Tantric Sex and Menopause Diana Richardson 2018-04-10 A tantric guide to discovering the hidden gifts of menopause • Explains why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy • Details tantric practices and tools to connect with the body's inner intuitive wisdom, remove the "performance pressure" of conventional sex, and set the stage for passion and pleasure to thrive both in the bedroom and beyond • Explores what to expect physically, emotionally, and spiritually, and in relationships As women, we live so closely to the body--through menstruation, pregnancy, birthing, motherhood, and then menopause. Each of these transitions changes a woman in a multitude of ways, most of which are celebrated. Yet menopause often causes women to feel despondent, as if our bodies are broken or deficient, especially when it comes to sex and intimacy. However, as tantric teachers Diana Richardson and Janet McGeever show, menopause has many hidden gifts to offer if we learn to embrace rather than suppress the changes this natural transition brings. Shining the light of tantric intelligence on menopause, the authors reveal how to explore and experience menopause in a radically positive fashion, suffused with a sense of vital awakening and "re-wilding" of a woman's sexuality, creativity, and spirituality. Explaining what to expect physically, emotionally, and spiritually, as well as what it means for relationships, they detail tantric practices and tools to connect with the body's inner intuitive wisdom and heart energies, remove the "performance pressure" of conventional sex, and set the stage for passion and pleasure to thrive both in

the bedroom and beyond. They explain why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy. They explore how, in Tantra, sex is practiced not for the sake of sex itself but as an instrument for going "beyond" sex, for better health, improved relationships, enhanced self-control and emotional balance, and even higher states of consciousness. They also offer many self-help practices, exercises, and meditations to reinforce a positive attitude toward menopause and overcome many of the physical and sexual problems, such as pain, dryness, loss of interest, and loss of libido. Providing a guide for women who are approaching, experiencing, or have gone through menopause, the authors show how a more informed, tantric approach to menopause allows each woman to deepen her trust in the perfect functioning of the female body, embrace her natural sexual response, and reconnect with her inner self.

The Sexual Teachings of the Jade Dragon Hsi Lai 2002-10-01 Reveals how the sexual practices of the Taoist Jade Dragon can help men achieve "immortality" through the enhancement of their sexual prowess. • A companion guide to *The Sexual Teachings of the White Tigress* that focuses on the male side of White Tigress sexual practices. • Reveals the nine Jade Dragon exercises and other Taoist techniques for achieving the elixir of immortality. • Offers physical and spiritual solutions for the sexual issues facing men. Hsi Lai continues the work he began in *The Sexual Teachings of the White Tigress* by exploring more fully the male role in Taoist sexual transformation. As with those of the White Tigress, the techniques of the Jade Dragon are part of a disciplined sexual and spiritual practice. The goal for the Jade Dragon is health, longevity, and immortality through external and internal regimens for the enhancement and accumulation of the Three Treasures of Taoism--ching (sexual and physical energy), qi (breath and vital energy) and shen (spiritual and mental energy). The author presents the nine Jade Dragon exercises that strengthen erections, enlarge the penis, increase semen quantity and quality, prevent premature ejaculations, and enhance sexual energy. He also details herbal remedies for revitalization that address both physical and spiritual sexual components, as well as ancient Taoist breathing and meditative practices and sexual stimulation techniques that amplify sexual intensity in order to create the elixir of immortality. Concluding with the importance of the interactions between and interdependence of White Tigresses and Jade Dragons, Hsi Lai shows the reader how these ancient Taoist secrets can be incorporated into a contemporary lifestyle.

The Sexual Teachings of the White Tigress Hsi Lai 2001-08-01 • Reveals how the sexual practices of the White Tigress can preserve and restore a woman's physical youthfulness and mental energy. • The first modern guide to White Tigress techniques, the only sexual teachings exclusively for women. • Reveals for the first time in English the hidden teachings of immortal Hsi Wang Mu, a White Tigress from 3,000 years ago. • Provides Western medical correlations to substantiate White Tigress practices. White Tigress women undertake disciplined sexual and spiritual practices to maintain their beauty and youthfulness, realize their full feminine potential, and achieve immortality. Revealed here for the first time in English are the secrets of the White Tigress that have all but disappeared from the world. Under the guidance of Madame Lin, the matriarch of a distinguished White Tigress lineage still in existence in Taiwan, Hsi Lai was given the privilege to study these practices and record them from a modern perspective so they will be forever preserved. The vast majority of Taoist texts on alchemy, meditation, and sexuality are directed at male practitioners. The Sexual Teachings of the White Tigress presents traditions that focus on women, traditions that stem from a long line of courtesans and female Taoists. Translations of the ancient teachings from a rare White Tigress manual dating back 3,000 years explain the sexual and spiritual refinement of ching (sexual energy), chi (vital energy), and shen (consciousness)--the Three Treasures of Taoism--the secret to unlocking eternal youthfulness and immortality.

