The New Bandsaw Box Book David Picciuto 2015-09-15 No woodworking project is more fun to make than a box. Requiring little material and offering lots of challenges, making a wooden box results in a satisfyingly functional project that is proudly used and displayed or given as a gift that will be cherished for years. It's no wonder boxes rank as the most popular woodworking project by beginners and advanced craftsman alike. David Picciuto, aka The Drunken Woodworker, is a huge fan of making boxes, especially with his trusty bandsaw. His Bandsaw Box You Tube videos and his Weekly Woodworking Round-up are must see viewing among the woodworking community. In his first book, *The New Bandsaw Box Book: Techniques and Patterns for the Modern Woodworker*, David presents a collection of beautiful boxes that can be easily made with a bandsaw, considered by most woodworkers as the most important, versatile, and easy to use stationary tool in the workshop. Each project is captured in a modern and fresh step-by-step style that makes learning easy while David's engaging manner keeps the information accessible and light. In keeping with the younger, artisan mindset that is infiltrating the woodworking community, David concludes with his "raises a glass" toast that matches the perfect craft beer to compliment the wood and style of each completed project.
