Journal of Biblical and Theological Studies, Issue 3.2 Daniel S. Diffey
2018-10-09 The Journal of Biblical and Theological Studies (JBTS) is an academic journal focused on the fields of Bible and Theology from an inter-denominational point of view. The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world. JBTS is concerned with presenting high-level original scholarship in an approachable way. Academic journals are often written by scholars for other scholars. They are technical in nature, assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high-level scholarship and research to both scholars and students, which results in original scholarship that is readable and accessible. As an inter-denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular, we encourage articles and book reviews within the fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy, and Ethics.

Haggai, Zechariah Mark J. Boda 2004 The NIV Application Commentary Series The setting: Jerusalem. Recently returned from Babylonian captivity, the Jews are occupied with personal pursuits while the temple of Yahweh lies in ruins. To the prophets Haggai and Zechariah falls the task of calling God's people to their forgotten priority: rebuilding his house. Heeding prophetic admonition, the people overcome the obstacles that face them and prosper in their work---thanks largely to the vision and encouragement of the prophets. The books of Haggai and Zechariah represent a golden period in Old Testament history, but they are often overlooked. Yet these two minor prophets speak a major message to the church today. It is one that calls us, as a community of faith, to the priority of God's house, and inspires us with glimpses of its future glory. Exploring the links between the Bible and our own times, Mark J. Boda shares perspectives on Haggai and Zechariah that reveal their enduring relevance for our twenty-first-century lives. Most Bible commentaries take us on a one-way trip from our world to the world of the Bible. But they leave us there, assuming that we can somehow make the return journey on our own. They focus on the original meaning of the passage but don't discuss its contemporary application. The information they offer is valuable---but the job is only half done! The NIV Application Commentary Series helps bring both halves of the interpretive task together. This unique, award-winning series shows readers how to bring an ancient message into our present-day context. It explains not only

what the Bible meant but also how it speaks powerfully today. 'This series promises to become an indispensable tool for every pastor and teacher who seeks to make the Bible's timeless message speak to this generation. BILLY GRAHAM Some commentaries build walls that isolate you back in the ancient world. The NIV Application Commentary builds bridges that make the Bible come alive with meaning for contemporary life----and the series does so concisely, clearly, and accurately. No wasted words or academic detours----just solid help and practical truth!' WARREN W. WIERSBE

A Biblical-Theological Introduction to the Old Testament Miles V. Van Pelt 2016-05-31 The Old Testament is not just a collection of disparate stories, each with its own meaning and moral lessons. Rather, it's one cohesive story, tied together by the good news about Israel's coming Messiah, promised from the beginning. Covering each book in the Old Testament, this volume invites readers to teach the Bible from a Reformed, covenantal, and redemptive-historical perspective. Featuring contributions from twelve respected evangelical scholars, this gospel-centered introduction to the Old Testament will help anyone who teaches or studies Scripture to better see the initial outworking of God's plan to redeem the world through Jesus Christ.

Religion and Worldviews L. Philip Barnes 2022-09-21 Religion and Worldviews: The Triumph of the Secular in Religious Education provides the first serious analysis and review of the Commission on Religious Education's proposed worldviews framework for the subject. It argues that religious education has an important contribution to make to the aims of liberal education and examines whether the shift to a worldview framework is capable of overcoming current weaknesses and initiating a new positive direction for the future. Chapters explore the role of worldviews in Religious Education, covering key debates including: Whether there is need for new legislation on RE The nature of professionalism and the role of 'experts' The extent to which there is educational value in study of the personal worldviews of students The role of the religious voice in RE The relation of religions to religious worldviews The aims of RE The relationship between the state and religion Consideration of the nature of a worldview The personal reflections of a member of the Commission on its proposals. The chapters provide all that is necessary to understand and to evaluate the current debate on the appropriateness of a worldviews approach to RE. Bringing together leading names in the field, this is essential reading for trainee and practising teachers of Religious Education, RE advisers and schools' leaders responsible for curriculum development.

Journal for the Evangelical Study of the Old Testament, 3.2 Stephen J. Andrews 2015-02-10 Journal for the Evangelical Study of the Old Testament (JESOT) is a peer-reviewed journal devoted to the academic and evangelical study of the Old Testament. Sharing Friendship John B. Thomson 2016-03-03 *Sharing Friendship* represents a post-liberal approach to ecclesiology and theology generated out of the history, practices and traditions of the Anglican Church. Drawing on the theological ethics of Stanley Hauerwas, this book explores the way friendship for the stranger emerges from contextually grounded reflection and conversations with contemporary Anglican theologians within the English tradition, including John Milbank, Oliver O'Donovan, Rowan Williams, Daniel Hardy and Anthony Thiselton. Avoiding abstract definitions of character, mission or friendship, John Thomson explores how the history of the English Church reflects a theology of friendship and how discipleship in the New Testament, the performance of worship, and the shape of Anglican ecclesiology are congruent with such a theology. The book concludes by rooting the theme of sharing friendship within the self-emptying kenotic performance of Jesus' mission, and looks at challenges to the character of contemporary Anglican ecclesiology represented by secularization and globalization as well as by arguments over appropriate new initiatives such as Fresh Expressions.

