Make Your Mess Your Memoir Anna David 2020-06 These days, there's no better business tool than a book. But most people don't know how to write one-or even where to start. Turns out the best place is the messy middle. Anna David knows this more than anyone. When the New York Times bestselling author of seven books got sober and sold a book about her recovery to the biggest publisher in the world, she thought she'd made it. Then she learned the hard way that trying to make a living by selling books to traditional publishers was a cruel joke-and that accepting the unacceptable was no way to live. The publishing industry was ripe for disrupting. But first David had to make a mess and then learn from it. After years of struggle and self-discovery, she ended up not only mentoring and publishing hundreds of bestselling authors but also thriving personally and professionally. Now she's sharing what she's learned-and showing others how to do the same. In this page-turning and useful memoir-meets-manual, David reveals her personal lows (doing cocaine by herself while contemplating suicide), her career lows (a past-his-prime celebrity hurling a phone at her as she wrote his biography) and how her life today wouldn't be possible without those experiences. With deft humor and unique insight, David demonstrates how much early childhood programming can set us up to repeat our own dysfunctional patterns-until we're ready to shift our behavior. The last quarter of the book is a practical guide so that readers can make their own mess into a message-and memoir.

Stay True Hua Hsu 2022-09-27 From the New Yorker staff writer Hua Hsu, a gripping memoir on friendship, grief, the search for self, and the solace that can be found through art. "This book is exquisite and excruciating and I will be thinking about it for years and years to come." —Rachel Kushner, two-time National Book Award finalist and New York Times bestselling author of *The Flamethrowers* and *The Mars Room* In the eyes of eighteen-year-old Hua Hsu, the problem with Ken—with his passion for Dave Matthews, Abercrombie & Fitch, and his fraternity—is that he is exactly like everyone else. Ken, whose Japanese American family has been in the United States for generations, is mainstream; for Hua, the son of Taiwanese immigrants, who makes 'zines and haunts Bay Area record shops, Ken represents all that he defines himself in opposition to. The only thing Hua and Ken have in common is that, however they engage with it, American culture doesn't seem to have a place for either of them. But despite his first impressions, Hua and Ken become friends, a friendship built on late-night conversations over cigarettes, long drives along the California coast, and the successes and humiliations of everyday college life. And then violently, senselessly, Ken is gone, killed in a carjacking, not even three years after the day they first meet. Determined to hold on to all that was left of one of his closest friends—his memories—Hua turned to writing. *Stay True* is the book he's been working on ever since. A coming-of-age story that details both the ordinary and extraordinary, *Stay True* is a bracing memoir about growing up, and about moving through the world in search of meaning and belonging.

Living to Tell the Tale Jane Taylor McDonnell 1998-03-01 "Writing is a second chance at life," writes Jane McDonnell. "I think all writing constitutes an effort to establish our own meaningfulness, even in the midst of sadness and disappointment." In *Living to Tell the Tale*, McDonnell draws on this impulse, as well as on her own experiences as a writer and teacher of memoir, to give us what should become the definitive book on writing "crisis memoirs" and other kinds of personal narrative. She provides specific techniques and advice to help the writer discover his or her inner voice, recognize—and then silence—the inner censor, begin a narrative, and develop it with such aids as photographs and documents. Citing many landmark works such as Maxine Hong Kingston's *The Woman Warrior* and Frank McCourt's *Angela's Ashes*, as well as unpublished writings, McDonnell shows how writers can recreate past experiences through memories, and imaginatively reshape material into the story that needs to be told. Each chapter concludes with exercises to help the writer grapple with particular problems, such as trying to write about experiences that are only partly recalled. McDonnell also offers a list of recommended reading. • Memoirs, such as Mary Karr's *The Liars' Club* (Penguin) have hit bestseller lists nationwide during the past year, and are of great interest to aspiring writers.

The Art of Memoir Mary Karr 2015-09-15 Credited with sparking the current memoir explosion, Mary Karr's The Liars' Club spent more than a year at the top of the New York Times list. She followed with two other smash bestsellers: Cherry and Lit, which were critical hits as well. For thirty years Karr has also taught the form, winning teaching prizes at Syracuse. (The writing program there produced such acclaimed authors as Cheryl Strayed, Keith Gessen, and Koren Zailckas.) In The Art of Memoir, she synthesizes her expertise as professor and therapy patient, writer and spiritual seeker, recovered alcoholic and "black belt sinner," providing a unique window into the mechanics and art of the form that is as irreverent, insightful, and entertaining as her own work in the genre. Anchored by excerpts from her favorite memoirs and anecdotes from fellow writers' experience, The Art of Memoir lays bare Karr's own process. (Plus all those inside stories about how she dealt with family and friends get told—and the dark spaces in her own skull probed in depth.) As she breaks down the key elements of great literary memoir, she breaks open our concepts of memory and identity, and illuminates the cathartic power of reflecting on the past; anybody with an inner life or complicated history, whether writer or reader, will relate. Joining such classics as Stephen King's On Writing and Anne Lamott's Bird by Bird, The Art of Memoir is an elegant and accessible exploration of one of today's most popular literary forms—a tour de force from an accomplished master pulling back the curtain on her craft.

The Situation and the Story Vivian Gornick 2002-10-11 A guide to the art of personal writing, by the author of *Fierce Attachments* and *The End of the Novel of Love* All narrative writing must pull from the raw material of life a tale that will shape experience, transform event, deliver a bit of wisdom. In a story or a novel the "I" who tells this tale can be, and often is, an unreliable narrator but in nonfiction the reader must always be persuaded that the narrator is speaking truth. How does one pull from one's own boring, agitated self the truth-speaker who will tell the story a personal narrative needs to tell? That is the question *The Situation and the Story* asks--and answers. Taking us on a reading tour of some of the best memoirs and essays of the past hundred years, Gornick traces the changing idea of self that has dominated the century, and demonstrates the enduring truth-speaker to be found in the work of writers as diverse as Edmund Gosse, Joan Didion, Oscar Wilde, James Baldwin, or Marguerite Duras. This book, which grew out of fifteen years teaching in MFA programs, is itself a model of the lucid intelligence that has made Gornick one of our most admired writers of nonfiction. In it, she teaches us to write by teaching us how to read: how to recognize truth when we hear it in the writing of others and in our own.

Artful Truths Helena de Bres 2021-09-10 Offers a philosophical perspective on the nature and value of writing a memoir. *Artful Truths* offers a concise guide to the fundamental philosophical questions that arise when writing a literary work about your own life. Bringing a philosopher's perspective to a general audience, Helena de Bres addresses what a memoir is, how the genre relates to fiction, memoirists' responsibilities to their readers and subjects, and the question of why to write a memoir at all. Along the way, she delves into a wide range of philosophical issues, including the nature of the self, the limits of knowledge, the idea of truth, the obligations of friendship, the relationship between morality and art, and the question of what makes a life meaningful. Written in a clear and conversational style, it offers a resource for those who write, teach, and study memoirs, as well as those who love to read them. With a combination of literary and philosophical knowledge, de Bres takes the many challenges directed at memoirists seriously, while ultimately standing in defense of a genre that, for all its perplexities—and maybe partly because of them—continually proves to be both beloved and valuable.

Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in

Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Trump: The Art of the Deal Donald J. Trump 2009-12-23 President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed."—Boston Herald "A chatty, generous, chutzpa-filled autobiography."—New York Post