Lingam Massage Michaela Riedl 2010-03-09 A tantric massage practice for awakening and honoring male creative energy and allowing a man conscious, loving contact with his own masculinity • Empowers men to expand and deepen their experience of arousal and sensuality • Demonstrates how deep relaxation is important to a strong and lasting erection • Shows how the lingam connects a man to his dynamic strength while the prostate is linked to his more receptive side Lingam is the Sanskrit word for the male generative organ, the penis. In India, the lingam is revered as an expression of Shiva's clarity, symbolizing the fine sword that differentiates between truth and falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity. Western cultural expectations around sexual "performance" have created sexual difficulties for many men, including erectile dysfunction and premature ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality, including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation.

Sexual Energy Ecstasy David Alan Ramsdale 1991 A Joy of Sex for the New Age, this treasury of Eastern and Western sexual secrets will help couples enjoy the best physical and spiritual relationship possible. Sex and the Intelligence of the Heart Julie McIntyre 2012-04-26 Explores how Nature underlies sexuality and intimacy • Examines how to regain intimacy in our relationships in a way that embraces our hidden wild nature and restores the sacred to our lives • Provides sacred sex and intimacy-building practices for

partners and exercises to reconnect with the intuitive intelligence of the heart, remove our emotional armor, and cultivate a deeper relationship with the Earth • Shows how by healing our relationship with Nature and our sexuality, we move toward healing the whole planet Nature is having sex all the time-- that's one of the reasons we feel so alive when we are immersed in it. Sexuality is essential to the sensation of Nature in your own body, of connecting to the piece of Earth closest to you--your own flesh and bones. Many a couple has been overcome by passion while walking in the woods or on the beach; many a soul has found solace or epiphany in Nature. Living in accordance with Nature depends on you being your true, whole self--a sexual, sensual, erotic, fully alive human being. Exploring the territory of intimacy, sacred sex, and emotional healing as a journey to wholeness, Julie McIntyre examines the sacred relationship between sexuality and the Earth and reveals how to create deep, lasting intimacy with your lover by recapturing the wild, spontaneous, natural sexuality that is your birthright. Detailing the process of moving from your head to the secret garden of your heart, she provides exercises to heal your psyche of old emotional trauma, reconnect with the intuitive intelligence of the heart, and cultivate a deeper relationship with the Earth in order to trust yourself and become vulnerable and open with your lover and thus truly intimate. She shows how there is a direct relationship between our beliefs and values about sex and intimacy and our beliefs and values about the environment and the Earth. She reveals how, by healing our separation from Nature and our sexuality, we can bring the sacred back into our lives, shape our own ecstatic sexual experiences, and move toward healing the whole planet.

Yoni Massage Michaela Riedl 2009-03-02 A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core "Yoni" is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in Yoni Massage are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a "private part" hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

Rooted in Chinese energy medicine, Universal Healing Tao practices, and ancient Taoist traditions from the Yellow Emperor and his three female advisors, these practices honor and celebrate each stage of a woman's life and allow women to awaken their genuine feminine sexuality--receptive, soft, sensitive, intuitive, and creative--rather than the masculine approach that focuses on strength, endurance, and control. The Evolutionary Biology of Human Female Sexuality Randy Thornhill 2008 Research conducted over the last fifteen years has placed in question many of the traditional conclusions about the evolution of human female sexuality. Women have not lost estrus, as earlier researchers thought, but it is simply concealed, resulting in two functionally distinct sexualities with markedly different ends in each phase. At the fertile phase of the cycle, women prefer male traits that may mark superior genetic quality, and at infertile phases, they prefer men willing to invest resources in a mate. Thus, women's peri-ovulatory sexuality functions to obtain a sire of superior genetic quality, and is homologous with estrus in other vertebrates. This model sheds light on male human sexuality as well: men perceive and respond to women's estrus, including by increased mate guarding. Men's response is limited, compared to other vertebrate males, implying coevolutionary history of selection on females to conceal estrus from men and selection on men to detect it. Research indicates that women's concealed estrus is an adaptation to copulate conditionally with men other than the pair-bond partner. Women's sexual ornaments--the estrogen-facilitated features of face and body--are honest signals of individual quality pertaining to future reproductive value.

Exploring the Hidden Power of Female Sexuality Maitreyi D. Piontek 2001-07-01 Exploring the Hidden Power of Female Sexuality inspires women to go to the depths of womanhood to explore the hidden secrets of yin. In a playful way, she encourages women to surrender to the abyss and stillness of their being, where yin is centered. While sexuality is considered to be a fundamental base of health, creativity, and spirituality, and has been used as a main energy source, it has been dominated by the male principle (yang). This comprehensive theoretical and practical introduction to holistic female sexology enables women to understand their own true nature. Piontek includes meditations and exercises geared toward connecting with the well of unlimited strength to liberate from personal and collective conditioning. Bibliography. Index.