The Theory of Christian Psychology Eva Klostreich 2008-07-17 The Theory of Christian Psychology comes from the worldview that sees humanity as the object of a love relationship with Jesus Christ. Parallel to Buddhist forms of Psychology, The Theory of Christian Psychology meets the worldwide Christian population need for its own Psychology. The Theory of Christian Psychology presents a flexible foundation, addressing personality with full humanity dimension, integrating principles of clinical psychology found in Psychoanalytic Psychodynamic Psychology. Soundly Biblical and non-denominational it focuses on key precepts that bind Christianity together. The Theory of Christian Psychology bridges clinical psychology and theology in an intersection of power accessibility. Psychology has been culture alien to Christianity. I have been asked to leave churches who only need God when they discovered I was a psychologist, and criticized by others, who only need psychology. Sound psychological principles are inherent throughout the Bible. There is no dichotomy necessary. We just need to speak the same language to clearly see the intersection. Issues addressed in The Theory of Christian Psychology carry relevancy for law and education. Her first book, Dr. Klostreich plans to continue to write and speak. She is initiating The Institute for Christian Psychology to offer seminars, training, certification and ongoing research.

Women in Eighteenth Century Europe Margaret Hunt 2014-06-11 Was the century of Voltaire also the century of women? In the eighteenth century changes in the nature of work, family life, sexuality, education, law, religion, politics and warfare radically altered the lives of women. Some of these developments caused immense confusion and suffering; others greatly expanded women's opportunities and worldview - long before the various women's suffrage movements were more than a glimmer on the horizon. This study pays attention to queens as well as commoners; respectable working women as well as prostitutes; women physicists and mathematicians as well as musicians and actresses; feminists as well as their critics. The result is a rich and morally complex tale of conflict and tragedy, but also of achievement. The book deals with many regions and topics often under-represented in general surveys of European women, including coverage of the Balkans and both European Turkey and Anatolia, of Eastern Europe, of European colonial expansion (particularly the slave trade) and of Muslim, Eastern Orthodox, and Jewish women's history. Bringing all of Europe into the narrative of early modern women's history challenges many received assumptions about Europe and women in past times, and provides essential background for dealing with issues of diversity in the Europe of today.

Ezekiel, Daniel Eugene Carpenter 2018-02-06 The Cornerstone Biblical Commentary series provides up-to-date, evangelical scholarship on the Old and New Testaments. Each volume is designed to equip pastors and Christian leaders with exegetical and theological knowledge to better understand and apply God's Word by presenting the message of each passage as well as an overview of other issues surrounding the text. The commentary series has been structured to help readers get at the meaning of Scripture, passage-by-passage, through the entire Bible. The New Living Translation is an authoritative Bible translation, rendered faithfully into today's English from the ancient texts by 90 leading Bible scholars. The NLT's scholarship and clarity breathe life into even the most difficult-to-understand Bible passages—but even more powerful are stories of how people's lives are changing as the words speak directly to their hearts. That's why we call it "The Truth Made Clear." David L. Thompson (Ph.D., The Johns Hopkins University) has written scores of popular and professional articles. His books include *Bible Study That Works* and *God's Healing for Hurting Families*. Dr. Thompson, an ordained elder in The Wesleyan Church, has pastored several churches. Eugene Carpenter (Ph.D., Fuller Theological Seminary) is Scholar in Residence and Professor of Old Testament, Hebrew, and Biblical Theology at Bethel College, Mishawaka, IN. He has authored and contributed to several books including commentaries on Exodus and Deuteronomy.

Wise Church Scot McKnight 2021-03-31 "Wise Church is about rethinking church cultures so they become more of a wisdom culture. The topics vary as widely as church life itself: letter writing as pastoral care, the work life of congregants, evangelism, music, church economics, spiritual formation as the pursuit of wisdom, racial justice, marriage, learning how to teach like Jesus, gospeling like the apostles, and the wise use of social media. These studies are by pastors and scholars pondering wisdom, but more than that, they are pondering the life we all live in a wise way. We and our churches need wisdom, not simply because we live in an ever-changing world, but because the God we worship is himself wise. Wise church cultures reflect the wisdom of God back into the world, a world looking for wisdom." With contributions from: Jeff Bannman Jeremy Berg Brandon Evans Pete Goodman David Johnston Ernest F. Kingdom Prologue Meredith G. Kline 2006-02-01 As intimated by the subtitle, 'Genesis Foundations for a Covenantal Worldview', the immediate literary focus of this study is the book of Genesis and its account of the formative ages in the eschatological movement of the kingdom of God from creation to consummation. As also indicated by the subtitle, our biblical-theological commentary on Genesis is designed to uncover the foundations of God's covenantally administered kingdom with its major historical developments and its institutional structures and functions. In this way 'Kingdom Prologue' seeks to provide an introductory sketch of the overall shape of the biblical worldview and the character of biblical religion.

