*English Made Easy Volume Two* Jonathan Crichton 2016-03-29 This is a fun and user-friendly way to learn English English Made Easy is a breakthrough in English language learning—imaginatively exploiting how pictures and text can work together to create understanding and help learners learn more productively. It gives beginner English learners easy access to the vocabulary, grammar and functions of English as it is actually used in a comprehensive range of social situations. Self-guided students and classroom learners alike will be delighted by the way they are helped to progress easily from one unit to the next, using a combination of pictures and text to discover for themselves how English works. The pictorial method used in this book is based on a thorough understanding of language structure and how language is successfully learned. The authors are experienced English language teachers with strong backgrounds in language analysis and language learning. English Made Easy, Volume 2 consists of a total of 20 units arranged in groups of five. The first four units presents language and provide learners the opportunities to practice as they learn. The first page of each unit has a list of all the words and phrases to be learned in that unit, together with pronunciation guide. At the end of each unit, an interesting story which uses the language that has just been learned is presented. The fifth unit in each group contains exercises designed to reinforce the language learned in the first four units.

*How to Build a Better Vocabulary* Maxwell Nurnberg 1989-08-01 This is the entrancingly entertaining yet amazingly effective guide that shows you how to know the meaning of words that you have never seen or heard before, learn the history of words so that they come alive for you, master an invaluable and permanent technique of word-viewing within 30 days. This is the one book that makes you love to learn.

**Word Power Easy** Norman Lewis 1982-06-03

**Merriam-Webster's Vocabulary Builder** Mary W. Cornog 1998 The ideal book for people who want to increase their word power. Thorough coverage of 1,200 words and 240 roots while introducing 2,300 words. The Vocabulary Builder is organized by Greek and Latin roots for effective study with nearly 250 new words and roots. Includes quizzes after each root discussion to test progress. A great study aid for students preparing to take standardized tests.

Instant Word Power Norman Lewis 1982 The rapid vocabulary builder created by Norman Lewis, the bestselling author of over 25 books, is a foolproof method of increasing your vocabulary. Without words you cannot communicate, and without communication you cannot survive. This method is the same method you used in early childhood - when you were one year old or younger, you listened. You practiced. You made errors and corrected them. Instant Word Power aims to establish for you those conditions of early childhood, a time when you learned hundreds, even thousands, of new words every year. You learn by saying words. Nothing puts you so quickly at ease, even with a new word, as hearing it over and over again in your own voice. You learn by spelling words. To conquer the spelling of an new word and thus feel as comfortable with it in your writing as in your speech, learn to look at it, critically noting any peculiarities that are caused by its etymology, the derivation of English words from Greek and Latin roots, prefixes and suffixes. In this book you will learn these roots, prefixes, and suffixes to unlock the meanings of thousands of words. Words are symbols of knowledge, the keys to accurate thinking. Knowledge is gained largely through words.

*Improve Your Word Power* Caroline Taggart 2019-07-11 Put your vocabulary skills to the test with this witty and engaging book. *Improve Your Word Power* is primarily a collection of multiple-choice challenges in which the reader is asked to decide which definition of a given word is correct. But it's actually so much more than that. Each topic is themed - from words borrowed from French to words about colours; words from Shakespeare to words that sound alike - and the answers are wonderfully informative and accessible, each giving readers the chance to say 'Gosh! I didn't know that!' even with quite familiar words. Interspersed throughout are boxes that feature odd definitions, confusable words and fun facts that make the language come to life. Written by Sunday Times bestselling author Caroline Taggart, this is a book that is aimed at readers who want to improve their vocabulary for the sheer enjoyment of it - and have fun doing so.

*Meet Captain Cook* Rae Murdie 2014-02-03 "A picture book series about the extraordinary men and women who have shaped Australia's history, including the great explorer, Captain Cook. b> aptain Cook was the first European to discover the eastern coast of Australia. Along with his crew on the HMB Endeavour, Cook set out from England with royal orders to look for signs of the great southern land known as Terra Australis, which they chartered in 1788. rom Ned Kelly to Saint Mary MacKillop; Captain Cook to Douglas Mawson, the Meet ... series of picture books tells the exciting stories of the men and women who have shaped Australia's history."

*The World of Myth* David Adams Leeming 1992-02-27 Hercules, Zeus, Thor, Gilgamesh--these are the figures that leap to mind when we think of myth. But to David Leeming, myths are more than stories of deities and fantastic beings from non-Christian cultures. Myth is at once the most particular and the most universal feature of civilization, representing common concerns that each society voices in its own idiom. Whether an Egyptian story of creation or the big-bang theory of modern physics, myth is metaphor, mirroring our deepest sense of ourselves in relation to existence itself. Now, in *The World of Myth*, Leeming provides a sweeping anthology of myths, ranging from ancient Egypt and Greece to the Polynesian islands and modern science. We read stories of great floods from the ancient Babylonians, Hebrews, Chinese, and Mayans; tales of apocalypse from India, the Norse, Christianity, and modern science; myths of the mother goddess from Native American Hopi culture and James Lovelock's Gaia. Leeming has culled myths from Aztec, Greek, African, Australian Aboriginal, Japanese, Moslem, Hittite, Celtic, Chinese, and Persian cultures, offering one of the most wide-

on October 4, 2022 by guest

ranging collections of what he calls the collective dreams of humanity. More important, he has organized these myths according to a number of themes, comparing and contrasting how various societies have addressed similar concerns, or have told similar stories. In the section on dying gods, for example, both Odin and Jesus sacrifice themselves to renew the world, each dying on a tree. Such traditions, he proposes, may have their roots in societies of the distant past, which would ritually sacrifice their kings to renew the tribe. In *The World of Myth*, David Leeming takes us on a journey "not through a maze of falsehood but through a marvellous world of metaphor," metaphor for "the story of the relationship between the known and the unknown, both around us and within us." Fantastic, tragic, bizarre, sometimes funny, the myths he presents speak of the most fundamental human experience, a part of what Joseph Campbell called "the wonderful song of the soul's high adventure."

*How to Read Better & Faster* N. Lewis 2006-12 "This famous book, used by the U.S. Air Force, Marine Corps, and more than 100 leading universities and colleges, can show you : how to get more out of books, magazines and newspapers ; how to retain more of what you read ; how to glance at a page and absorb the main ideas ; how to complete a light novel in a single sitting ; how to build your reading vocabulary ; how to increase your powers of concentration ; how to knife through masses of reading matter quickly and efficiently ; how to double - or even triple - your reading speed."--Cover.

**Word by Word** Kory Stamper 2017-03-14 "We think of English as a fortress to be defended, but a better analogy is to think of English as a child. We love and nurture it into being, and once it gains gross motor skills, it starts going exactly where we don't want it to go: it heads right for the goddamned electrical sockets." With wit and irreverence, lexicographer Kory Stamper cracks open the obsessive world of dictionary writing, from the agonizing decisions about what to define and how to do it to the knotty questions of ever-changing word usage. Filled with fun facts—for example, the first documented usage of "OMG" was in a letter to Winston Churchill—and Stamper's own stories from the linguistic front lines (including how she became America's foremost "irregardless" apologist, despite loathing the word), *Word by Word* is an endlessly entertaining look at the wonderful complexities and eccentricities of the English language.

*Instant Spelling Power* Norman Lewis 1994-06-01