Tai Chi Wu Style Mantak Chia 2013-01-22 A guide to the internal martial arts exercises of short-form Wu-Style Tai Chi • Details the 8 core forms of Wu-Style Tai Chi with fully illustrated instructions • Ideal for older practitioners as well as those with health disabilities due to the "small frame" primary stance, slower and smaller movements, and conservation of energy • Explains how Wu Style provides a natural introduction to martial arts boxing • Reveals how Wu Style eases stiffness, relieves back pain, and reduces abdominal fat Following the flow of chi energy, rather than directing it as in traditional Tai Chi, Wu-Style Tai Chi focuses on internal development, seeking to conserve chi energy and gather jin power from the Earth through the tan tien. Centered on a "small frame" stance--that is, feet closer together and arms closer to the body--and a slower progression of movements in solo practice, Wu Style offers a gentle Tai Chi form for beginners and, when practiced with a partner, a grounding introduction to martial

arts boxing and Fa Jin (the discharge of energy for self-defense). The more functional stance, smaller movements, and conservation of internal energy make Wu-Style Tai Chi ideal for older practitioners as well as those with health disabilities. Condensing the 37 movements of Wu Style into 8 core forms, Master Mantak Chia and Andrew Jan illustrate how to build a personal short-form Wu-Style Tai Chi practice. They explain how Wu-Style Tai Chi removes energetic blockages and helps to elongate the tendons, reducing stiffness and allowing the limbs to return to their natural length and full range of motion. Regular practice of Wu Style relieves back pain as well as reducing abdominal fat, the biggest hindrance to longevity. Exploring the martial arts applications of Wu Style, the authors trace its history beginning with founder Wu Chuan-Yu (1834-1902) as well as explain how to apply Wu Style to "Push Hands" (Tui Shou) and Fa Jin. Through mastering the short-form Wu Style detailed in this book, Tai Chi practitioners harness a broad range of health benefits as well as build a solid foundation for learning the complete long-form Wu Style.

Don Juan and the Art of Sexual Energy Marilyn Tunneshende 2001-04-01 • The secret sexual energy practices of Toltec-Mayan shamans revealed at last. • The author studied with don Juan Matus and the same circle of Nagual sorcerers who taught Carlos Castaneda. • Offers specific step-by-step instructions for mastering the ancient sexual techniques that lead to spiritual transformation. Readers of Carlos Castaneda have often complained that his work in ancient Meso-american shamanism never covered sexual practices beyond celibacy. With his death in 1998 it seemed that these practices might never be revealed, but fortunately Marilyn Tunneshende has stepped in. Set against the backdrop of the golden deserts of Sonora, Mexico, Don Juan and the Art of Sexual Energy recounts Tunneshende's initiation into the ancient sexual energy practices of the Toltec-Mayan tradition. Under the tutelage of don Juan Matus, Chon Yakil (whom Castaneda referred to as Don Genaro), and dona Celestina de la Soledad, she learns to

reclaim her feminine power and balance the masculine and feminine forces within herself. At the heart of the book is the mythical Rainbow Serpent: the phallic energy within women, the creative power within men. Each chapter focuses on a particular technique for awakening the serpent and connecting with its energy. Yoni Massage Michaela Riedl 2009-03-02 A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core "Yoni" is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in *Yoni Massage* are designed to allow women to overcome these barriers and

reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a “private part” hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

Tantric Sex for Men Diana Richardson 2010-06-18 A revolutionary approach to male sexuality offers the keys to achieving sexual fulfillment • Teaches how to retain semen for increased vitality and longer lovemaking • Explains the relationship-strengthening benefits of deep, sustained penetration • Includes foreplay approaches and position sequences Fulfilling sex nourishes love, increases vitality, and boosts mental health. Unfortunately, prevailing attitudes about male sexuality and what is good sex work against these innate features by focusing on the excitement of ejaculation as the one and only goal. Using the tantric guidelines they have practiced for more than 25 years, Diana and Michael Richardson show men how to move beyond their preconceptions of sex as a goal-oriented--and often unintentionally stressful--event so they can relax into sex as a meditative union of complementary energies. They explain how retaining semen allows for increased vitality and extended lovemaking sessions and show the relationship-strengthening benefits of deep, sustained penetration. They also explain how to perform soft penetration and how to avoid premature ejaculation. *Tantric Sex for Men* includes tried-and-true foreplay approaches, diagrams of sexual position sequences, ways to increase sexual sensitivity through awareness, and how to have ecstatic experiences through reaching a woman's body on a sexually deeper level. The authors also demonstrate how the sexual organs can be used to heal both men and women physically, emotionally, and spiritually.

