliberately low-key: "I'm in the Navy." But commanding the ballistic missile submarine USS Nevada, keeping her crew trained and alert during ninety-day submerged patrols, and being prepared to launch weapons on valid presidential orders, carries a burden of command like few other jobs in the military. Mark Bishop is a man who accepts that responsibility, and handles it well. And at a time when tensions are escalating around the Pacific Rim, the Navy is glad to have him. Mark wants someone to come home to after sea patrols. The woman he has in mind is young, with a lovely smile, and very smart. She's a civilian, yet she understands the U.S. Navy culture. And he has a strong sense that life with her would never be boring. But she may be too deep in her work to see the potential in a relationship with him. Gina Gray would love to be married. She has always envisioned her life that way. A breakup she didn't see coming, though, has her focusing all her attention on what she does best--ocean science research. She's on the cusp of a major breakthrough, and she needs Mark Bishop's perspective and help. Because what she told the Navy she's figured out is only the beginning. If she's right, submarine warfare is about to enter a new and dangerous chapter.

*Cold Summer* Gwen Cole 2017-05-02 Today, he's a high school dropout with no future. Tomorrow, he's a soldier in World War II. Kale Jackson has spent years trying to control his time-traveling ability but hasn't had much luck. One day he lives in 1945, fighting in the war as a sharpshooter and helplessly watching soldiers—friends—die. Then the next day, he's back in the present, where WWII has bled into his modern life in the form of PTSD, straining his relationship with his father and the few friends he has left. Every day it becomes harder to hide his battle wounds, both physical and mental, from the past. When the ex-girl-next-door, Harper, moves back to town, thoughts of what could be if only he had a normal life begin to haunt him. Harper reminds him of the person he was before the PTSD, which helps anchor him to the present. With practice, maybe Kale could remain in the present permanently and never step foot on a battlefield again. Maybe he can have the normal life he craves. But then Harper finds Kale's name in a historical article—and he's listed as a casualty of the war. Is Kale's death inevitable? Does this mean that, one of these days, when Kale travels to the past, he may not come back? Kale knows now that he must

learn to control his time-traveling ability to save himself and his chance at a life with Harper. Otherwise, he'll be killed in a time where he doesn't belong by a bullet that was never meant for him.

**Fiction Treasures by Maritime Writers** Gwendolyn Davies 2015-08-13 Though little known today, from 1860 to 1940 Canadian novelists from the Maritime provinces were writing highly successful books which were widely read in Canada, the US, and Britain. Although today only Lucy Maud Montgomery is remembered and read, there were several dozen writers who enjoyed the same level of success and renown. This book brings these authors and their most successful books back into the spotlight of Canadian writing. In 2001, Canadian literature specialist Gwen Davies and Formac publisher James Lorimer set out to republish books by these largely forgotten Maritime authors. Readers can now discover 35 of their novels, all reprinted in Formac's Fiction Treasures series. For each book, series editor Gwen Davies commissioned an introduction by a contemporary scholar who offers a brief biography of the writer and a discussion of the text itself. As Gwen Davies notes, "These introductions not only capture new research in literary biography or publishing history, but also broaden our understanding of regional popular reading tastes from the era of Queen Victoria to the Second World War." This book brings these introductory essays together in a single volume so that readers can discover these writers and get an overview of their best works.