Handbook of Nuclear Proliferation Harsh V Pant 2012-02-27 The chapters of this proposed volume are intended to shed light on the diverse themes surrounding this very important issue area in international security. Each of the six major sections addresses an aspect of nuclear proliferation that will be critical in determining the future trajectory of global politics in the years to come. The first section examines the major thematic issues underlying the contemporary discourse on nuclear proliferation. How do we understand this period in proliferation? What accounts for a taboo on the use of nuclear weapons so far and will it survive? What is the present state of nuclear deterrence models built during the Cold War? What is the relationship between the pursuit of civilian nuclear energy and the risks of proliferation? Why are we witnessing a move away from non-proliferation to counter-proliferation? The second section gives an overview of the evolving nuclear policies of the five established nuclear powers: the USA, Russia, the United Kingdom, France and the People's Republic of China. Section three looks at the three de facto nuclear states: India, Pakistan and Israel. The fourth section examines the three problem areas in the proliferation matrix today - Iran, North Korea and the potent mix of non-state actors and nuclear weapons. The fifth section sheds light on an important issue often ignored during discussions of nuclear proliferation - cases where states have made a deliberate policy choice of either renouncing their nuclear weapons programme, or have decided to remain a threshold state. The cases of South Africa, Egypt and Japan will be the focus of this section. The final section will examine the present state of the global nuclear non-proliferation regime, which most observers agree is currently facing a crisis of credibility. The three pillars of this regime - the Nuclear Non-Proliferation Treaty (NPT), the Comprehensive Test Ban Treaty (CTBT), and the Fissile Material Cut-Off Treaty (FMCT) - will be examined. This is followed by an analysis of the present trends and prospects for US-Russia nuclear arms control. The impact of missile defenses and the US-India civilian nuclear energy co-operation pact will be examined so as to ascertain whether they have weakened or strengthened the global non-proliferation regime. The chapters in this volume aim to document the increasing complexity of the global nuclear proliferation dynamic and the inability of the international community to come to terms with a rapidly changing strategic milieu. The future, in all likelihood, will be very different from the past, and the chapters in this volume will try to develop a framework that may help gain a better understanding of the forces that will shape the nuclear proliferation debate in the years to come. The Unseen Realm Heiser, Michael S. 2015-09-01 In *The Unseen Realm*, Dr. Michael Heiser examines the ancient context of Scripture, explaining how its supernatural worldview can help us grow in our understanding of God. He illuminates intriguing and amazing passages of the Bible that have been hiding in plain sight. You'll find yourself engaged in an enthusiastic pursuit of the truth, resulting in a new appreciation for God's Word. Why wasn't Eve surprised when the serpent spoke to her? How did descendants of the Nephilim survive the

flood? Why did Jacob fuse Yahweh and his Angel together in his prayer? Who are the assembly of divine beings that God presides over? In what way do those beings participate in God's decisions? Why do Peter and Jude promote belief in imprisoned spirits? Why does Paul describe evil spirits in terms of geographical rulership? Who are the "glorious ones" that even angels dare not rebuke? After reading this book, you may never read your Bible the same way again. Endorsements "There is a world referred to in the Scripture that is quite unseen, but also quite present and active. Michael Heiser's *The Unseen Realm* seeks to unmask this world. Heiser shows how important it is to understand this world and appreciate how its contribution helps to make sense of Scripture. The book is clear and well done, treating many ideas and themes that often go unseen themselves. With this book, such themes will no longer be neglected, so read it and discover a new realm for reflection about what Scripture teaches." --Darrell L. Bock, Executive Director for Cultural Engagement, Senior Research Professor of New Testament Studies, Howard G. Hendricks Center for Christian Leadership and Cultural Engagement "'How was it possible that I had never seen that before?' Dr. Heiser's survey of the complex reality of the supernatural world as the Scriptures portray it covers a subject that is strangely sidestepped. No one is going to agree with everything in his book, but the subject deserves careful study, and so does this book." --John Goldingay, David Allan Hubbard Professor of Old Testament, School of Theology, Fuller Theological Seminary "This is a 'big' book in the best sense of the term. It is big in its scope and in its depth of analysis. Michael Heiser is a scholar who knows Scripture intimately in its ancient cultural context. All--scholars, clergy, and laypeople--who read this profound and accessible book will grow in their understanding of both the Old and New Testaments, particularly as their eyes are opened to the Bible's 'unseen world.'" --Tremper Longman III, Robert H. Gundry Professor of Biblical Studies, Westmont College