Tantric & Kashmiri Massages Michele Larue 2018-07-23 Among the various techniques of self-improvement and caring, I chose Tantric and Kashmiri massages to rediscover my body but also to experience an intensification of my sensations in order to get the most out of life. Nakedness, being touched all over our body enables us to renew with our prepubertal innocence, the innocence of childhood and the happy days when we were discovering tactile pleasure. We feel... alive again As I received various Tantric massages in the course of my research, I tried to conceptualize the different techniques used and the impulse which transmits love through the sense of touch. This led directly to my taking note of what the different Tantric and Kashmiri massages have in common. The 6 full body massage protocols I describe in my book provide a framework for the moves to be performed and transitions to be smoothed out, as well as tips and tricks meant to increase the fluidity of a Tantric massage. You may simply draw your initial inspiration from these and go on to massage freely with an open heart. Tantric & Kashmiri massages includes various solo exercises such as undulatory orbital breathing, chakra balancing, and the Who-Am-I or karsai nei tsang self-massage, as well as a number of easy twosome exercises associated with the Tantra. In an age when we are constantly bombarded with stimuli of every sort, getting in tune with our own sensibility and that of our partners and even renewing contact with the sacred through shamanism or the Tantra will strengthen our sense of rootedness shattered by stress.

Seminal Retention and Higher Consciousness JJ Semple 2015-05-25 Higher consciousness and sexual sublimation (diverting sexual energy to the brain) are inextricably linked in most of the world's meditation methods. So where does seminal retention fit in? Seminal retention techniques can be used by male practitioners who want to continue sexual relations without the deleterious effects linked to ejaculating. While best meditation practices dictate renouncing ejaculation and sexual relations, seminal retention techniques do provide a compromise for males not able or not willing to give up sex. In the East, people have always known about the connection between higher consciousness and what goes on below the waist. *Seminal Retention and Higher Consciousness: The Sexology of Kundalini* explores this

connection, and its sexological implications. First, there's a limited amount of semen in the male body. Neither you, nor I, can change this; it's a biological fact. Second, although you can't replenish what's been lost, you can conserve what's left. Today, it's understandable that young, vital individuals working on kundalini activation techniques want to maintain a normal sex life. Formerly, the only way to avoid the deleterious physiological effects linked to ejaculation was to avoid sex altogether after activating kundalini. That is not acceptable to this generation: The sex drive is too powerful to simply put it on the back burner in favor of abstinence or abstention. Today's seekers want instant gratification, free license to ejaculate at will, at the same time, they pursue higher consciousness. Fortunately, there is a way to reconcile the two, a series of seminal retention techniques I discovered after activating kundalini. But before revealing these secret techniques, let's examine some of the effects various authorities on kundalini had to deal with. First, Gopi Krishna writing in 1977: "At the present time, we can say, that perhaps twice a week to once in two weeks would be a safe measure for indulgence in the sexual act. This is of absolute importance for those who would like to awaken the Serpent Power. "On one occasion, after months of abstention, I prematurely had a contact with my wife. The next moment, because the energy did not come up to feed the brain, I seemed to sink into a pit of horror and terror, so much so that I thought that if nothing happened to save me from this terrible situation, I would die. "People realize these mistakes when they are sixty or seventy years old. There have been many cases in which men of advanced age have repented the folly of their youth." Second, before I mastered retention techniques, I discovered first hand how much the brain needs the elixir and I wrote about it in *Deciphering the Golden Flower One Secret at a Time*: "My head is imploding and the elixir is being summoned to my brain for life support. I curl up in a fetal position. To no avail, my nerves are like an electrical fire searing the very conduits that enclose them and there isn't enough elixir to cool them. Certainly, if I try to lead a normal sex life, I'll simply exhaust my resources. I can feel the elixir waning and, as Gopi Krishna put it, 'a tongue of golden flame searching my stomach for food.'" I learned the hard way, but you don't have to. Not if you take the time to master the techniques discussed in this book. Yes, I suffered bouts of physical pain, like the ones described above, that led me to seek and ultimately find techniques that not only allowed me to continue sexual relations, but also allowed me and my partners to experiment with new pleasures. In ancient times, sex relations and higher consciousness were a no-no. Today, seekers want both. And they can have them...within reason. The biology hasn't changed; Kundalini still needs the energy. But, if you can control the energy as it surges up the spine into the brain and not allow it to flow out, you can navigate the tricky waters between sublimation and ejaculation.

The Alchemy of Sexual Energy Mantak Chia 2009-12-23 Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon Microcosmic Orbit practices discussed in *Healing Light of the Tao*. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.
